British Aviator Has Not Yet Turned up -- First Seizure Under British-American Rum-Running Treaty.

PROHIBITION KILLED BY SASKATCHEWAN.

REGINA, Sask., July 16. Prohibition was killed by the people of Saskatchewan today, and the Saskatchewan Temperance Act was repealed by a vote of 11 to 10, when the majority against prohibition stood at 11 to 10, and as it climbed steadily on the receipt of further returns from the country, the fact no longer was in doubt. Out of a total of 2,581 polls 1,200 had reported they gave the vote in favor of prohibition of 26,585, and against prohibition of 53,657.

U.S. AUTHORITIES SEIZE CANADIAN VESSEL.

BOSTON, July 16. Capt. Arthur Bachman, of Lunenburg, the skipper of the Canadian schooner Frances Louise, which was seized 16 miles off Cape Cod yesterday by coast guard cutter Oasiepe and towed here, was arrested late today charged with conspiracy to import liquor illegally into the United States. Bachman entered a plea of not guilty, and was held in \$500 bonds for hearing tomorrow. The seizure of the Canadian vessel is said to be the first under the new American-British Treaty aimed at prevention of rum-running.

CLASH BETWEEN MOHAMMEDANS AND HINDUS.

DECIDING STATUS OF DOMINION REPRESENTATIVES.

LONDON, July 16. Official information regarding the status of Senator Belcourt of Canada as a representative of the dominion at the International Conference which opened here today is lacking, but it is understood arrangements satisfactory to Canada have not yet been agreed upon. The Daily News says the British government has suggested a panel arrangement, whereby the dominions would be represented at the sessions alternately. Senator Belcourt has been requested to accept this arrangement. Representations are being made by the dominions to the Colonial Office, and in the meantime delegates from the dominions are marking time. Senator Belcourt arrived in London this afternoon.

SASKATCHEWAN VOTES WET.

REGINA, Sask., July 17. By a majority which early today had advanced to 25,000 and promised

to go to thirty thousand, when a thousand unreported polls had been heard from, prohibition was renounced by Saskatchewan yesterday after four years' experience with the Saskatchewan Temperance Act. At the same time the electors expressed preference for straight Government control of the sale of liquor through official vendors as opposed to such control accompanied by licensed beer premises by a majority of 8,835.

EXPLOSION TAKES A HEAVY TOLL.

VOTE OF CENSURE DEFEATED.

OTTAWA, July 17. By a vote of 78 to 20 the House of Commons after an all night sitting, this morning defeated the motion of Andrew Knox, censuring the Government for non-completion of the Hudson Bay Railway. The adoption of the amendment would have meant a vote of confidence in the Government.

FIANCEE SHOOT TO END SUFFERING.

PARIS, July 17. Slowly dying from an incurable malady, Jean Zoznowski, a well known Polish writer, repeatedly begged friends and attendants at the Sanatorium at Ville Joffe, to put an end to his sufferings. Yesterday his fiancée Mile. Stannauslaw Anicusk visited him, and was so overcome at the sight of his agony that she shot him in the head, and he is not expected to recover. Mile. Anicusk was arrested.

NO TRACE AS YET OF MACLAREN.

TOKIO, July 16. Japanese destroyers have not yet found any trace of A. Stuart MacLaren, the British aviator and his companions who left Yotofu Island early yesterday morning.

NO ANXIETY AS YET REGARDING MACLAREN.

Although there has been no news received here up to this p.m. of Stuart MacLaren and party of British aviators flying round the world, since they left Lake Toehimoye at an early hour yesterday morning, no anxiety is felt here as yet for their safety. MacLaren should have completed the flight to Paganassia Island, about 450 miles north of his starting point, by noon yesterday. However, it is believed likely that he landed at some intermediate point in the Kuriles far from radio or other communication with the outside world. Shimushiru Island, where the advance party for his flight laid down fuel and supplies base, is believed the most probable point of his landing.

THE VOLTAIRE CASE.

WASHINGTON, July 17. Charges that hostile foreign shipping interests under the guise of opposition to flag discrimination are moving to attack and ultimately destroy coastwise laws of the United States are made in a memorandum addressed to Secretary Hoover and made public by the Shipping Board. The memorandum was forwarded by the Board in connection with the sailing over a week ago of the Lamport and Holt steamer Voltaire from Philadelphia to Halifax, N.S., and St. John's, Nfld., with 600 Pennsylvania members of the Order of Elks. Instead of proceeding direct to its destination, the Voltaire is alleged to have dropped passengers who were delegates to the Elks Convention to Halifax and St. John's.
