The Week's Selling of Rugs and Carpet Squares

We lay particular stress on carpet squares, Wednesday. These we have collected in huge assortments for the week's special selling. From the small but very useful size at \$6.25 to the large, richly patterned squares at \$30 or \$40 there is a variety that gives ample selection for every requirement. And we have priced these squares at figures very much below the usual for a week of gigantic selling; many of them, in fact, so low as to little more than cover cost of production. If you've floors to cover this is the week of opportunity.

Imported Tapestry Squares, a good sturdy floor covering, useful for parlor, dining-room, living-room, sitting-room and bedroom. Fawn ground with floral and scroll pattern. In the most useful sizes:

N. TORONTO COMMITTEE MET LAST NIGHT

Talked Over Many Matters of Interest—Recommend on the Sewage Bylaw.

NORTH TORONTO, Feb. 20.—(Special.)—A meeting of the parallel roads and finance committee was held here to-night. A communication was received from the Anglican Synod relative to the amount due on land expropriated during the progress of the eastern parallel road amounting altogether to some \$200, and asking that interest be allowed on the sum in question. Recommended on to council for payment.

A communication was received from T. A. Gibson regarding a transfer of property from J. G. Newson. The committee was instructed to prepare a separate statement as to expenditures on the east and west parallel roads.

Chairman Lawrence presided over a meeting of the finance committee when it was decided to take out a \$10,000 policy in the Queen City Fire Insurance Company, and one of \$5000 in the Royal on to-night.

The public library board presented a report of the financial estimates for the year, showing receipts of \$200, which, with the government grant, will raise the amount to \$425.

An informal talk took place relative to the bill now before the legislature regarding the supervision of streets in outlying district around the city, and introduced by W. D. McPherson in the legislature.

The concern was expressed by the committee as to the suggested change, Councillors Howe and Mustoe, taking strong ground against the plan as did the mayor. They thought, and rightly, that the Town of North Toronto is more competent to deal with local issues than the city. Councillor Reid favored the measure, and cited several cases where, in his opinion, city supervision would have corrected an evil. When the bill comes up in committee in the house it will be opposed.

Then they discussed the running of Sunday cars and the concessions that ought to be secured from the Metropolitan Railway, and they are fairly comprehensive in their character, and show that the town council have not been slow to make their wants and wishes known. When the proper time arrives and the Metropolitan Railway wants to run a Sunday car service from one end of the line to the other they will find the council ready to treat with them on a fair basis.

The Eglinton and Danforth Hockey Clubs will play on the Danforth ice to-morrow (Tuesday) evening for the town championship. Another match will be played in Eglinton, the number of goals to count on the total score.

Road Commissioner

Applications will be received up to and including March 1st for the position of Road Commissioner for the Township of York. Address all applications to W. A. CLARKE, Assessment Commissioner, York Council Chambers, corner King and Jarvis, Toronto.

HYDRO TO RETAIN CONTROL

Continued From Page 1.

the bill to stand, pending consultation with the hydro engineers. His action of yesterday in absolutely withdrawing the bill indicates that the proposed change was not a popular one.

Hon. Col. Hendrie, chairman of the railway committee, moved the second reading of a bill to amend the Railway Act. He explained that this was the provincial portion of joint legislation to be also enacted at Ottawa. It was not an important measure, but a change of freight between railway companies holding provincial charters and those chartered at Ottawa. The bill had been drafted by Justice Mabee of the Dominion Board, and Chairman Lettich of the Ontario Commission. Its necessity had been shown by conditions at Preston, and with respect to levies in the vicinity of Hamilton.

P. A. Y. E. Car Regulations.

W. K. McNaught, North Toronto, brought the P. A. Y. E. issue before the house by the introduction of a bill to amend the Ontario Railway Act of 1906. Mr. McNaught's bill reads as follows:

What is known as the pay-as-you-enter system of collection of fares shall not be operated on any street railway car unless such car complies with the following requirements:

It must have a rear platform at least 72 inches deep with a folding step not less than 54 inches long.

The rear platform must be enclosed and properly heated, and provided with a door or doors having an aggregate width of at least 54 inches so arranged as to permit of the entrance and exit of passengers at one and the same time.

If there is a partition between the rear platform and the body of the car such partition must have doors or openings so arranged as to permit of the entrance and exit of passengers at one and the same time.

The front platform must be enclosed and properly heated. It shall be provided with an exit door at least 30 inches wide, and a folding step of the same width. If there is a partition between this platform and the body of the car it must be provided with an exit door or opening not less than 30 inches wide.

This section shall apply to cities only having a population of 100,000 or over. The penalty for violation is fixed at \$100 per car per day.

Fire Insurance Policies.

Col. Hugh Clark's bill with respect to fire insurance aims to provide a standard form of fire policy to limit variations to the statutory conditions to such as are accepted by the insurer and the assured; to provide that a copy of the application shall be attached to the policy; to hold the insurer of insurance responsible for the verministration of fire insurance companies that are practically insolvent, and against trickery, adjustment of fire claims, at the same time providing with the approval of a majority of the citizens of Toronto.

The house went into supply and passed the balance of the supplementary estimates with the exception of the colonization and agricultural items, which were held over on account of the absence of the opposition leader.

Mr. McNaught rather startled the members by sharply criticizing the location of the new Government House on East Bloor-street. It was a very bad site, indeed, he said. It did not mesh with the approval of a majority of the citizens of Toronto.

Sir James Whitney said the situation had been very carefully made and he would wader that any disinterested person who would take the trouble to

WEST TORONTO.

WEST TORONTO, Feb. 20.—(Special.)—The death of Mrs. Emily Ewart, a former resident of Scarlett Place, road, and who has been visiting with her daughter, Mrs. Bartley, took place at Chatham yesterday. Deceased was the widow of the late Robt. Ewart, Undertaker William Ewart went up to Chatham this morning and returned to-night with the body. The funeral will take place at 3 o'clock on Thursday at the residence of her son, Mr. Humber, at Chatham.

The death of Blanche Amy Bull, the daughter of Mr. and Mrs. H. R. Bull, took place at the home of her parents, 27 Sinclair-avenue, on Saturday. Funeral takes place on Tuesday at 3 o'clock to Prospect Cemetery.

Miss Mary Ann Tibbels of 179 Maitland-avenue died to-night in her 30th year, after a long illness. The funeral takes place on Wednesday afternoon at 3 o'clock to Prospect Cemetery.

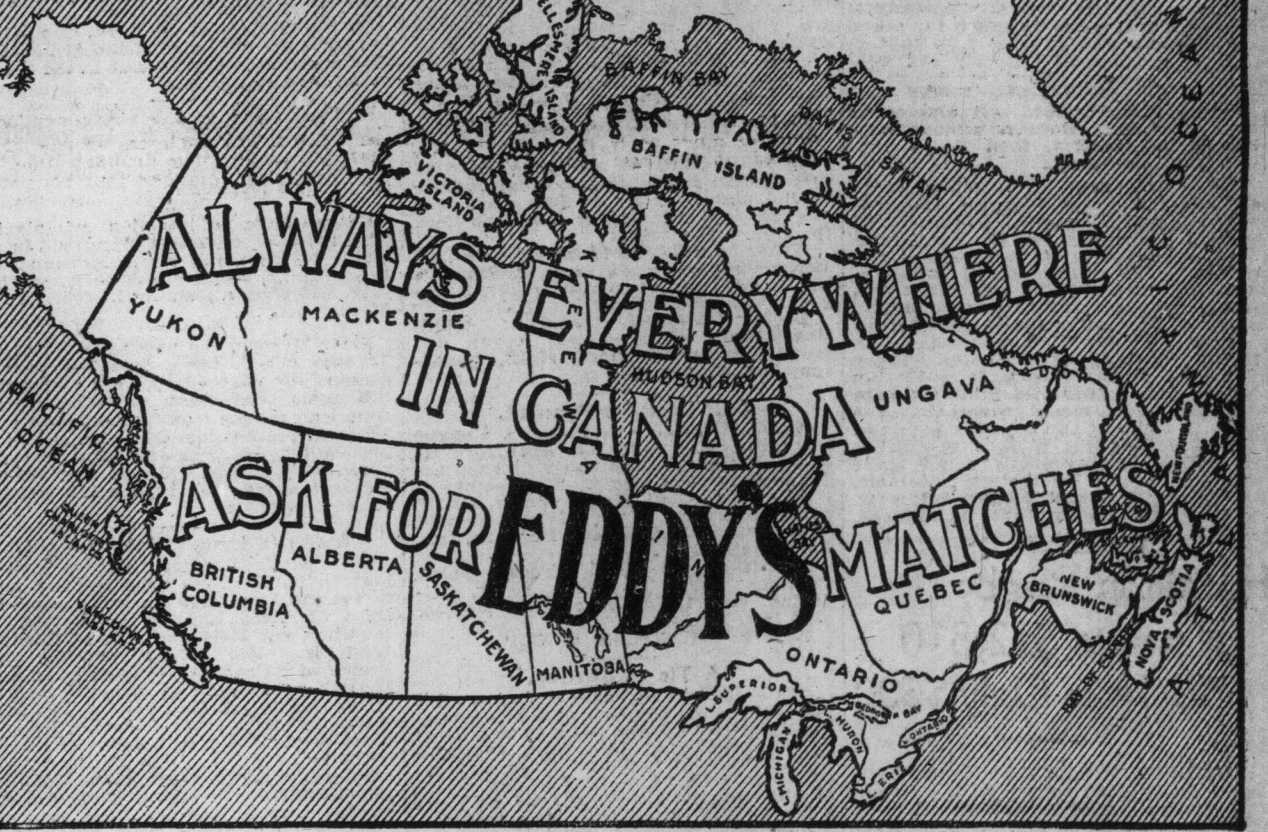

FARM STOCK SALE.

Thursday, Feb. 23.—An important credit auction sale of farm stock, implements, grain, roots and poultry, the property of John Lennox, Lot 16, Con. 2, Scarborough (Danforth road, east of Woburn Hotel), will take place on Thursday, Feb. 23. There will be positively no reserve whatever, as Mr. Lennox is retiring absolutely from farming. The herd is one of the best in Scarborough, and Mr. Lennox has won many prizes at both Scarborough and Markham fairs. The horses, too, are a fine lot. Sale starts at 11 a.m. sharp. Lunch provided. Beidam & Ingelton, auctioneers.

EXTENSIVE AUCTION SALE

of farm stock, implements, harness and furniture. The undersigned have been instructed by Mr. Geo. Cooper to sell by public auction at lot 25, con. 8, Vaughan Township, at Kleinburg, on Tuesday, Feb. 28, 1911. Positively no reserve, as the proprietor has given up farming. Conveyances will meet C.P.R. and G.W.R. trains at Kleinburg Station, morning and evening of sale. Sale at 12 sharp. Lunch provided. Saigson & McEwen, auctioneers.

EDDY'S MATCHES

visit the premises would come away perfectly satisfied.

Valentine Stick (Liberal, S.South) moved that it was a very pretty site, but too small, and he thought a better location could have been found in the northern part of Queen's Park.

New Veterinary College.

An item of \$25,000 towards land and building of a new Ontario Veterinary College was challenged and Hon. James Duff, minister of agriculture, explained that the present building on Temperance-street had been rented from the late Andrew Smith. The lease would expire in July, and the rent was so large that it would be economic to buy land and build. The sum named was to be applied on the initial outlay, and he assured the house that the new premises would be located in Toronto. It must be, in fact, because of the affiliation of the veterinary school with the university. Replying to an enquiry respecting the item of \$10,000 for islands in Georgian Bay, Hon. Frank Cochrane explained that it was to go towards a complete survey, which was designed to prevent the same property being sold to two or three persons, as had been sometimes done.

In passing \$1,156,166.77 for miscellaneous items, the government was asked by Mr. Studholme why some civil service employees were getting gratuities upon retirement and others were not. He brought up the names of two employees in the Hamilton Asylum of over 20 years' service. A man discharged after 25 years' service got nothing.

Sir James Whitney said there was a moral difference between being retired or resigning, and being discharged.

Hon. W. J. Hanna, referring to the

Bill Provides for Two Battleships of Super-Dreadnought Type.

WASHINGTON, Feb. 20.—The naval appropriation bill was considered at length in the house to-day and practically all of the provisions of the measure were agreed to with the exception of the new building program, which will come up to-morrow, and which is expected to precipitate a lively fight.

The bill provides for two battleships of the super-Dreadnought type, carrying 12 14-inch guns; two fleet collars, eight torpedo boat destroyers and four submarines. An attempt will be made both to decrease and increase this program, but the committee believes it has enough votes to carry it thru.

A proposed repeal of the clause in last year's bill that all ships let out by contract should be under the eight-hour labor law, will be fought from both sides of the chamber. There also will be a fight to have one of the new ships constructed at a navy yard. Chairman Foss of the naval commission stated to-day that of two sister ships now under construction, the one at the New York Navy Yard is costing \$6,400,000, and the one by private contract \$3,900,000.

Conserving the Ottawa

Tenders to Be Called for a Dam at Foot of Quinze Lake.

OTTAWA, Feb. 20.—The work of conserving the head waters of the Ottawa River, which has been in progress for some two years, will go ahead still further this coming summer.

The department of public works will issue a call for tenders for the construction of the dam at the foot of Quinze Lake, the estimated cost of which is \$50,000. It will be about 13 miles distant from the head of Lake Timiskaming.

The dam at the foot of Lake Timiskaming has already been completed, and will control 27,878,400,000 cubic feet of water, and the dam at Kippewa is now under construction. Tenders will also be called this spring for the new dam at the head of Gordon Creek, which it is expected can be rebuilt from the present Lumsden estate dam for a cost of about \$5000.
