FAIRCHILD'S ESSENCE OF PEPSINE

Is the most active, most agreeable, most successful of all fluid pepsin preparations.

It has for ten years been the standard.

As a pharmaceutical product and as a remedy, it is far superior to, more skilfully made and more effective than the whole class of "elixirs," "wines," and similar fluid preparations.

It contains the peptic and the rennet ferments in an exceedingly active form and in a combination so agreeable and grateful to the stomach as to render it often immediately effective in extreme cases of Dyspepsia, with intolerance of food, flatulence, etc.

In many cases it is found far more effective than pepsine in any other form.
