

ism? The microscopic specimens should be accompanied by an authentic alcoholic history, and other complications, as syphilis, should be excluded.

The successful author will be promptly notified of his success, and asked to read and demonstrate his essay personally or by proxy, at a regular or special meeting of the "Medical Microscopical Society" of Brooklyn. The essay will then be published in the ensuing number of *The Journal of Inebriety* (T. D. Crothers, Hartford, Conn.) as the prize essay, and then returned to the author for further publication or such use as he may desire. The following gentlemen have consented to act as a Committee: Chairman, W. H. Bates, M.D., F.R.M.S., London, Eng. (President Med. Microscopical Soc., Brooklyn), 175 Remsen Street, Brooklyn, N.Y.; John E. Weeks, M.D., 43 West 18th Street, New York; Richmond Lennox, M.D., 164 Montague Street, Brooklyn, N.Y.

The Methodist Magazine for 1889.

This successful magazine, which is now entering upon its 29th volume, makes a highly attractive announcement for 1889. By a change of type it will contain a good deal more reading, which will be largely devoted to high class serial
