

### GERMAN GENERAL TAKEN PRISONER

#### Russian Patrol Captures Von Pritzke in Vicinity of Libau.

### TEUTONS BOASTFUL

#### Claim Capture of Nearly Three Hundred Thousand Russians in May.

LONDON, June 2.—Newspaper despatches received from the Russian Baltic provinces say that General Von Pritzke, commander of the German forces in Libau, has been captured by a Russian patrol in company with a group of officers. The patrol had a skirmish with the escort of the commander and after killing some Germans took the rest prisoners. Von Pritzke was slightly wounded in the forehead.

Advices from Berlin are that the Germans now are making claims of having captured 265,000 prisoners on the eastern front, including 82 officers in May. They also say that they captured 251 guns and 576 machine guns. The Austrians claim that in the same month they captured from the Russians 19 ammunition wagons, 850 rounds of artillery ammunition, 3,500,000 cartridges and 32,000 rifles. The Vienna war office admits that the Russians are delivering a strong offensive on the eastern bank of the Sdn River, but says these attacks were repulsed. The Austrians maintain that two additional Russian fortifications have been stormed on the northern front of Przemysl, that they are making successful attacks south of the Dniester, and that strong Russian forces which attacked their positions near Sclotwin in south Galicia, suffered heavy losses and retreated.

### BERLIN SAYS GIOLITTI HAS FLED FROM ITALY

#### Former Premier Said to Have Feared for His Life.

COPENHAGEN, June 2 (via London).—The Kreis Zeitung, of Berlin, is authority for the statement that Giovanni Giolitti, former Prime Minister of Italy, who led the pacifists in the crisis which preceded the Italian declaration of war upon Austria-Hungary, has fled from Italy.

He was fearful of being murdered, the paper says. An attempt upon his life had been planned.

### "DEATH TO SMUGGLERS" CRY RAISED IN ITALY

#### Demand Made for Strict Prohibition of Exports to Germany.

MILAN, Italy, June 2 (via Paris).—4:46 p.m.—The Milan Secolo in its issue of today urges the Italian authorities to take drastic measures against, and even to shoot, those persons who are found guilty of smuggling with contraband in favor of Germany and Austria. Such men are smugglers, the paper says, but at this time smugglers are no better than thieves and robbers. The Secolo calls attention to the fact that as there is at present no state of war between Italy and Germany, certain products may still be exported from Italy into Germany, which means Austria. It urges that these conditions be changed.

### LIEBKNECHT CREATED SCENE IN REICHSTAG

#### Members of War Party Threatened to Throw Him Out.

LONDON, June 2.—German papers giving full reports of the debate on Saturday in the German Reichstag, tell of vigorous demands by the Conservative and National-Liberal leaders for substantial territorial expansion in the event of Germany's victory.

Strong opposition to these sentiments came from the Socialist speakers as a consequence of violent protests by Dr. Liebknecht, who seems to have returned from the front to participate in this debate. Dr. Liebknecht was subjected to a hostile demonstration, many of the deputies threatening to throw him out of the chamber.

Anti-Socialist deputies during the course of the debate admitted that the day's proceedings revealed an unmistakable breach between the Socialist and other parties.

### GENERAL ELECTION RUMORS REVIVED

#### Report of Calling of Parliament Early in Autumn Starts Speculation.

### NEED MORE REVENUE

#### Customs Duties Not Up to Expectations—New Budget Probable.

(Continued From Page 1.)

Justified to such an extent that the increase in the rate of duty has not netted any increase in revenue. The finance minister will, therefore, bring down at the next session the most important budget since 1879, one that at any other time would doubtless provoke considerable controversy.

May be Contentious Session.

Unless some formal truce or understanding can be reached the next session, the pre-election session may be highly contentious. The premier is anxious to avoid all needless controversy and to postpone on appeal to the country as long as possible, but it is said that he will not give any formal pledge or promise to the opposition from all party seeking the course will be appreciated by the government, and every consideration will be shown them. But there will be no bargaining.

Worse Than General Election.

It is urged that a Constitutional session of parliament would more greatly disturb the country than a general election, and that it would be better for the government to lay its financial proposals in October, before a new parliament fresh from the people and with the two houses in harmony. No decision may be reached on this point, however, until the return from London of Sir George Perley. Several persons, more or less close to the government are quoted as saying that we will have a session of an election in October. Whether it is to be preceded by an election is a question not decided. Probably it has not even been considered by the government as yet.

### NO BRIBE TO ITALY SALANDRA DECLARES

#### German Taunt Stirs Italian Premier to Warm Retort.

ROME, June 2.—Indignant denial of the German charge that Italy was bribed to enter the war on the side of the allies was made by Premier Salandra in an address at the capital this afternoon. "There will be no Italy," said the prime minister, against Italy has important documents that will especially prove the falsity of the German taunt that Italy was gorged with Anglo-French gold.
