Colonel W. A. Collins.

Before noon today the 500 Toronto men forming the first day's quota of Military stable carried the man to a nearby Service Act draftees will have mobilized at Exhibition Camp ready to be uniformated and after rendering first aid had the man removed to St. and accommence training for active in Michael's Hospital in the police ametantry service overseas. As tomorrow bulance. and on Saturday 250 men more are to report to the colors, a total of a thousand new troops will be in khaki in Toronto within less than three days. Much interest attaches to the calling out of the drafted men today because it is the first time in the history of the Dominion that compulsory military service has been put into operation.

All arrangements had been made for the publication day by day in the press of the names of the men called to the colors, but a special message received yesterday by Toronto military headquarters from Ottawa forbids the publication of the names, it being stated that the council had given out the cancellation order. A Toronto member of the military service council explained that the council had taken this stand because it had been advised by the militiar staff at Ottawa that for military reasons it would be unwise to indicate the numbers of men dafted.

staff at Ottawa that for military reasons it would be unwise to indicate the numbers of men drafted.

It is stated, however, that the nemes of the men who fail to report for service will be published, but a few days will be allowed to clapse in order to afford the officials time to check over the lists.

The military authorities state that after the drafted men are uniformed and their papers made out they will be placed in the ranks of the infantry battalions and training will commence at once. All the Toronto drafted men will be trained in Toronto. To facilitate the making out of the drafted men's papers, Lieut. Zimmerman and a staff of stenographers from the Toronto mobilization centre will go to Exhibition Camp this morning.

nouncement is made that Brantford been decided upon as the headquar-for the 2nd Battalion, 2nd Central has been decided upon as the headquarters for the 2nd Battalion, 2nd Central Ontario Regiment.

Altho it was understood that the wives of members of the Royal Flying Corps would receive exactly the same separation allowances as the wives of members of the Canadian expeditionary force, it would appear that the R. F. C. members' wives are not to be included among those entitled to receive the increased scale, to have come into effect this month. It was announced that the allowances would be increased from \$20 to \$25 and that as the order would be dated back to Dec. 1 last, the January separation allowance cheques would be for \$30. The wives of the R.F.C. men state they have not been paid the increased amount.

Officers who are detailed to proceed overseas with drafts as conducting officers are to be shown as "on command" panding their return to Canada, states a military headquarters order just issued.

"If retained in England, the notification to that effect will be given and the officers will be struck off the strength. DRUG STORE ROBBED.

Following a report received by the police that a drug store at 80 George street had been entered and a number of articles stolen, early Tuesday morning, Detective McConnell was assigned to the case and last night arrested William Dunn, 247 East Dundas street, on the blanket charge of vagrancy. Dunn was found to have a military headquarters order just issued.

point.

Medical officers have been directed to notice the necessity of detecting such conditions not later than the final medical boarding before the troops proceed overseas, with a view to the discharge of such cases from the service. The order states that officers in medical charge of effective troops should particularly be held responsible for the detection of such cases prior to the soldjer's despatch overseas.

Overseas,
One hundred and forty-nine recruits were examined yesterday by the Toronto mobilization centre, 51 of them being accepted. These included 46 recruits secured in the United States by the British Mission, The recruits were attached as follows: Central Ontario Regiment, 40; Hospitals Commission, 3; Forestry and Railway Corps, each 2; Canadian Engineers, U. of T. Like the epitome of a wonderful poem the concluding words came out to the listener at the back of the stage of the Alexandra Theatre, the crescendo of emotion in the rich voice of the speaker giving the old, yet ever new, subject a fresh beauty and to the phrase a wonderfully pleasing climax. The curtain came down slowly, shutting out the enthralled audience, then out from the footlights tripped the quaintest picture of a sweet old

the quaintest picture of a sweet old lady, with curls bobbing about her smiling face and holding up the skirt of her old-fashioned merino dress in most approved manner. And the little old lady was lilting. The voice was old lady was litting. The voice was not that of age, but of a happy young woman so full of joy in her work that even at the moment when she had finished a hard, taxing matinee she was bubbling over with the vitality of inspiration.

"You seem very happy," said the woman from The World as Miss Dunn held out her hand in response to the introduction of her manager, who had been the guide thru the semi-dark-

chat.

"Where did you get your enthusiasm?" seemed the most natural leading question in the world, because all the things that one can conceive of as meaning buoyancy that radiates to everyone and everything about her seems to be the all-pervading atmosphere of this little five feet of femininity that is just now attracting big and little alike to the Alexandra."

"No, but I'm Weish and Scotch My mother was a McVey and my grand-mother a Jones, and they're all the same, aren't they?"

This, then, was the explanation. Miss Dunn, who is doing such exquisite work in the fascinating play, "Old Lady 31," owes much of her talent and spirit to the Celtic strain, which is always so valuable a factor in an appreciation of the ideal.

Then the actress told some more facts about herself. She is married to a southerner, John Stokes, who, like herself, is an actor, and has three daughters at school. "We had two boys," she said quietly, "but they are dead."

Sound Advice

THE best information obtainable at present indicates plentiful supplies of raw sugar for the year 1918, and, PROVIDED THAT SHIPS ARE AVAILABLE to transport the raw sugar, everybody should be able to obtain a reasonable supply.

This is a great big "I F" however, to overcome, and therefore it would be safer for consumers and dealers to make plans only for eighty to hinety per cent of last year's consumption.

It will be well on in February before any large supplies of raw sugar reach Canada, and in the meantime the supply will be limited owing to the small stocks on hand.

During 1917 this Company has operated its Refinery continuously, the only interruption being two days at Christmas time. We believe this record has not been equalled by any refinery in the United States or Canada.

During the whole year it has been our constant aim to keep the Canadian public supplied with "LANTIC PURE CANE SUGAR" at reasonable prices.

In order to accomplish this extraordinary feat in view of the actual sugar shortage that occurred, we were obliged at different periods, to purchase raw sugar at highest prices when such action was most unprofitable.

During 1918 we will continue our Advertising Campaign of our celebrated "LANTIC SUGAR" and, in addition, will make a feature of our Old-Fashioned Brown Sugars, known to the trade as soft or yellow sugars.

These sugars are available in three different grades, under the names of

Light Yellow Brilliant Yellow Dark Yellow

Such sugars as these have a pronounced flavour all their own that adds richness to everything for which they are used.

Try "LANTIC OLD FASHIONED BROWN SUGAR" for Cooking and Cereals and on homemade bread for the kiddies. Its rich deliciousness and melting goodness will induce you to USE IT DAILY.

For sale by all first class grocery stores in any quantity. The Red Ball Trade Mark appears on each 100 lb. bag and your grocer will be very glad to show you that the sugar you are getting is out of a "LANTIC" bag.

We thank our friends, the people of Canada, for their generous approval of the quality of our Products and the liberal share of their patronage given us during the three years of our existence.

We assure them that in the future the same high standard of quality will be maintained so that our Red Ball Trade Mark will always be recognized as the "SEAL OF PURITY".
