

Plum St. Church, Detroit.

[Concluded from last issue.]

For a year and more we have had with us Bro. W. D. Campbell, Evangelist. He is a man powerful in the scriptures; "a workman that needeth not to be ashamed, rightly dividing the word of truth." In the Lord's day morning meeting he takes his turn with the rest of the brethren in speaking, occupying in the meantime no more conspicuous place than any other brother.

In the Sunday evening meeting, where we are anxious to reach the ears and hearts of the world, Bro. Campbell preaches. Our little church with seating capacity of about 500 is taxed to the utmost.

Since Jan. 1st, we have had 39 additions, of these only five were children of members—5 were by letter—the balance from the sects. At our Vine-wood Avenue Mission since the first of the year we have had 12 additions.

Last fall the church sent Bro. Campbell out to Ludington, Mich., where a few faithful brethren were struggling, meeting together from house to house. After much opposition from religious neighbors the meeting was thoroughly and enthusiastically started, which resulted in adding 16 to their number and strengthened them materially. Later in the fall, under like circumstances the church sent him to Aurora, Canada, where he had 24 additions. Bro. Campbell leaves the beginning of June for Ludington, to hold a protracted meeting, at which time we hope and pray that many may be brought to a whole-hearted surrender to the Saviour.

The congregation at Plum Street, is by no means a wealthy one, yet it has undertaken with another congregation the support of a missionary in Japan; it is educating a bright, intelligent, loving, and promising girl, Nectar Kalarjian, that she may return to her native country Armenia, and help onward the cause of the master, and in many ways we are aiding various interests abroad and at home, all being done through the "church" and in the name of Christ.

Many have been the predictions that when the old eldership passed away we would forsake "the old path," and wheel around into "progression," but the early and constant training has gained a strong foothold and the Plum Street congregation still continues to "Speak where the Bible speaks and to be silent where the Bible is silent," and was never in a more prosperous condition than at present.

Yours fraternally,

PHILIP G. SANDERSON.

REMARKABLE EXPERIENCE OF A WELL-KNOWN SEA CAPTAIN.

Captain James McKay Tells His Story of Suffering and Release—His Recovery Was Despaired of and He Longed for Death—"The Darkest Hour is Just Before the Dawn," and With It Came a Ray of Hope—Health and Strength Again Restored.

From the Weymouth, N. S., Free Press.

Probably one of the best known men in Digby County, N. S., is Captain James McKay, of Tiverton. The Captain is known among ship owners as a first-class mariner and pilot, has been chiefly engaged in the West Indies trade, and has been very fortunate with the vessels under his charge. Some three years ago, Captain McKay had a very severe attack of la grippe, which gradually developed into more serious troubles, until his life was despaired of. It was with deep regret that his employers and friends saw him sink gradually under a terrible disease, until his death seemed only a question of a few weeks. At this time, when physicians could do nothing for him, he was induced to try Dr. Williams' Pink Pills, and by that wonderful medicine was restored to health and strength. Captain McKay's almost miraculous recovery created no little amazement, and so much interest was manifested in it, both in his own village and in the adjacent places where he was so well known, that *The Free Press* thought the matter of sufficient importance to the public to get a statement of the facts from Captain McKay, and accordingly detailed a reporter to interview him with that end in view, when the following facts came into his possession:

"I have heard," said the reporter, "that your recovery was wonderful, and was brought about entirely by the use of Dr. Williams' Pink Pills. Would you let me have the particulars of your illness and restoration to health?"

"Certainly," replied Capt. McKay. "I have told the story a hundred times already, but as the truth never wears out, once more won't hurt; and besides I always think I may be aiding some person who is now suffering as I suffered, and giving them a clean bill of health. To begin at the beginning, I had la grippe about three years ago and that tied me up pretty well. I wasn't fit to take charge of a ship, so sailed south as far as Milk River, Jamaica, as nurse and companion for an invalid gentleman. The weather at that season was simply melting, and I used to lie on the deck at night, and in my weakened condition got some sort of a fever. When I reached home I was completely used up, and continued to get worse, until I could hardly move about. At times my limbs would become numb, with a tingling sensation, as though a thousand needles were being stuck into me. Then my eyesight began to fail. It was difficult for me to distinguish persons at a distance. My face became swollen and drawn, and my eyes almost closed. At times my flesh would assume a greyish color and remain for days in that state, being at the same time cold and death-like."

"Could the doctors do nothing for you?" enquired the reporter.

"Seemingly not. They gave advice, sent medicine, and rendered their bills promptly, so that I think they derived the most benefit, for under their treatment I did not improve a bit. At last I got so bad that I lost all ambition, I suffered terribly, was only a burden to my friends, and actually longed for death, which all thought was soon in store for me. But the darkest hour is just before the dawn. I had become so bad that I hardly cared how soon I slipped my cable, for I was now almost completely paralyzed, but at this time the statement of a man down in Cape Breton, whose case had been somewhat similar to mine, came to my notice. He attributed his cure to Dr. Williams' Pink Pills, and I thought that there might be a chance for me, though I confess I had at that time but very little faith in any medicine. To make a long story short I began the use of Dr. Williams' Pink Pills and soon found that they were helping me, and their continued use put me on my feet again, and I went to work after months of enforced idleness, to the great astonishment of my acquaintances, who never expected to see me around again. Since that time I have recommended

Dr. Williams' Pink Pills to several persons who have used them with good results, and I feel it my duty to advise their use by people who are run down or suffer from the effects of any chronic ailment. I believe they saved my life, and you may be sure I am grateful."

Dr. Williams' Pink Pills are not looked on as a patent medicine but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific from all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anemia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitus' dance, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and hollow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life giving properties, and nothing that could injure the most delicate system. They act directly on the blood supplying its life giving qualities, by assisting it to absorb oxygen, the great supporter of all organic life. In this way, the blood becoming "built up," and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions and thus eliminates diseases from the system.

These Pills are manufactured by the Dr. Williams' Medicine Company, of Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing their trade mark and wrapper at 50c. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes. Dr. Williams' Pink Pills can be had of all druggists or direct by mail from Dr. Williams' Medicine Co., from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive, as compared with other remedies or medical treatment.
