Luxurious Living

Need not imply expensive living, it is having the best. The best usually costs a lot, because it involves waste.

In using

Libby's (Natural Flavor) Food Products

you get them absolutely without waste, cooked and **Ready to Serve.**

If you choose, you can fix them up a little, in some of the dainty ways suggested in the book we give away for the asking, "How to Make Good Things to Eat." This way they **cost no more than inferior things done at home.**

Ox Tongues, Soups, Veal Loaf

Are troublesome and expensive—Libby's are not. In convenient key-opening cans. Libby's Atlas of the World mailed free for ten cents postage.
