The toast list vas carried through with a vim and heartiess that made the toasts seem even more remuine than the usual run, of after dinner basts. The toast "Court Pride of the Iominion" brought forth a response from Bb. Woonton. He said the court was a most flourishing one. The amount paid for sick benefit \$965.58 for 1,612 days, leaving a balance of \$4,395.24 to the credit of that und. The membership of the High Court was 11,000, the numbers in the order being \$65,000. The total amount now to the credi of the court was \$6,080.69, or \$24.20 a memer.

now to the credi of the court was \$6,080 09, or \$24 20 a memer.

In response to he toast of "The Ancient Order of Forester" Bro. Davis, of Stratford, made a brief spech, complementary to the order. He was poud to see so many members of the old stampresent. The courts had got to be too much ca business, the members paid their dues and seemed to think that was all. He likd to see a fraternal meeting of this kind s significant of good fellowship.

Bro. Bartlett aso spoke for a short time in reference to the order in East Loudon. He did not thin, that any order could stand a strain of lickness so well as the A.

stand a strain of lickness so well as the A. O. F.

Bro. Moore als responded. He was glad to see so many al happy together. Eighteen years ago 'orestry was first established in London, adnow it was doing a great work here. Who an order had so many branches and imittors like the C. O. F. and the I. O. F. it was good sign. The object of the order was 5 do good to themselves and others, all Court Pride of the Dominion, wose eighteenth anniversary was bein celebrated to-night, had done more than all. How many dollars paid out by the city were it not for Forestry? Referring to the endowment fund, he said it was on a solid basis, and wall and earefully managed, and he hoped fund, he said it wa on a solid basis, and well and carefully managed, and he hoped many others woult join.

"The Knights of Sherwood Forest" provoked an admiable response from Bro. Wallace. He spole strongly in favor of the uniformed branch being more largely patronized by the oung men of the order. Bro. Wright, o Court Forest City, responded to "The Juveniles of the Order," He explained thatthe idea was to train the javeniles to become members of older lodges, and some if the young ones knew how to run a court better than many older chief rangers a the order. He recommended the older members of the order to take more notice of the juveniles.

THE PUBLIC SCHOOLS:

fusic for the Young People—High School Entrance Exams.—The Late

Dr. Martyn, of Kincardine, has been reappointed secretary of the School Board for he 27th time.

A school teacher says that pupils who have access to newspapers at home, when compared with those who have not, are better readers, better spellers, better grammarians, excellent in pronunciation and read more understandingly and obtain a partial knowledge of geography in almost half the time it requires others. The newspaper is decidedly an important factor in modern life.—[Toronto World.]

The following excellent suggestions for

the selection and execution of music for little folks, is given in the February issue of the Kindergarten: In the first place we are careful to select only the best music we can find. We use Eeinecke's songs for children, Elliott's arrangement of Mother Goose, and adaptions from the compositions of Johnson, Warren, Menkelssohn, Schnecker and others. The idea that only the simplest music can be learned by children is erroneous. The one great aim of music is the expression of feeling. Musicians tell us a singer's success does not always depend upon the rauge or power of the voice, but largely upon the spirit in which the song is sung, the feeling that it expresses and excites. Children will sing as you lead them—if the music is mechanical and expressionless, how can the singing be otherwise?

SKATERS DROWNED.

Three Fort Dover Boys Meet an Untimely End-A Close Call.

PORT DOVER, Ont., Feb. 20.—A sad drowning accident occurred here yesterday about 1 o'clock. Three boys named Geo. Bailey, aged' 11 years; Norman Scofield, 12, and Frank Fairchild, were skating on Silver Lake, when one of the boys broke through the ice, and the other two in trying to help him out also broke through and all three were drowned before help could reach them. All efforts to resuscitate them were unavailable.

Yesterday morning a young son of Mr. Ellis, of the knitting mills, on the way to school attempted to cross the same lake on the ice, but broke through. His cries were heard by Mr. Morgan, a resident near the lake, who responded quickly and succeeded in rescuing the child from drowning.

Northern Sparks.

(From the ADVERTISER'S Correspondent.]
AILSA CRAIG, Feb. 17.—The directors of the Northern Fair have decided to change the fair grounds. Hereafter the Northern Fair will be held on Cameron's park at the east end of the village in which there is one of the best half-mile tracks in Ontario. New buildings will be erected and the 1890 fair will undoubtedly be ahead of any previously held here.

The Trustees of the Methodist Church have decided to build a new parsonage on George street. Plans are out and the work will be proceeded with at once. The estimated cost is \$1,500.

Vicious and Wicked.

No policy in this land which appeals to class, creed or race instead of to the better instincts to be found in every breast can succeed. The French-Canadian who would appeal to his fellow-countrymen to stand by themselves alone, aloof from the rest of the continent, and the man who would ask the English-Canadians to stand on a ground affecting them alone, may win the applause of those he is immediately addressing, but impartial history would pronounce their impartial history would pronounce their work vicious in conception, and wicked in its tendency.—[Hon. Wilfred Laurier in the House of Commons.

Referring to the death of the late Inspector Carson, of West Middlesex, the Educational Monthly says: "Mr. Carson was a man of indomitable energy and will power. He was a deep thinker and a fluent speaker. His early death in the midst of his usefulness creates a blenk that cannot soon be filled. Not only in West Middlesex, the Committee had been passed and placed upon our statute books.

The committee had been passed and placed upon our statute books.

The committee had been organized, making a total of 27 division granges, and 151 subordinate lodges in the Province of Ontario. The treasurer's report showed a very satisfactory balance. The Committees on Constitution and Bylaws, Education, Temperance and Social Life gave their reports, some of which were passed without discussion, and others referred back again to their respective committees.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills. I deem it both a duty and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken one of these pills every night before retiring. Howld not willingly be without them."—G. W. Bowman, 26 East Main st., Carlisle, Pa.

"I have been taking Ayer's Pills and using them in my family since 1857, and theerfully recommend them to all in need of a safe but effectual cathartic."

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in excellent health."—S. L. Loughbridge, Bryan, Texas.

"Having used Ayer's Pills, with good results, I fully indorse them for the purposes for which they are recommended."
