CHEAP SECTION OF LAND

For a few days we can offer one of the finest sections of land in Southern Alberta, about 13 miles from Claresholm, 15 from Stavely and 10 from Camusky. The C.N.R. has surveyed to within one mile of this section. There are 80 acres in spring wheat and preparations are being made to break and fence an additional 100 acres; 70 acres of hay land and a slough of about 40 acres in one corner of the section, all the rest is good wheat land. There is a school just off one corner of this section and adjoining land to the south brought \$25 and \$28 an acre, and all land in this district is being held at from \$25 an acre up. This is a snap at \$25.00 an acre, and \$3,000 will handle.

The Morning Albertan \$3 a Year

TOWN OF STRATHMORE IS GROWING RAPIDLY

Many Business Blocks and Private Dwellings Being Erected This Year

IMMIGRANTS ARE STILL COMING IN

Strathmore Will Have Lively Season of Athletic Sports of Different Kinds

Strathmore, May 11.—Strathmore is still growing. Most of the new stores commenced at the beginning of this year are now finished and occupied. A new store and bakery is at present being erected for Messrs Martin & Evans, and the cellar for the hotel extension, 420 feet long, is excavated and the foundations are being put in. The Canadian Bank of Commerce will commence the erection shortly of a handsome building on Second street, for its own use. Numerous dwelling houses are also springing up.

As an idea of the phenomenal growth of the town it may be mentioned that in the last three months three new restaurants have been opened, and recently a new rooming house with accommodation for a large number of guests, was opened. The hotel and the new rooming house are filled to their utmost capacity nightly and the C. P. R. Irrigation Hall is also housing a large number of settlers.

Activity at Demonstration Farm. At the Demonstration Farm, this year, big improvements will take place, on which a total of \$20,000 will be spent. A new house is to be built for the superintendent, Professor Elliot, a club house built for the use of the workers on the farm, the cow-barn will be doubled in size, and a large sum will be spent on green houses.

A visit to the farm is very instructive just now, when the crops are in the initial stage of development. Rye, alfalfa and wheat are showing green already, and the many young trees planted within the last three years have survived the winter all right.

A patch of strawberries, planted last August has come through the winter without damage, and should yield a good crop this year.

Settlers Coming In

There are still a good number of settlers coming in. Last Monday a party of 76 from England arrived, the majority of whom are taking up the 50-acre ready-made farms.

A big amount is to be done this year in the way of road improvement, and \$2,500 is to be spent on this by the newly formed Local Improvement District Committee.

New Churches to be Built. The Presbyterians and Roman Catholics have decided to build churches in Strathmore at an early date, so that there will soon be four churches in the town.

Rev. Mr. Morris, the New Presbyterian minister, is proving a very capable preacher, and is drawing congregations to every service.

Athletic Sports

The local sports associations are now going into the farming business at Strathmore, and have already a handsome dwelling-house, with barn, garage, etc., erected.

One of the recent arrivals here was Mr. Dr. Evans, a well known Church of England minister, who is intending to take up farming in Alberta, and is on the look out for a good section of land.

Friday and Saturday At MACDONALD'S

Save Two Hours of Dust Cloth Drudgery with Two Cents Worth of No-Mor-Dust

Don't wait to be taught by your neighbors what you can learn for yourself by a simple easy trial. Try it. You can't risk a penny—because you get your money back—a cash forfeit—if it fails.

Think what it means to you—think how much of your work and your strength and your time it will save—if No-mor-dust will really do for YOU what we promise here.

Read again this marvelous test—the test that all your neighbors are talking about.

DUST FIRST—SWEEP AFTERWARD

Dust your piano, your pictures, your mirrors before you sweep, THEN sweep the room with No-mor-dust. Then look at your piano, mirrors and pictures. You will find them free from dust and clean as before you swept.

Your work is going to be lighter. You'll spend less time in drudgery. You'll have more time to rest.

That's what the No-mor-dust test means to YOU. It isn't the sweeping that's so hard, it's the tireless dusting—over and over and over every time you sweep.

This wonderful test proves positively that with No-mor-dust you can sweep without raising any dust.

You can't do that with tea leaves—you can't do that with wet paper—you can't do it with anything else.

But you can do it with No-mor-dust, and we are going to prove it to you with an offer that makes it absolutely impossible for you to lose any money by your trial.

Try it At Our Risk

Get a 15c package of No-mor-dust before you save today.

Try it and if it does not do all that we say we refund your money and the trial will have cost you not one cent.

You can sweep the dirt right out of carpets and rugs with No-mor-dust.

You don't have to break your back taking up and putting down your carpets—you don't have to beat your carpets and rugs to pieces.

That used to be the main part of spring housecleaning—the back-breaking taking up and putting down of carpets.

Renovates Your Carpets

But not any more. Now you do it with No-mor-dust.

Your rugs and carpets lie just where they are. No-mor-dust lifts the dust out of them, freshens their colors and leaves them clean.

Just to see it done will be a revelation to you.

For Any Floors

For linoleum and oilcloth floors No-mor-dust is just as good as it is for wood floors and carpets. It takes the dirt off, gathers up the dust and freshens the colors.

Unhealthy germs are annihilated by No-mor-dust. All dust harbors germs. No-mor-dust does more than pick up the dust and dirt. It kills the germs.

No-mor-dust is pleasant and absolutely harmless. It has great germicide, disinfectant and purifying powers.

No injury of any sort can come to carpets, rugs or any kind of floors by cleaning them with No-mor-dust. No-mor-dust cannot hurt the colors or the texture. It has no injurious chemicals to fade the carpets or stain the floors.

Nothing Else Like It

No-mor-dust is not like anything else you have used before. People who see it work are dumb with amazement.

It does not just "lay" the dust and keep it from rising. It picks up the dust and grit and carries them away.

That is not any exaggeration. That is exactly what No-mor-dust does.

And that is what we are going to prove to you.

No-mor-dust picks up every tiny speck of dust and every grain of dirt—grits and keeps hold.

Used in Office Buildings

Superintendents of big buildings use No-mor-dust because it saves constant dusting and therefore saves labor, which means money. If the building superintendent can

save money in this way, isn't it worth while to save your time and labor? Isn't your labor worth money to you?

If "looks like green sawdust" it comes in a round green box. You don't have to wet it. No-mor-dust is ready to use.

The big 15c box of No-mor-dust is enough for a week in an average size house. It takes all the dust out and it keeps the rooms dustless.

No Trouble to Use

Just spill it out of the box and make a line of No-mor-dust along one side of the room. Then sweep it across the room with an ordinary broom.

When cleaning carpets with No-mor-dust, sweep with the grain of the carpet.

Where to Buy It

If your grocer has not No-mor-dust send a postal to Edgar P. O'Brien & Co., 213 Michigan Street, Buffalo, and a package of No-mor-dust will be delivered at your door.

10c C. O. D.

Remember we will not let you risk one penny when you make this test of No-mor-dust. We want you to know—by your own experience, right in your own home—all that No-mor-dust will do for you. Nothing that you read about No-mor-dust will give you such a clear idea of how it saves work, saves time, saves carpets, etc., like one single day's use of No-mor-dust in your own home.

Costs You Nothing if Test Fails

If No-mor-dust, used in your own home, under your own broom, does not fulfill every statement made here, and if after you have given your first package of No-mor-dust a fair trial you are disappointed in any way whatever—you can write to us, just say that you tried it fairly and are disappointed—send the name "No-mor-dust Chemical Co., cut from the package—and immediately we will refund to you the price you paid for your first package, plus the postage you have used in writing to us.

No-Mor-Dust—“or money back”

“Looks like green sawdust” 15c per box
“Comes in a round green box”
