EATON'S DAILY STORE NEWS

The "EATON" Watch: High-Grade Reliable Movements, in Superb Cases

The "EATON" is a watch built on the most approved and modern lines by the world's best watchmakers, from the highest grade materials. It was designed to secure the most satisfactory watch that could be put together to bear the name "EATON"; to be typically "EATON" in quality and price.

The "EATON" 21 Jewel Movement

The movement is Swiss built. It was specially designed for us from our own specifications after a careful study of every adaptable invention. Some parts are of hardened steel, others of gold. Breguet hair spring, steel escape wheel, gold centre wheel, exposed winding wheels---these are noteworthy features. Rubies are the jewel bearings of the pivots, and are set in gold---a patent regulator makes possible an almost infinitesimal time adjustment.

Each movement is adjusted to five positions and to extremes of heat and cold. Every preparation of the assembling, polishing, etc., is done by high-grade watch builders, and the adjustment is consequently absolutely accurate. The parts are carefully hand-fitted, that there may be no undue play, and the balance wheel and springs are made to work smoothly at an angle.

A Rigid Guarantee Covers This Movement For Two Years

As to the Case—This you may select according to your taste and pocket, for there is a gratifying selection. They are of gold and gold-filled, and in plain chased or engine-turned design. The "EATON" is a watch that will give the highest satisfaction, because it is built that way, and it also gives the best possible value.

In Gold-Filled Cases prices are: Men's 21 jewels \$20.00. Women's

"Pneumonia"

Pneumonia is nothing more or less than "Lung Fever, ' or as it used to be called, "Infianmation of the Lungs" and the results come entirely from a local source; such as taking a violent cold.

There is more or less difficulty breathing: a cough, at first dry, but soon accompanied by raising a thick, sticky, rusty-colored matter, composed of mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly Mrs. G. W. Bowman, Pattullo, Ont.,

writes: "Three years ago I caught a cold writes: "Three years ago I caught a cold which enced in a severe attack of Pneur monia. Since that time, at the beginning of each winter, I seem to catch cold very easily. I have been so hoarse that I was unable to speak loud enough to be heard across the room. Last winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saving it had helped her. I bought a bottle and before it was half used I was completely cured. I also find it a good medicine for the children when they have colds."

Dr. Wood's Norway Pine Syrup is put

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; the price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

PUT PUBLICITY BUREAU

Board of Trade Lays Proposal Before Civic Legislation

.The publicity committee of the board of trade appointed to consider the advisability of establishing a publicity bureau for Toronto, appeared before the civic legislation and reception com-mittee yesterday and outlined a scheme approved by the council of the board

of trade.
It favored the establishment of bureau under a committee composed of representatives from the city coun-

of representatives from the city council and various associations and interested parties in the city.

In making this recommendation, the committee expressed a desire to be thoroly understood that a publicity department, the yrocuring of new industries, conventions, in fact everything that would make for the furthering of trade and interests in every respect.

respect.
They also recommended that the contribution from the board of trade of \$2000 for the first year be given on the understanding that the board will be adequately represented on the com-

A meeting to further consider the scheme with representatives of the various interests in attendance will be called by Chairman Maguire of the legislation and reception committee at an early date. The report ws presented by President

Gourlay and Secretary Morley of the board of trade. The Canadian Bowling Association were represented by a deputation requesting a grant for the tournament to be held here from April 1 to 8. The committee recommended a grant of

\$200.

Dr. E. A. Grange, principal of the Ontario Veterinary College, asked for the co-operation of the council in entertaining the International Veterinary Medical Association of some 1200 delegates, who will assemble here on Aug. 22 for a four days' session. His request met with the approval of the committee and he will outline a proposal for the form that the city's assistance will take at a meeting of the committee about a month hence.

To Aid Feeble-Minded.

Mayor Geary is in receipt of an invitation from the local council of women to become one of a large deputation to visit the Ontario Government, with a view to securing better accommodation for the feeble-minded wards of the province. The daputation, which will interview the government on March 22, will include men and women of prominence from all over the province.
