tinuing his lectures, so long as this does not interfere with the efficient discharge of his duties as Medical Health Officer.

Ald McMurrich strongly supported the recommendation of the Board and congratulated that body on picking so excellent a man for the vacancy.

Ald, Orr regretted that the board had not carried out the instructions sent on to them by council. He understood that the board was directed to select a man who could devote his entire time to the duties of his office. He asked for the chairman's ruling on whether the recommendation was in order, but didn't press the point.

Ald. Lamb moved in amendment to the report that the name of Dr. Allen he substituted for that of Dr. Sheard.

Chairman Burns ruled the motion in order, but the Mayor reversed Ald. Burns' decision on the authority of letters from City Solicitors Caswell and Biggar.

Ald. Bell was indignant that the council could have no say in the matter of the appointment of the Health Officer. He thought the names of the applicants should be read out and a choice made.

Ald. Leslie moved in amendment that the report of the Board of Health Le referred back, with instructions to comply with the requirements of the council as embodied in the motion affecting the appointment of a health officer, passed at the last meeting.

Ald. Bell sprang up and accused the muchtalked-of "sub" of being actuated by personal feelings in their infamous crusade against the health officer.

Ald. Bell challenged the latter to press his point of order where he mass county is a county of the council of the council of the council as embodied in the motion affecting the appointment of a health officer, passed at the last meeting.

Ald. Bell sprang up and accused the muchtalked-of "sub" of being actuated by personal feelings in their infamous crusade against the health officer.

Ald. Murray objected, as the Aid. Crawford.

Ald. Bell challenged the latter to press his point of order when he was positive he could prove his contention. Ald. Crawford, however, refrained from pressing the point.

When Ald. Leslie's amendment was put it was lost by a vote of 13 to 7.

Ald. Leslie moved another amendment to the effect that the figures \$2400 be inserted in stead of \$8000 and the name of Dr. Allen be inserted in lieu of that of Dr. Sheard. The chairman ruled the motion in order, when Ald. Carlyle appealed to the members, who overuled the chairman's decision by a vote of 11 to 8, which again tarred Dr. Allen's name.

Ald. Leslie again moved in amendment that the report be referred back. This was lost by a vote of 12 to 8.

Ald. Bailey's amendment to strike out all the words in the report after the word "office" was also lost, as was the amendment of Ald. Small to the effect that \$2400 be paid the Medical Health Officer instead of \$3000.

Ald. Leslie asked for the yeas and nays on the Mayor's decision that his motion substituting Dr. Allen's name for that of Dr. Sheard had been adopted. The Mayor was supported by Ald. Bailey, Carlyle, Crawford, Frankland, Hill, Jolliffe, Lynd, Maloney, Murray, McMurrich, Saunders, George Verrai, John E. Verrai and the Mayor—14.

The suggestion that a copy of the voters' list be placed in the Fire Halls and for the purpose of making it more convenient for the public to inspect the list was referred to the Fire and Light Committee.

A motion by Ald. Orr was carried to the effect that the City Clerk be requested to make arrangements for keeping an office in the City Hall open with a clerk in attendance until 9 p.m. daily (Saturdays and Sundays excepted) for the purpose of allowing the workingmen who cannot attend earlier in the day an opportunity of ascertaining if their names are on the voters' list for 1893.

Liberality Wins Friends. Never before in the history of Canadian journalism has a recognized newspaper adopted the expensive and liberal methods of

adopted the expensive and liberal methods of calling the public's attention to its merits as has The Times of this city.

The publisher seems to have a perfect disregard for the expenditure of large amounts of money, the object to be attained simply justifying the means in his opinion.

It almost seems incredible that anyone would buy an entire performance of a first-class play at a leading place of amusement and present it without condition to the public solely to give them an afternoon of amusement and pleasure, and yet this is exactly what The Toronto Times is doing by publishing a complimentary reserved seat coupon ticket in every copy of The Times today, entitling every reader of that newspaper to a free admission to "The Span of Lite" at the Academy of hissic on Monday afternoon next. The question is, what will The Times do next?

That Wager Case Again The suit of Clancy v. Young was before the Court of Appeal yesterday by way of the Court of Appeal yesterday by way of appeal from the judgment of Judge Morgan holding that the bet was illegal. The plaintiff bet with the defendant \$250 even on a boat race last summer in which Eddie Durnan was rowing and Fred W. Mossop was stakeholder. There was no doubt as to the result of the race, but Mossop was warned by both sides not to pay over the money, and he applied for leave to pay it into court. An issue was directed to try who was entitled to the money and Judge Morgan held each party should get back what he had advanced.

Local Legal. a motion for judgment in the action of Conmee v. Conmee was argued yesterday Conmee v. Conmee was argued yesterday and judgment reserved. This is one of the actions in which sub-contractors are suing the late firm of Conmee and Maclennan for moneys alleged to be due for work done.

'Chief Justice Galt yesterday granted a writ of habeas corpus in the matter of Reg. William Heath. The case comes from Brockville and the defendant was sent to fill for 31 days for poisoning a St. Berpard dog, the property of one Edmund Burritt, and 10 days further time for non-payment of costs. A motion will be made to quash the conviction.

SUFFERING.

STATEMENT OF MR. WM. MCNEE.

For eight years I was troubled with a sore on my leg which resulted from having it broken. The doctors kept me in bed five months trying to heal it up, but all to no purpose. I tried all sorts of salves, liniments, ointments, pills and blood medicines but with no benefit. In 1883 it became so bad that I had to sit on one chair and keep my foot on another for four months. I could not put my foot on the ground or the blood would rush out in a stream and my leg swelled to twice its natural size.

ELEVEN RUNNING SORES

Aid. Bailey's amendment to strike out all the words in the report after the word "office" was also lost, as was the amendment of Ald. Small to the effect that \$2400 be paid the Medical Health Officer instead of \$3000.

The report recommending Dr. Sheard for the appointment was then carried on this division:

One old lady said it had the operation. One old lady said took a soythe and went to work in the field. At the end of the sixth bottle my leg was entirely healed up; pieces of loose bone had worked out of it and the cords came back to their natural places again. That was nine years ago and it has never broken out since. I can walk five miles to-day as fast as anyone, and all this I owe to B. B. B., which certainly saved my leg, if not my life. I cheerfully recommend it to all sufferers. Give B. B. B. a trial, it will cure you as it a me.

Yours truly, Wm. McNee, St. Ives P.O., Ont. Mr. F. C. Sanderson, the druggist of St. Marys, Ont., certifies to the entire truthfulness of the remarkable statement made by Mr. McNee and says that several other wonderful cures have been made in other wonder his district.
