**REV. ALEX. GILRAY,**  
College Street Presbyterian Church, writes:  
Dear Sirs,—  
It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acetic Acid remedy is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

**A FORTUNATE GIRL.**

THE SUBJECT OF SINCERE CONGRATULATIONS FROM HER FRIENDS.

Was Thought to be Sinking into a Hopeless Decline—How Her Restoration to Health Was Brought About—An Example Worthy of Imitation by Other Young Ladies.

From the Sherbrooke Gazette.

A number of reports have reached the Gazette office of marvelous cures effected by the use of Dr. Williams' Pink Pills. To satisfy a legitimate public curiosity about a fact which, if true, should be proclaimed to suffering humanity, the Gazette requested a reporter to go to Rock Forest and investigate the facts in the case of Miss Maggie Simpson, who was said to have been restored from a very low condition.

The reporter took the afternoon train for Rock Forest, and, after a short walk from the C. P. R. station, reached Mr. James Simpson's home, situated on a well cultivated farm beautifully located on the banks of the Magog River.

Upon communicating the purpose of his visit the reporter was informed by Mrs. Simpson that her daughter was, at the time, absent at the Sherbrooke Convent where he might easily interview her. She spoke with the warmth of genuine grati-

tude of her daughter's cure, strongly corroborating the facts obtained later from the young lady herself. She told him she lost no opportunity to recommend the Pink Pills, and that, as an immediate result, Miss Delaney, a near neighbor of theirs, had also been recently rescued from premature decline by their use.

Upon his return to Sherbrooke the reporter called upon Miss Maggie Simpson at the Congregation de Notre Dame Convent. Miss Simpson is a handsome blonde of seventeen years, of prepossessing manners and winsome address, whose clear, rosy complexion, full round merry face and bright eyes are a source of delight to the beholder. Miss Simpson had no hesitation in candidly stating what had brought her to her present happy state of health, of which she is the very picture. She expressed herself as follows:

"Since the age of fourteen up to last spring I had been gradually losing health and strength, without our doctor being able to do anything to help me. For a year preceding my case got to be desperate. I was constantly troubled with headache; my lips were of alivid paleness and sometimes perfectly blue for want of blood; I had to gasp for breath upon the least exertion; I had become a living skeleton and had lost my strength to the extent that I was unable to walk up stairs. I had become discouraged when my doctor could not offer any relief and I found that I was rapidly sinking into a hopeless decline.

"A friend recommended Dr. Williams' Pink Pills, but I had tried in vain so many different kinds of medicine that I lost confidence in any further experiment. Very fortunately my mother insisted upon my trying the pills. It was but a short time before I could see that they were doing me good. I continued to use them without interruption, and when I had taken six boxes I was completely restored to my former perfect health and strength. My mother, however, insisted that I should continue the use of the pills until I had used nine boxes. These I had finished taking some time last summer.

"When I returned to the convent, at the opening this autumn, after a long absence through my illness, those girls who had previously known me were astonished at the transformation that had taken place. I frequently have occasion to be amused by the amazement of former friends and acquaintances that I now chance to meet. I can tell you I don't lose an opportunity of recommending Pink Pills to them. I always keep a box on hand, and whenever any of my convent friends are ill I am always ready with a sure remedy. When the girls, as they often do, make the remark to me, 'Oh, Maggie, you are a fortunate girl to be so happy and jolly,' I tell them I am making up for lost time."

The gratifying results following the use of Dr. Williams' Pink Pills, in the case of Miss Simpson, prove that they are unequalled as a blood builder and nerve tonic. In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood, and bring a rosy glow of health to the cheeks. These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system, such as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, the tired feeling resulting from nervous prostration, all diseases depending upon humors in the blood, such as scrofula, chronic dysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N.Y., and are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company at either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.
