

There is Solid Worth in Massey-Harris Machines.

RAW MATERIALS USED BY _____

MASSEY-HARRIS CO., Ltd.

_____ FOR THE Season of 1894.

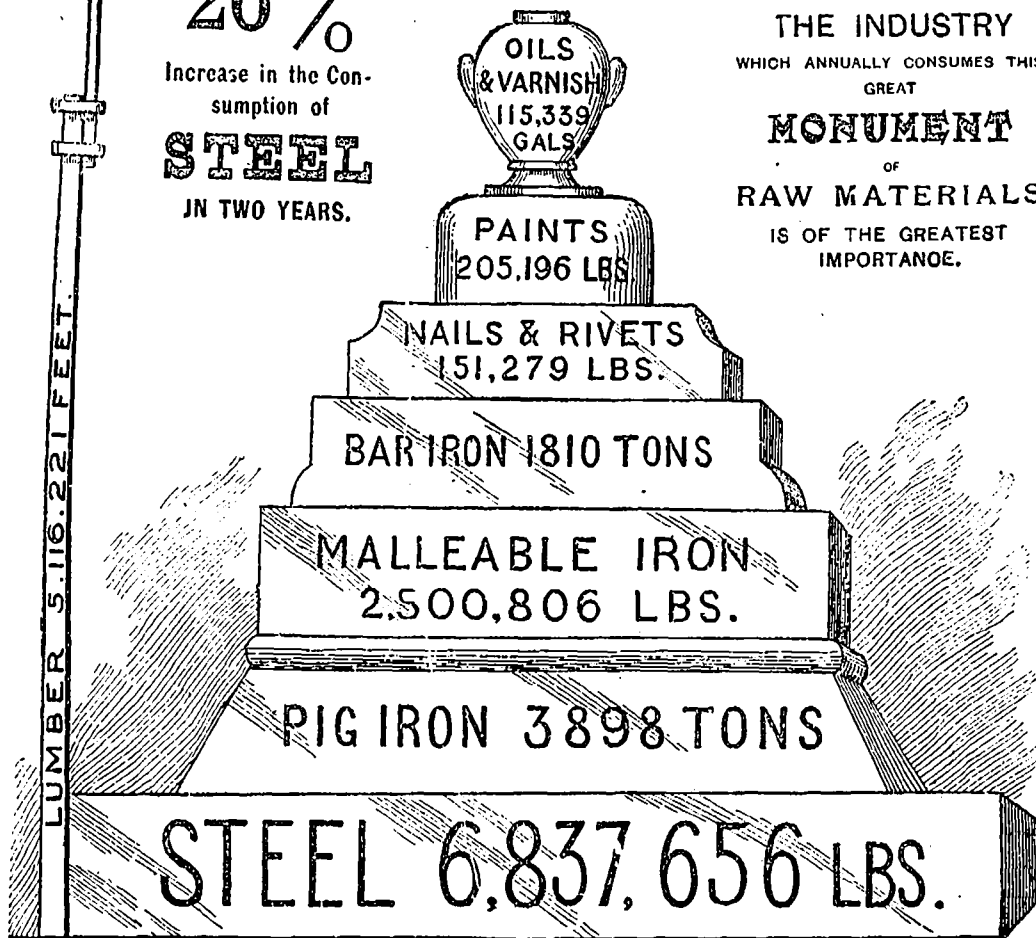

STEEL is the foundation material of all Massey-Harris Farm Implements.

While there has been a slight diminution in the quantities used of pig iron, bar iron and malleable iron as compared with the previous years, the consumption of steel has increased over 26%, thus proving the superior materials of which MASSEY-HARRIS machines are made.

OVER
26%
Increase in the Consumption of
STEEL
IN TWO YEARS.

THE INDUSTRY
WHICH ANNUALLY CONSUMES THIS
GREAT
MONUMENT
OF
RAW MATERIALS
IS OF THE GREATEST
IMPORTANCE.

Massey-Harris Machines are Honestly Built.
