

Sir Robert Falconer

- 2 -

but as in it comes the King's birthday and probably your Convocation I have wired to him that it is better to keep to May.

I am very much interested in Ferguson's proposal to have the first two years in Arts given at the High Schools. The reasons therefor will probably be mentioned in our discussion at the Conference, where I promised to read a paper on wastage.

With all good wishes, I am,

Yours faithfully,
