### THE COPPER MARKET.

BOSTON, June 9.—Sales of copper

are on a moderate scale, with some business on the basis of 12 3-4 cents for domestic delivery in next two months. Export price is about 12.65 to 12.70 cents alongside steamer at

### New York. Demand all around, however, is not specially active.

The fact that the foreign trend lately has been fairly steady is regarded as a straw indicating gradual absorption of resale metal at distress prices. Further quantities may be thrown over by the speculative coterie who got loaded up with higher price metal several weeks ago, but it is believed in trade quarters that it will be promptly taken off the market by willing buyers on anything like present basis. Domestic consumers display caution in making new commitments. Stocks in melters' hands, however, are being kept down to the safety dimensions, but within next 60 days domestic manufacturers will need new supplies. Exports of copper continue at a high mark. Total shipments from port of New York alone since May 1st amount to 47,017,000 pounds.

### "The Pride of Palomar"

The Majestic Theatre management have scored again in securing the wonderful feature "The Pride of Palomar." A virile story of California with a powerful theme is "The Pride of Palomar," a Cosmopolitan production from Peter B. Kyne's noted novel of the same name, which will be at the Majestic Theatre to-day. The leading roles are portrayed by Marjorie Daw and Forrest Stanley.

The story tells of the struggle of a World War veteran against crushing interests in his native state, the fight centering around the possession of the family ranch, which he finds on his return from overseas service, has all but fallen into the hands of the enemy. Making the story highly dramatic is the fact that the father of the girl whom the young man loves heads the opposing interests.

There is also the great problem for the girl of deciding where she ought to stand in the fight between her father and her sweetheart. She loves both, and her novel way of meeting the situation is thrilling.

The picture has an all star cast and has been well produced by Frank Borzage, who directed "Humoresque." Forrest Stanley and Marjorie Daw have the featured roles, and other important parts are portrayed by James Barrow, Warner Oland and Joseph Dowling.

Forget-Me-Not

on July 1st

July 1st, is the day set apart by Act of Parliament as Commemoration Day. The day when Church and State unite to pay tribute to the memories of Newfoundland's brave and glorious dead. This year it will be upheld in an especial manner; a National Memorial erected by a grateful people will be unveiled by Field Marshal Haig. At the hour of the unveiling it is hoped to have all traffic suspended and every head bowed throughout the Dominion, in commemoration of those gallant gentlemen whose mortal remains are buried in the country where they fell or in some uncharted grave in the sea. To refreshen the mind of the public generally it has been thought advisable to have some outward sign for the occasion, so the G.W.V.A. with its usual foresight in such matters have adopted the idea of wearing a Forget-Me-Not. This small and appropriate floral tribute will be worn by all true Newfoundlanders on Commemoration Day. It cannot fail to bring back the remembrance of those loyal and true citizens of Newfoundland who were not found wanting when the call came. Remember them by standing still for the allotted two minutes, and wear a Forget-Me-Not to show that you appreciate the sacrifice which they were called upon to make. The Organization for the distribution of Forget-Me-Nots has been undertaken by Mrs. W. B. Fraser, P. O. Box 813, St. John's, who is making every effort to ensure that they will be worn by everyone in the Dominion on July 1st.
