

COLLIER'S COMMENT on the SPORT OF KINGS

Wm. Oldt. Dis- am the clock- supposed a good things. The boys who nurse the sport second watches are depending on Wil- son's close up of the expenses from here to Fort Erie, and they seem to be confident of being able to travel on the cushions. If he the blind baggage for them. Goes in the second at Windsor, and has a mighty good chance to look the judge in the mug. Star Time is the one most fear, with Pumps likely to be knocking at the door. An ordinary bunch of gophers sport siles in the day's opener. It's just like shooting at the clouds to try and guess which of these pigs will try to lead in getting home first. Dora W. Treador and Black Baby is the way I fancy them. The Trump is the \$2.25 in the third, and really only needs a snug ride in order to lead the procession down to the judges. Amackassin is well liked by those close to the stable, and should be second, with Spugs grabbing the short end of the mazzina. All over but the shouting in the fourth. Here they yank another just like Nightstick out of the cooler. On this occasion the pig that is due to awaken is Gilt Fringe. A good boy will be in the pilot house with instructions to "die in front." That is good enough for me. Star Time last was even better than the dope would indicate. Is almost sure to be second, with Dora W. Treador, "peep" money. If John Finn don't win today they ought to sell him to the milkman. He never runs in the spot, but don't overplay your hand, for he bears all the earmarks of a sucker horse that will be liked by the far western contingent. You all know what that means. Martha Faye is consistent, as well as game, and will be running over the leaders at the end.
