LONGFORD MILLS, ONT., Nov. 24th, 1888.

ROBERT BRAMMER, Orillia.

Dear Sir—The two Shingle Machines we got from you are doing good work. They are the best machines we have ever had anything to do with. They are both fast and do good work and give every satisfaction. We have no hesitation in recommending your machines to any person in want of a good shingle machine. Yours truly, THE LONGFORD LUMBER CO., WM. THOMSON, Pres.

To Whom it may Concern—This is to certify that I consider Mr. Brammer's make of shingle Machines has no superior. I have used the first one he made of the kind called the "Clipper" and several more since. The firm of Heath, Tait & Turnbull, of Huntsville, recently sawed in one day of eleven hours, one hundred and three and a half thousand with two of the machines, and the average during the season has been over seventy-two thousand per day. A. TAIT.

To Whom it may Concern—I purchased of R. Brammer his latest improved patent Clipper Shingle Machine, and have great pleasure in bearing testimony to its vast capacity and durability, and I have no hesitation in stating that it is the best machine I have ever worked, or have ever seen. THOS. B. TAIT, Gravenhurst.
