WESTERN REAL ESTATE

This is to say that we, the undersigned, through our investment department, are in a position to assist investors in either farm or city property. We have representatives in Regina and Saskatoon in addition to our office here. But for the coming year it is conceded that Prince Albert offers better opportunities for investment than any other western city. We would advise getting in before the spring opens up, when business becomes brisker. We make it our business to see that you get best value for the money you have to invest, our returns depending upon your success. Write at once, even if you have only \$50.00. Every dollar invested now means two in a few months.

Toronto Markets.
Toronto, Feb. 27.—The heavy gale prevailing throughout the country has demoralized the market this morning. The run is so light in all classes that it is hardly worth calling a market. A few good butchers sold at \$6 to \$6.25, but almost everything else went under that price. Sheep and lambs prices are unchanged, with hardly anything offering. Hogs are slightly firmer, being now \$6.85 fed and watered, and \$6 50 f.o.b.

Farmers' Institute Meeting.

It is a matter of regret that the two sessions of Farmers' Institute meetings held in the town on Feb. 14th were not more largely attended.

The speakers delegated by the Government to conduct the meetings here, were men of more than ordinary ability, and the limited number who availed themselves of the opportunity to hear them speak, obtained a rich fund of unusually valuable information.

Mr. Silcox, of Iona, spoke on the subject, "Intensive Farming," and depicted how a farm of 150 acres was conducted within six miles of St. Thomas, so as to yield a receipts account of nearly \$4,500. The expenses, including all those incurred in conducting the farm and maintaining the family were about \$2,500. Interest was allowed upon an investment of \$15,000 at 6 per cent, and the final summing up showed the farmer and his wife received \$1,000 net for their labor during the year. In his address Mr. Silcox showed the strong points in the system that was followed, and again the places where the farmer had fallen down, and had only a deficit instead of a balance on hand in those departments. Mr. Silcox also went into the subject of "Alfalfa Growing," and showed that this crop alone was worth more to the Province of Ontario than the output of all her mines and fisheries.

The Rev. John Morrison, of Sarnia, spoke in the afternoon with the subject, "Forestry, and the Preservation of the Farm Wood Lot." By statistics he showed that the wise and commendable course the several governments had pursued in following in protecting our Forest areas, and solicited the support of every individual in sustaining them in their endeavors. He also showed how by fencing in the wood lot and keeping out all stock, the farmer could cut sufficient for farm purposes without depleting the supply in perpetuity.

At the evening session Mrs. Hunter, of Brampton, gave an excellent address on the subject of "Little Things that Make Home Happy or Otherwise."
Rev. Mr. Morrison took for his evening subject a historical sketch, "Three Canadian Heroes," The musical program included several solos, which were specially well rendered, while the numbers volunteered by the orchestra were of a high excellence.

THE WEARY SMILE THAT COVERS PAIN.

Women are Themselves to Blame for Much of Their Suffering.

Women are weak, yet under a smile they will try to hide pain and suffering that any man could not bear patiently. If women would only remember that their frequent failures of health arise from feeble or impure blood their lives would be sweeter and they would longer retain their natural charm.

When the blood fails then begin those dragging backaches and headaches; unrefreshing sleep that causes dark lines under the eyes; dizziness; fits of depression; palpitation or rapid fluttering of the heart; hot flashes and indigestion. Then the cheeks grow pale, the eyes dull and the complexion bluish.

Women should know that much of this suffering is needless and can be promptly remedied. Purify and enrich the blood through the use of Dr. Williams' Pink Pills and your suffering will vanish. Thousands of women know that Dr. Williams' Pink Pills have brightened their lives by making the new good blood of health, and so toning up all the vital organs into healthy, vigorous action. Here is an instance from among many. Miss Cora A. Cornell, St. Catharines, Ont., says: "Ever since the age of fourteen I have suffered terribly with pains in my back, and severe headaches. I was also much troubled with indigestion and had to be extremely careful as to my diet, and sometimes did not feel like eating at all. Some two years ago the headaches became so bad that I had to give up my position, which was clerking in a store, where, of course, I was constantly on my feet. I took a position in an office, where I could be seated most of the time, but even then I suffered terribly most of the time. As the medicine I had been taking did not help me I finally decided to try Dr. Williams' Pink Pills. I got a supply, and soon felt they were helping me and I continued taking the pills for several months until I felt perfectly well. Although my doctor advised me not to go back to my old position, I decided to do so, and have not felt any ill effect. I never have backache now, seldom a headache, and all traces of the indigestion have disappeared. I cannot speak too highly of Dr. Williams' Pink Pills and I hope this letter will help someone who suffers as I used to."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Lent in New York.

New York, Feb. 26th.—Church forms and fashions are changing rapidly, and in no respect more than in the adoption of liturgical usages and the celebration of the special days of the church year by religious bodies which a generation ago looked upon such things with abhorrence. The advent of Lent this year finds Presbyterians, Baptists, Methodists and Congregationalists making recognition of it almost as zealously as the Roman Catholic, Protestant Episcopal and Lutheran churches, all of which are liturgical bodies.

The very fact that this new order, which is really a development of less than two decades, excites no comment and is a commentary upon the religious liberality of the times. One scans in vain the religious press, and the reports in the dailies of sermons, to find any protest from preachers of the old school against the general adoption of a practice which not long ago would have been called papistry by Presbyterian divines. Nowadays it is quite the rule, in some parts of the country, for special meetings to be held and special addresses made during Lent, while Holy Week is still more widely observed.

It formerly was the custom in many denominations to concentrate special activities—variously called revivals, missions and protracted meetings—into the first week of each new year. This was set apart as a week of prayer and is so generally recognized still. But the tendency has been noticeable to shift the evangelistic emphasis, so far as the calendar is concerned, on to the 40 days preceding Easter, which commemorate the passion of the Redeemer.

Mrs. Mary Cloutier, 72 years old, was married Saturday night to Jas. Bernier, aged 55, at the St. Joachim's church in Detroit. More than 100 descendants of the couple were present at the ceremony. Mrs. Cloutier is the mother of 19 children and Mr. Bernier the father of 21. The children of the principals, their children's children and their children's children's children celebrated the marriage until an early hour Sunday morning. They start with a big handicap.
