THE LATEST OUTRAGE.

A German officer taken prisoner in France is reported to have answered one who asked his views as to the outcome of the war, "We will win or we will go to hell." Germany's conduct in bombing hospitals and in sinking hospital ships leaves no room for doubt that the officer made known the deliberately formed determination of Germany. To-day's reports of the sinking of the eleven thousand ton hospital ship Llandovery Castle prove the submarine commander knew exactly what he was doing, as records of the hospital outrages in France prove the airmen knew exactly what they were doing. As the Germans sought to justify the Lusitania outrage with the lie that the ship was armed, they seek to justify this latest outrage with a lie that military officers were among those being transported in the ship of mercy. Instead of adopting the humane course of stopping the ship and exercising their right of search, the Hun fired his torpedoes destroying the ship. What else he did may never be fully known, but

the pages of Germany's record are black enough to make the world fear that the missing boats with their human freight of nurses and wounded were deliberately sunk. Such outrages as these, while they bring tears to the eyes, must strengthen the resolve of the Entente powers to fight this war to a victorious end. Germany's leaders, confessing that a military victory is an impossibility, are clamoring for a peace by negotiation, but the Llandovery outrage is a reminder that there must be no negotiations with the Huns until the Huns admit a military defeat. These latest incidents of war waged with a studied determination to make the Allied nations and the neutrals suffer in every possible way, in the belief that this will inspire respect and fear of the Teutons, call as loudly as do the outrages of Louvain and Aershot, and the horrors of Belgium and Serbia and Poland, for continuance of the fight until the principles of liberty are firmly established in all lands.—Globe.

The Great War Veterans Association of New Brunswick is on record as a stout defender of the overseas Y. M. C. A. against attacks made upon it in Ontario. The unanimous and hearty endorsement by men we know, and men who have been overseas and are therefore qualified to judge, cannot but strengthen public confidence in the Y. M. C. A. and the character of its service to the men in camp and field.

That Canada is at war will be brought home to every man, woman and child next month when all bread made from standard wheat flour must be labeled "Victory Bread" and mixed with a percentage of substitutes for wheat flour. This is the effect of a recent Order issued by the Canada Food Board in a vigorous effort to save the existing wheat supplies so as to make them last out until the wheat

of the coming harvest reaches the flour mills and the new flour is distributed for consumption.

The new Order defines substitutes for wheat as corn, oats, barley, rice, rye, buckwheat, tapioca and any mixture of same; potato flour, bran shorts, oatmeal, rolled oats, corn meal, corn starch, hominy, corn grits, rice meal and potato meal.

On and after July 1st one pound of wheat substitute must be used by all bakers, confectioners and public eating places with every nine pounds of standard wheat flour in making any bakers' products, and the same rule shall apply to every person in Canada who bakes bread, rolls or pastry for private consumption. On and after July 15th in all Canada east of Port Arthur the proportion is to be increased to one pound with every four. In Port Arthur and the West this increase is still in abeyance, preceding the report of the quantities of substitutes available.

It is provided in this Order that on and after July 15th no licensed dealer shall sell for private consumption east of, but not including Port Arthur, white flour to any person who does not purchase from him substitutes in the proportion of not less than one pound to two pounds of standard flour. West of Port Arthur the proportion is kept at one pound substitute to four pounds wheat flour. The brand "Victory Bread" is to be affixed to every loaf as a guarantee that the prescribed amounts of substitutes for standard wheat flour are being included therein.

Bread not bearing this label may be seized and any person violating the regulation is liable on conviction to a penalty not exceeding \$1000 and not less than \$100, or imprisonment for a period not exceeding three months or both fine and imprisonment. Fines are to be paid to the municipality if recent Order issued by the Canada Food Board in a vigorous effort to save the existing wheat supplies so as to make them last out until the wheat

CANADIAN FORESTRY CAMP AT KNOCKANDO.

(Continued from page 5).

Three substantial meals daily. A short distance behind the mess-house is a large stable for the horses employed on the north side of the river, but the largest stable, capable of accommodating forty horses, is situated on the top of the hill on the south side of the river. Over fifty horses are employed at the camp. Near the stable are a couple of pig-geries, where over a score of young pigs are being fattened from the scraps from the messhouse. When fattened the pigs are sold, and the proceeds go to the regimental fund for the good of the men.

Proceeding across the high swing footbridge which spans the river, and is used by the men for going to and from their work, we have to climb a very steep hill to reach the top. Here are the head of the light railway and the south end of the cable, while close by is the large stable already mentioned, for the housing of the many horses employed in pulling the trees to the side of the line and for drawing the bogies on the railway. Two large sleeping huts and a messhouse have also been erected here for the accommodation of about 150 Finns who are expected soon to work in the "bush." The tree-fellers are experts at their work, and they soon cut down a tree, knock off the branches, and saw it into the required lengths.

About ten acres of land have been rented on the farm of Culquhoun on the south side of the river, for the cultivation of potatoes and vegetables for the camp. The use of a field for engaging in the game has been kindly granted by Mr. Allan Dalbeall, lie, and during the season matches are to take place between the various companies in the district. The officers in charge of the camp are Captain Blackador, who overlooks the whole work of the camp; Lieutenant McMullen, who superintends the tree-felling and handling of the logs;

Knockando is the best of any camp he has visited.

The chief outdoor pastime of the men is baseball. The use of a field for engaging in the game has been kindly granted by Mr. Allan Dalbeall, lie, and during the season matches are to take place between the various companies in the district.

The officers in charge of the camp are Captain Blackador, who overlooks the whole work of the camp; Lieutenant McMullen, who superintends the tree-felling and handling of the logs;

Lieutenant Dillabough, in charge of the sawmill; and Lieutenant Grant Smith, who, as adjutant and quartermaster, has plenty of work in the orderly room.

Since their arrival the Canadians have made many friends in the district, and appear to have captivated the hearts of the fair sex. One or two marriages have already taken place, and from the cooing and wooing which goes on it is expected that many more of the men will take Scotch lassies back with them to Canada.

THE ANGLICAN SYNOD URGES CONSERVATION.

The Anglican Synod of Huron adopted the following resolution:—

"That in view of the wide spread shortage of food and the urgent need of the allied nations of Europe and of the fighting men at the front, this synod pledges itself by every means in its power to support the Government in any measure it may see fit to promote the greater production and conservation of food."

WASH FABRICS

Newspaper Notes of Town and
Gathered by G. W. V. A.

IT WOULD BE NICE. What is more delightful than a few cool, warm—even hot—days after a couple of months of cool, wet, breezy weather?

MUST NOT TRESPASS. Any one caught trespassing on the property of Mr. S. M. Moores, Andrew street will be persecuted to the full extent of the law. Parties have torn down notices and walked over the plowed land and destroyed the growing vegetables.

DR. ENWRIGHT LOST. Capt. Dr. W. J. Enwright of Fort Daniel East who has been in the Army Service since early in the war was one of those lost when the hospital ship Llandovery Castle was sunk. Dr. Enwright had many friends on the Gaspe coast who will regret to hear of his death.

STRAWBERRY FESTIVAL. A Strawberry Festival and Sale of Fancy Articles will be held in the Campbellton Skating Rink on Friday July 19th, under the auspices of the Catholic Girls' Guild, proceeds in aid of the Hospital. Games will be provided and soft drinks, ice cream, etc. will be sold. Band in attendance. Festival from 2 to 5:30 a.m. and from 7 to 11 p.m. Admission adults 10c, and children 5c.

LABORERS WANTED. Wanted, 100 men to work on John & Quebec Railway, between Westfield and Gagetown. Wages \$3 per hour and upwards according to man's ability. Men who wish to work 12 hours per day will be allowed to so. Board \$6.00 per week. Apply Nova Scotia Construction Co. Thomas Cozzolino, Brown's "Late B."

SCHOOL MEETING. At a meeting of the School Board held Tuesday evening the necessary amount for school purposes was at \$19,000. This is a considerable increase over last year. A communication was read from the Mother Superior of Hotel Dieu requesting the Convent School be taken over the Campbellton School Board. The matter was referred to a committee which will interview the Mother Superior, view the buildings and report the next meeting.

G. W. V. A. WANT GRANTS. The members of the Great War Veterans' Association, intend to ask provincial government for a grant one hundred acres for each returned soldier within the province willing to settle on land together with tax exemptions for three years and a \$500 to each returned soldier of \$500 to enable him to get a start on the land. William Richards, of Fredericton, J. Lawson of Campbellton, and Ailingham, of St. John, have been appointed a committee to take this matter up with the premier and members of the government. The committee will probably interview government at the meeting to be held on Wednesday and Thursday this week.
