The death of a lamented partner of the publishing firm, as well as the severe illness of the foreman, has delayed the issue of this little work, which being intended originally for private circulation a few copies only were printed until a request for more caused a reprint, together with an appendix to the 1st part.

ERRATA.

(1.) The Plates have been ably reentered by Messrs. Desbarats & Co., Montreal, by the Photo-lithographic process. Plates D. E. F. were reduced from some of those in the valuable work entitled, "La Marine au Siege de Paris." par le Vice-Admiral B de la Roncière le Noury.

(2.) Preface 16th line, after "sincerity" read "of belief."

(3.) Page 16, 8th line 2nd paragraph, for "them" read "those" also, the 9th line of the same paragraph.

(4.) Page 23, 2nd paragraph after Schelestalt read Phalsburg.

(5.) Page 43, Note, for "the coming winter" read "December 1875"
2nd line for "the former" read "they,"
4th line after "but" read "the former."
