Dated this 3rd day of May, A.D. 1916. William Warnock, Assignee.

## The Chevrolet AFTER-COST

When you buy a car you expect to use it not only this year, but for several years. So, while the first cost is always important, it is not nearly as important as the after cost.

The question of operating expense is one that many people overlook, but it is the operating expense that makes a car either a good investment, or an annoyance and financial drag.

The Chevrolet is the most economical car as far as operating and after cost is concerned that is to be found on the market to-day. Thousands can testify to this fact. Take time to look over the Chevrolet before purchasing a car. \$675, f.o.b. Oshawa. This is the car for the man of moderate means.

### WHERE COLDS ARE CAUGHT.

Overheated Houses Are Responsible for a Great Many.

Exposure is not the cause of "catching cold." Many people get colds while indoors, attending public meetings, and in overheated houses; while the multitudes, often very poorly clad, are out in all sorts of weather with impunity, and yet do not take cold.

A stuffed-up, weeping nose has heretofore been a joke rather than a cause for alarm. In the long ago a treatment for colds of the head was "to hang one's hat on the bedpost and to drink whisky and water until you saw two hats." In more recent times it was quinine and nauseous teas, with close confinement in an overheated living-room, where the whole family was obliged to swelter during the evenings. An open window or the least bit of fresh air was thought to be sure to drive the trouble down into the lungs, with the danger of pneumonia and consumption.

We are learning that the best treatment for the ordinary cold of the head is to supply the system with an abundance of fresh air, and at the same time cleansing the nose and the throat with mild washes and the gastro-intestinal tract with active purges. In colds of the throat and chest this fresh air treatment is also advisable, making sure that the body is well protected from the chilling winds, and the feet kept warm and dry.

## Hard Working Women

Will Find New Strength Through the Use of Dr. Williams' Pink Pills.

It is useless to tell a hard-working woman to take life easily and not to worry. Every woman at the head of a home; every girl in offices, shops, and factories is subjected to more or less worry. These cannot be avoided. But it is the duty of every woman and every girl to save her strength as much as possible, and to build up her system to meet unusual demands. Her future health depends upon it. To guard against a breakdown in health the blood must be kept rich, red and pure. To keep the blood in this condition nothing can equal Dr. Williams' Pink Pills. They strengthen the nerves, restore the appetite, bring the glow of health to pallid cheeks, and renewed energy to listless people. Women cannot always rest when they should, but they can keep up their strength and keep away disease by the occasional use of Dr. Williams' Pink Pills. Mrs. A. Rhodes, Hamilton, Ont., says: "A few years ago on coming to Canada, working long hours, and close confinement began to tell upon me. I was completely run down and finally could do no work. I was pale, suffered from headaches, did not rest well, and felt altogether very miserable. The doctor said the trouble was anaemia, and after doctoring for some weeks without getting any relief, I decided to drop the doctor and take Dr. Williams' Pink Pills. Very soon I began to notice a change for the better, and by the time I had used a half-dozen boxes of the Pills I was again enjoying the best of health. I have never had any return of the sickness, and never felt better in my life than I do now. I give my experience, therefore, that it may be used for the benefit of others."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

## DRIVER JACK L. PARKER SERIOUSLY WOUNDED.

His sister here, Mrs. W. H. Finch, has this week received the following letters from the Canadian Red Cross Commissioner and Captain A. M. Howe, of the 16th Battery, C.F.A., informing her of her brother's serious injuries. This will be sad news for Jack's many friends here:

16th Battery, 4th C.F.A. Bde., 2nd Canadian Div., B.E.F., April 19, 1916.

Dear Madam,

It is with deep regret that I write to inform you of the wounding of your brother, Driver Parker, on Monday afternoon, the 17th. He said that you were not to be written to for some time until he sent word, but as notice of this will come to you through official channels, I think it better to write you now.

He had been my groom for five months past, so that I am personally interested in his welfare, and was very much grieved when he got wounded. He had been out with me all morning, and we had returned a little time after the usual dinner hour. He was sitting cooking his dinner over the fire in one end of the stable, when a shell came over and he was caught by some of the splinters. We were able to get him to the Field Ambulance without much delay, and he received all the attention that can be got at these advanced dressing stations. I saw him off in an ambulance about an hour after the accident, and he would receive every attention at the hospital, which he would reach half an hour afterwards.

He received several wounds in both legs, shoulder, and face, but stood it all wonderfully well, and I did not hear him complain at his ill-luck. He came out here to fight, he said, and must take what was coming without grumbling. I am sorry to lose him, as he was a good groom, and always took a great interest in my horses.

I have not heard of him since he left, but I hope he will receive good attention and make a good recovery.

His friend Jack Wallis, who is my batman, took charge of his personal things, and gave me what money he had in his pockets, and I shall keep this until I find out what he wishes done with it.

Yours truly,

A. M. Howe, Captain.

Information Dept., Canadian Red Cross Society, 14-16 Cockspur Street, London, S.W., 22/4/1916.

Dear Madam,

I beg to inform you that Driver J. L. Parker, No. 84172, C.F.A., who is now at No. 13 Stationary Hospital, B.E.F., France, was visited a day or two ago by our authorized visitor. We have just how received her report, and we very much regret to say that she informs us that he is dangerously wounded, and that his condition is very serious. Everything possible will be done for his care and comfort by the hospital and by the Red Cross Society, and I most sincerely trust that we may soon be able to write to you that he is out of danger and making progress.

Yours truly,

M. S. Watters, Canadian Red Cross Commissioner.

### TRAVEL CLUB REPORT FOR MAY.

60 pairs socks (for 18th Battalion), 6 French shirts, 2 pillow cases, sheet, 10 handkerchiefs, 22 wash cloths (Springwater School), package linen.

Donations: 132 South Street, Mrs. W. J. Brown, Mrs. Levi Young, Mrs. W. Turner, Miss E. Allen, A. Friend, \$1 each; Mrs. McKenny, 2 pillow cases; Mrs. Woods, 3 gauze shirts; small sums, \$2.80; total cash, \$8.80.

A recent cablegram, followed by a letter, from Lieut. M. Plummer, Commissioner for Canadian Field Comforts in England, gave the Travel Club of this town the privilege of shipping their goods direct to the Commissioner, free of charge. This is a well-deserved compliment for the standard of work sent out by the club has been of exceptional merit, and has been greatly praised in St. Thomas and London. To be able to ship direct, thus saving delay, coupled with the fact that goods so sent surely reach the trenches, and that it is possible to send shipments to units at the front, affords no small satisfaction to the workers of the club and the friends who have so long and faithfully labored to bring the work to its present state of efficiency. Since November last 450 pairs of beautifully hand-knitted socks have been sent via C.W.C.A. for the men in the trenches by this club of less than 40 members, showing plainly by much credit must be given to non-members who have so untiringly aided in this really splendid achievement.

A shipment of 600 pairs of socks and other field comforts was this week forwarded to Lieut. Plummer by the club for Elgin men in the 18th Battalion. The second autograph quilt has been sent to the King and Queen's Canadian Hospital, Bushey Park.
