### POLANDERS STARVING IN BUFFALO

**500 Men Refused Work or Relief By the Authorities.**

BUFFALO, N.Y., July 10.—Polanders stormed the poor office in the police headquarters building at Franklin-street and the Terrace this morning. The great strike and the excitement over labor matters has stirred the foreign-born element at East Buffalo to a spirit of extraordinary restlessness, and this, together with the fact that they have had no work for upwards of nine months, has created a condition highly undesirable.

More than 500 men called at the office of Poormaster Stauch demanding either bread or work. Previous to going to the poor office a delegation of the men went to the Mayor's office and asked that the men now employed in the Streets and Water bureaus be worked on half time only and that they be given a chance to work in order to earn enough money to return to Poland. They were told that nothing could be done for them. At the poor office they were told that there was nothing for them to do and no money to give them to buy provisions.

It was necessary to call the police to drive the unfortunate men from in front of the poormaster's office.

**Insurance Companies Pay Their Cash.**

In the early part of this year a heavy fire occurred at Tilsonburg, through which a number of merchants there, including Mr. George Brasher, drygoods dealer, sustained losses. Mr. Brasher's was the heaviest, and the following insurance companies, the Sun, North British, Imperial, Norwich Union and Western, holding policies upon his stock, resisted payment of the claims filed against them. Mr. Nicholas Garland, representing the insured for the purposes of the adjustment, claimed from the insurance companies about $7500. Mr. Robert J. Wylie, representing the insurance companies, offered only a nominal sum in satisfaction. The result was a reference before the County Judge of Halton, which was very protracted, having occupied nearly a fortnight, a host of witnesses being also examined. As a result of these proceedings the insurance companies named have now paid over to Mr. Brasher the sum of $7239.60 in cash in settlement of his claim, and they bear all their own costs of the proceedings.

**Earthquake at Constantinople.**

CONSTANTINOPLE, July 10.—Two violent earthquake shocks were felt here at 12.30 this afternoon. Each shock lasted 20 seconds and some damage was done. The inhabitants are fleeing from their homes in expectation of more serious disturbances. Several persons are reported to have been killed. All the public offices, the banks and the bourse have been closed. Two disastrous fires have already occurred and telegraphic communication is interrupted.

**Music and Excursions at Long Branch and Lorne Park Yesterday.**

The Greyhound took out the S. Margaret's Church excursion to Long Branch, going at 9 and 11 yesterday morning. The Eurydice took the Ossington-avenue Baptists and the Dovercourt Baptists to Lorne Park. The Band of the Grenadiers went out on the 2 o'clock trip and gave a concert at Lorne Park in the afternoon. Owing to the coolness of the weather very few people took advantage of these concerts, and the engagements for the rest of the week are cancelled for the present.

**A Benefactor Remembered.**

Mr. C. E. Hires is now gratefully remembered by the whole population. Who, in this hot weather, does not wish to pay tribute to the man who provided that most refreshing and invigorating temperance beverage, Hires' Root Beer. So good is it that it was given the highest award at the World's Fair. Surely no one can grumble at the expense, as a 25c package makes five gallons. Do not be deceived. Get Hires'.

**City Hall Notes.**

The Medical Health Officer yesterday officially reported the health of the city as remarkably good.

A petition signed by several hundred persons has been sent to the Mayor asking for the establishment next winter of a free skating rink on Ketchum Park.

City Counsel Meredith will shortly present a report on the gas question.

Some Island residents refuse to sign in favor of the water project.

Lord Dufferin has officially acknowledged the receipt of the civic cablegram of condolence with the people of France on the assassination of President Carnot.

Dr. Albert Smith, editor of the American edition of The Review of Reviews, occupied a seat of honor at yesterday's council.

The City Council will meet next Tuesday to clear the slate prior to a six weeks' vacation.

A notice of motion received by the council yesterday that tenders be called for civic electric lighting will be considered at a meeting of the Fire and Light Committee this afternoon.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Hickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

### AT BISLEY.

**Canadian Marksmen Put Together Some Good Scores.**

BISLEY CAMP, July 10.—The opening day of the annual meeting of the National Rifle Association broke with heavy clouds and continued more or less adverse to good shooting throughout the day. In the competition for the Jeffrey prize, 500 yards, the following scores were credited to the Canadians: Capt. Moore, 20th Batt., 34; Lieut. Thomas Mitchell, 12th Batt., 32; Staff-Sergt. Field Rifle Company prize, 200 yards, seven shots, a Martini-Henry rifle and £30—Staff-Sergt. Ogg, Guelph F.B., 31.

Association Cup and £250, 200 and 600 yards, aggregate seven shots at each distance—Staff-Sergt. Case, Halifax G.A., 34; Staff-Sergt. King, 45th Batt., 34.

Sergt. Milligan and Pte. Hayhurst scoring a possible in the Jeffery match shot three extra for the tie, the former making three bull's-eyes.

Toward the afternoon the rain started and made matters very uncomfortable.

GOOD SPIRITS

follow good health while low spirits, melancholia, impaired memory, morose, or irritable temper, fear of impending calamity and a thousand and one derangements of body and mind, result from pernicious, solitary practices, often indulged in by the young, through ignorance of their ruinous consequences. Nervous debility, and loss of manly power, not infrequently result from such unnatural habits.

To reach, reclaim and restore such unfortunates to health and happiness, is the aim of an association of medical gentlemen, who have prepared a treatise, written in plain but chaste language and treating of the nature, symptoms and curability, by home treatment, of such diseases.

A copy of this useful book will, on receipt of this notice, with 10 cents in stamps, for postage, be mailed securely sealed in a plain envelope. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Every Man Who Would Know the Grand Truths: the Plain Facts the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must *work wonders* with this generation of men."

The book fully describes a method by which to attain full vigor and manly power. A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, despondency, etc.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. 2000 references.

The book is *purely medical and scientific*, useless to curiosity seekers, invaluable to *men only who need it.*

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you had dumped a cartload of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N.Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send this book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

The market closed heavy.

Earnings of Atchison for fourth week of June decreased $48,000.

London market better to-day owing to President Cleveland's proclamation.

The point is to buy Sugar on weak spots.

Henry A. King & Co.'s special wire from Hubbard, Price & Co.: The high-priced stocks have not yet yielded, and it is not unlikely that they will sell somewhat lower. D., L. and W., D. and H. and Lake Shore will yield, and during the next 60 days will probably sell from 5 to 10 points below these figures. With a resumption in business money becomes active. Liquidation in the low-priced stocks and in the bankrupted properties has been very thorough, almost complete.

Schwartz, Dupee & Co. wired Dixon: Wheat to-day fluctuated within a narrow range. Outside of a small scalping trade business was extremely light. Cables conflicting. Those from the United Kingdom reported unsettled weather and higher markets. The Government report received less attention than usual. It is generally believed that it still shows but little difference from that of last month. The contract stock in store here is 17,000,000 bushels. The world's visible decreased 4,000,000 bushels. The European supply of wheat from all sources was nearly 7,000,000 bushels. The weather abroad, the strike and crop reports from the Northwest are now the features of the market, and it is pretty difficult to determine from day to day what they will be. Corn was steady, but even duller than wheat. There were practically no car lots received. The estimate for Wednesday was only 32. The contract stock in all the public houses was only 1,600,000 bushels. Cables firm. The visible supply decreased 1,200,000 bushels. The Government report this afternoon is expected to indicate a very large yield.

Henry A. King & Co. special wire from F. G. Logan & Co.: Wheat opened a trifle lower on lower Liverpool cables and liberal shipments the past week from India, the Baltic and sundry ports, but a fair disposition to buy prevailed, and as offerings were not at all heavy the market toned up a little and held steady. Paris and Antwerp were higher. Berlin and Liverpool lower. The strike position is improving in some important respects, such as the moving of trains and the absence of lawlessness. The day's clearances, wheat and flour, were liberal, amounting in wheat to 401,000 bushels. Provisions ruled strong and prices higher. There was a good demand from local packers for ribs and lard and with light offerings prices were easily influenced. No movement of stock at the yards keeps the situation complicated and uncertain.
