

What do you think the five kittens did?

They said, "We will fix the clock.

We know how to fix it.

We will make it say, Tick-tock.

We will make the big arm swing.

Come, mother, help us fix the pretty
clock."

Then they all jumped up on the table.

One little kitten opened the door of the
clock.

One little kitten moved the hands.

One little kitten said, "I will fix the big
arm. See me make it swing."

And one little kitten said,

"I will make the wheels go round.

I like to see the wheels go round."

Just then something happened.

The pretty clock began to strike.

It struck one, two, three, four, five,
six, seven, eight.
