## DRY KILNS

Economy of steam and power  
secured by the use of fans and heaters  
for drying all kinds of lumber.

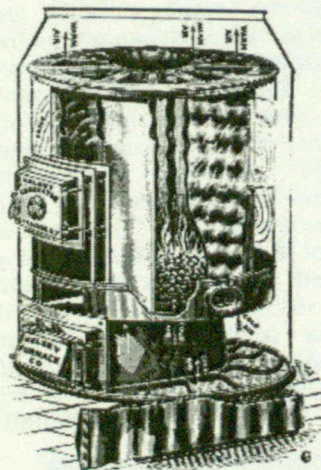

Lumber is not stained when dry-  
ing, and checking is prevented.

For Specifications and Particulars write to . . . .

GEO. W. REED &amp; CO.

MONTREAL

A Heat Maker.  
A Fuel Saver.

## We can do Work

The ordinary Hot Air Furnace dare not undertake.

### WHY?

# BECAUSE KELSEY WARM AIR GENERATORS

(PAT'D)

Have 3 times as much Heating Surfaces and Air Capacity.

These Generators are particularly adapted for large resi-  
dences, schools, churches, and other public buildings where  
ordinarily hot water or steam heating would be specified.

Why not get our printed matter?

THE **JAMES SMART MFG. CO., LIMITED**  
ROCKVILLE, ONT.

Exclusive Makers for Canada.

Note Carefully:—

Formation of Fire Pot,  
Large Heating Surface,  
Great Air Capacity.
