

Total Abstainers

are admittedly better risks for life insurance than non-abstainers, and should therefore get better terms when insuring their lives.

The Temperance and General Life Assurance Company

which has over 7,000 total abstainers insured for over \$7,750,000, is the total abstainers' company in Canada, and it should be, for it gives them better terms than any other Company.

No total abstainer should insure his life without considering what it has to offer.
