

January
Third
1925.

Lieut. Col. John A. Cooper,
President,
Last Post Fund,
1007 Lumsden Building,
Toronto, Ont.

My dear Colonel:

Let me most cordially reciprocate your good wishes
for this Year.

Regarding the possibility of my visiting Toronto, let me say that I have many engagements already made, in fact as many as I feel myself justified in making. However, I am being pressed to make one other by the Empire Club of Toronto, and that is to go there some time towards the end of February or early in March, while at the same time I have received an invitation to address the Alumni of Victoria College. Both invitations have arrived at the same time and apparently there has been some conference regarding the visit between the institutions mentioned. Others have pressed me to accept these invitations and probably I shall do so. It may be that in some way during that visit to Toronto I can say something in behalf of the Last Post Fund and the returned soldiers' cause generally. I shall let you know definitely regarding the Empire Club engagement later.

Yours faithfully,

Principal
