

Many women find Pyle's Pearline

Indispensable for washing dishes, windows, carpets, cleaning house, etc., etc., but because of its wonderful cleansing properties are afraid to have their clothes washed with it. Well, in the past ten years the production of Pearline has exceeded 150,000,000 packages, and no complaints, but numerous letters praising it. Why, because PEARLINE is absolutely harmless in its place, and one of the best places to put it is in the wash tub. You can soak your finest linens and laces in Pearline and water for a month with perfect safety. That's as much Pearline as they would get if they were washed in it once a week for twenty years. We could not afford to spend our time and money in telling the public, through the newspapers, a single thing about Pearline that would not stand the test; and the sooner you test it, the sooner you'll know that PEARLINE will do more than we claim for it. It is as pure and harmless as the finest imported castile soap. Its success has brought out many dangerous imitations. Beware of them. JAMES PYLE, New York
