The crown decided to drop the charge against Corish, and to put him in as crown witness. On the strength of success of the big banquet in the Ar-Corish's evidence, which brought out mories, the laymen's missionary connothing, Morin was committed for ference was continued today with great The Revenue Increased Over Eleven discussion. discharged under bond of \$300 that he would be on hand as a witness.

BRITAIN AND FRANCE BOTH PROSPEROUS

London, Jan. 8. - The December statement of the board of trade shows increases of \$19.799.000 in imports, and \$21,941,500 in exports.

The principal increases in imports were in foodstuffs, raw material and manufactured goods, but the value of American cotton decreased \$10,000,000. The main increase in exports was in manufactured goods, of which cotton fabrics showed a gain of \$7,500,000.

Paris, Jan. 7. - Edmond Therv, the French economist, figures that the French economist, figures that the talks were given on "The Pastor's wealth of France increased during Leadership," "The Men's Missionary 1909 by \$1,200,000,000. Montreal Que., Jan. 8 .- Mr. Godfrey Langlois, member of the Quebec Legislature for St. Louis division, and for the past seven years managing editor of the French Liberal paper Le Canada, has been appointed secretary of the Canadian branch of the International Waterways Commission by the Canadian Government, He succeeds Thos. Cote, apponited joint commissioner to the Brussels Exhibition.

MINARD'S LINIMENT CURES

CANADA'S WHEAT GROP

Ottawa, Jan. 8. — The wheat crop of Canada in 1909 is officially estimated at 166,744,000 bushels, an increase of 54,310,-000 bushels over 1908. The average yield per acre is placed at 21.51 bushels, as against 17 bushels in the previous year.

Not only was the yield greater, but the farmers secured more for their crop, the average price being 84 4-5 cents, as compared with 81 1-10 cents. The total value was \$141,320,as against \$91,228,000 in

The western provinces showed an increased production of 55,629,000 bushels.

ANALYSIS OF STRONG'S BAKING **POWDER**

By J. F. Snell, Professor of Chemistry, Macdonald College, Quebec, Canada.

W. T. Strong, druggist, 184 Dun-

das street, London: Dear Sir,-I have recently had occasion to test a sample of your Baking Powder for alum and acid phosphate of lime, the two substances commonly substituted for cream of tartar in the poorer brands of Canadian baking powders. I found your product entire-ty free from these substances. I note ly free from these substances. I note that Bulletin 174 of the Laboratory of the Inland Revenue Department not only classes yours among the pure cream of tartar powders, but gives such results on the amount of gas produced per pound of powder as would place your brand among the most efficient of its class.

SENTIMENTALISM IS **WORSE THAN STERNNESS**

CARPET BALL LEAGUE So Said Inspector Edwards in an Address Touching Upon Children.

"Some Educational Agencies" was the subject of an interesting address by Public Schools Inspector Edwards, before a large audience, at the Normal School last evening. He dealt with three particular agencies, the home, the church, and the school as a social centre. In commencing, h pointed out that the Greeks had the clearest and most definite aims and ideals of any of the ancient peoples, and these aims and ideals were clearly reflected in their educational system. During medieval times the church con-Last night in Eclipse Hall in the trolled education, but with the Renais-Court Eclipse by a score of 56 to 47, poetry, and the establishment of great tions and co-operative societies.
