

GUIDE TO THE USERS

This index is a subject-based and cross-referenced index which provides subject analysis as well as corresponding entries under the names of individual Members of Parliament. Each participating Member and witness has a global entry, listed in the order of relevance that occurs in pages where he/she spoke.

Included in the index are several headings that may be particularly useful in order to access the information by individuals and organizations before the Committee. The heading Order of Reference lists all matters studied by the Committee; the section Procedure records all items of a procedural nature including those listed in the Minutes.

The index is extensively cross-referenced to account for variations of subject detail and varying terminology. Cross-references to a first sub-heading are denoted by a long dash.
