

CHERRIES REACHED LOWEST POINT YET

Large Quantities Changed
Hands at Twenty Cents
a Basket.

RED CURRANTS LOW, TOO

Inferior Quality of Blueberries
Keeps Values Below What
Was Expected.

An avalanche of cherries descended on the market yesterday, and filled every available corner, so that the price was forced down as low as 20c per basket for large quantities, and ranged from 20c to 50c per basket for the sour variety; the black eating cherries selling at from 75c to \$1.25 per 11-quart basket.

Red currants, too, came on in larger quantities again, the price dropping to 50c per basket, although some of the larger ones sold a little higher.

Blueberries are not very plentiful yet, but soon picked up, the price keeping at from 5c to 15c per box.

Currents are coming on in slight quantities, the price being 10c per basket. They sold at from \$1 to \$1.25 per basket.

The majority of the blueberries are small and quite soft, which keeps the price down, the 11-quart baskets selling at \$1 and \$1.25 per basket and 11c to 13c per box.

Tomatoes also flooded the market yesterday, some splendid shipments coming from the Leamington district. The large thing forcing the price of this favorite vegetable down also, the 11-quart baskets selling at from 50c to 80c each, a decrease of from 10c to 25c per basket since Thursday.

New potatoes are a trifle easier in price, selling at \$4.50 to \$4.75 per barrel, and the Canadians at 50c per basket. In fact the whole produce on the market yesterday had a downward tendency.

with the exception of cantaloupes, which sold at \$4.50 to \$5 per crate, an advance of about \$1 per crate.

The leases of many well-known companies in Alberta today have been selected from our holdings, and we can supply you with anything from 40 acres up in any district you wish.

So many wells are now being drilled that the location of the main crude oil field is only a matter of weeks. For the successful formation of an oil company, we suggest well-located leases in each district, so that the finding of a large body of oil in any one will benefit all.

We have a number of Alberta charters ready for companies of different sizes. We can lay down a standard Drilling outfit in a short time, on easy payments, and supply experienced men to operate it. We will co-operate in the flotation of a company with responsible men, who have, or soon will develop, a good sales organization.

Experienced oil men all agree that the discovery in Alberta of one of the largest oil fields of the world is imminent. The possibilities to you in the flotation of a company in your locality are tremendous. By a careful selection of leases you can safeguard your stockholders, and practically eliminate all chance of loss.

If it interests you, write us for free maps of the entire oil field and full particulars.

CLIMAX OIL COMPANY, LIMITED

AUTHORIZED CAPITAL \$500,000

Par Value of Shares, \$1.00

The Company holds leases for 1920 acres of valuable oil lands 3 miles from the proven Monarch Well, on the same anticline.

For the purposes of development, the Directors are offering 55,000 shares at par, which are being rapidly subscribed for. Mr. C. H. Dodd, the Californian Geologist, has reported most favorably on the Company's property.

REASONS FOR BUYING CLIMAX SHARES

1. Because a firm offer of \$150,000 cash was made for the Company's holdings, the night of the "Monarch" strike.
 2. Because if they are worth that much to others, they are worth many times more to our shareholders for development purposes.
 3. Because results prove that the Company's holdings are right on the exact spot in the best proven districts in Alberta—NOT NEAR.
- The Company is employing the highest skill to superintend the development of their properties and drilling will commence immediately.
- Shares will rise in value before many days. The time to buy is right now. Do not wait. This is your golden opportunity.
