Western Coast from <i>Guernsey</i>		
and other Places, I will allow		
the Quantity consumed here, to		
be 2000 Tun <i>per Ann.</i> and be-		
cause the best Growths are now		
bought up for this Market, I		
will allow the prime Cost to be		
40 <i>l.</i> <i>per</i> Tun at an Average. The		
Value then of the present Impor-		
tation, is 80,000 <i>l.</i> which being		
deducted from the former, leaves		
a Difference of 200,000 <i>l.</i> <i>Ster.</i>		
lost annually to <i>France.</i>

VIII. THE Quantity of Brandy imported formerly, amounted to 4000 Tun *per Ann.* at 40*l.* *per* Tun, prime Cost, which comes to 160,000 *l.* and now the Quantity of Foreign Spirits of all *Kinds* enter'd at the Custom-House, at a Medium of four Years last past, amounts only to 2625 Tun, owing to the great Improvement of *English* Spirits and the prevailing Taste for Rum. But as this Quantity compre-
