

Making Merry

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer, Good Heart and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why?

DYSPEPSIA is the skeleton at the feast; the death's head at the festive board. It turns cheer into cheerlessness, gaiety into gloom and festivity into farce. It is the ghost in the home, haunting every room and hitting at every fireplace, making otherwise merry people shudder and fear. If there is one disease more than another that should be promptly attacked and worsted, it is DYSPEPSIA. It is the very genius of unhappiness, unrest and ill nature. In time it will turn the best man almost into a demon of temper and a good woman something to be dreaded and avoided.

It is estimated that half of the trouble in this world comes of a stomach gone wrong—of Dyspepsia, in short. Foods taken into the stomach and not properly cared for; converted into substances that the system has no use for and hasn't any notion what to do with. It is irritated and vexed, pained and annoyed, and in a little while this state of things becomes general and directly there is "something bad to pay." The whole system is in a state of rebellion and yearns to do something rash and disagreeable and a fine case of Dyspepsia is established and opens up for business.

If you were bitten by a mad dog, you would not lose a day in going to a cure; do you know you should be just as prompt with Dyspepsia? Rabies is a quick death, dyspepsia is a slow one; this is about all the difference. There is a cure for rabies and so there is for Dyspepsia and one cure was about as difficult to discover as the other. Pasteur found out one and the F. A. STUART COMPANY the other, and it is no longer a secret, as it is made public in the wonderful Tablet, which so many are using and praising to-day. One writer says of it:

"Stuarts Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, retingle the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stays by the stomach until all its duties are complete."

Some cures are worse than the disease; they demand This, That and the Other and the patient despairs at the requirements; but not so with the Stuart Dyspepsia Tablet; they are easy and pleasant to take and no nausea or ill feeling follows. There is none of this "getting all-over-the-mouth" like a liquid and making the remedy a dread. Another writer says:

It matters not what the condition of the stomach Stuart's Dyspepsia Tablets only improve the juices and bring quiet to the whole digestive canal, of which the stomach is the center."

Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send us your name and address and we will send you a sample by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.
