**THE EXPERIENCE OF A LON-  
DESBORO YOUNG LADY.**

*A Victim of Severe Pains, Dizziness  
and Watery Blood - At Times  
Could Not Go Up a Step - How  
She Regained Health and Strength.*

From the Clinton New Era.

Miss Kate Longman is a young lady of about 22 years of age, who lives with her mother in the pretty little village of Londesboro, six miles from the town of Clinton. Both are well known and highly esteemed by their many friends. The New Era having learned that Miss Longman had been a great sufferer and had recently been restored to health by the timely use of a well-known popular remedy, despatched a representative to get the particulars of the case. In reply to the reporter's inquiries Miss Longman said that if her experience might be the means of helping some other sufferer, she was quite willing that it should be made public. "For a long time I was very poorly, I was weak, and run down, and at times suffered pains in my back that were simply awful. My blood was in a watery condition, and I was subject to spells of weakness to such an extent that I could not step up a door step to save my life. I doctored a great deal for my sickness, but without avail. At last, after having frequently read in the New Era of cures effected by the use of Dr. Williams' Pink Pills, I determined to give them a trial. The result was that my health soon began to return and the pains and weakness left and I was again restored to strength." At this moment Mrs. Longman entered, and being informed who the visitor was and what was his mission, said: "Dr. Williams' Pink Pills are the greatest medicine known. My daughter was so sick that I feared she would die, and she continually grew weaker until she began the use of Pink Pills, and they have cured her, as she has not had a recurrence of the trouble since." Miss Longman is now the picture of health, and declares that Dr. Williams' Pink Pills are entitled to the credit. The New Era knows of many others who have benefitted by this remarkable remedy.

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces such as St. Vitus dance, locomotor, ataxia, rheumatism, paralysis, sciatica, the after effects of a gripple, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and hollow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Dr. Williams' Pills are manufactured by the Dr. Williams Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing their trade mark and wrapper printed in red ink, at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address.

**HELLO!**

Within the last two months accounts have been sent to those who read GRIP every week but have not paid for it. A large number owe for longer or shorter periods previous to the suspension of GRIP in July, 1893, as well as for the present year. We want all these old arrears to be wiped off. The list came into our hands when GRIP was revived and we paid hard cash for it, which we would like to get back. We know times are hard, but they are hard for us as well as for you, and as "mony lit this mak' a muckle," the small sums you owe aggregate a large amount. Come, now, you won't miss the small sum, while it will help to replenish our coffers and make us happy. Look at your address label, and if you are not clear on GRIP's books let him hear from you by next mail.

MR. A. ANDERSON, of this city, who is making a business trip to the towns along the Canadian Pacific Railway between Toronto and Victoria, B.C., is authorized to represent GRIP and to take subscriptions and grant receipts in our name. We trust he will receive a cordial reception from GRIP's friends and be able to add many new names to our list.

**APPLETON'S POPULAR  
SCIENCE MONTHLY**

Edited by WM. JAY YOUNG.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.
