CONTRIBUTION WENT ASTRAY

Candidate for Consulate Was Asked to Swell Republican Funds. Boston, April 2.—District Attorney John B. Moran to-day, addressing a legislative commission, cited charges brought to his attention by John G. Bestgen of Quincy, who declared that, under promise of aid in securing a consulate in Germany, he made several contributions to the Republican campaign fund and that in 1904 he paid to Robert G. Proctor, Senator Lodge's private secretary, at Mr. Proctor's request, the sum of \$25 for the campaign fund; that this amount was never turned over to the state committee and did not appear.

SHOPKEEPERS WITH THE REST IN WAITING ON GOVERNMENT

The liquor store men held a meeting yesterday afternoon to consider the best method of approaching the government in regard to the proposed changes in the license laws. It was decided that no special action should be taken just now. Many of the shopkeepers were of the opinion that a deputation from the association should visit the cabinet separately, but on the advice of the majority the idea was abandoned and all licensees will wait on the government to-morrow as a united body.

IS IT IN YOUR HOME?

Experience Proves that Without Nerviline a Home is Scarcely Complete.

Scarcely a day goes by in a large family that some pain or ache doesn't require an honest treatment like "Nerviline." Miss E. Diegel, writing from Willow Creek, Ont., says: "A few days ago I got drenched with rain and got an attack of lumbago; it was like a steel rod piercing my back. I also had earache, and was just wild with pain. I applied some ointment soaked with Nerviline to my ear, and, rubbed on the Nerviline for the lumbago. My friends said it would take days, but that rubbing with Nerviline gave relief, and a few hours I was well. No other ailment I know of could do this."

HAMILTON BOARD OF TRADE WANTS A TECHNICAL SCHOOL

Committee Will Wait on Government—Cataract Agreement on Wednesday.

Hamilton, April 2.—Not enough members of the finance committee and the board of works turned out this evening to make a quorum to discuss the Cataract Power Company's terminal railway project. An agreement will be considered Wednesday evening which provides that the rights of the railroad on King-street shall expire at the same time as the street railway agreement, 1923. George S. Kerr will represent the city.

I would rather see the Ontario Normal College burned down than removed from Toronto," declared E. A. Dalley, one of the leading Conservatives of the city, at a meeting of the board of trade this evening. Some other members expressed the fear that the college would be removed, but Mr. Dalley did not think there was any danger. A committee will interview the government, and ask it to establish a technical school in Hamilton. President Lamoureux said that the railway between Hamilton and Guelph Junction would be built, and that the message to them would be held soon. The joint fair project was endorsed. The board will ask the city council to fix a holiday on a Monday instead of Wednesday, Aug. 8, as selected. The council will be asked to get the watering carts out at once on the asphalt pavements.

With the exception of those employed on the Bank of Hamilton building, practically all the bricklayers and masons went out on strike this morning. The men have been ordered back to work by the International Union, Sons of them will obey, but others will not go back to work until they get an advance from 4 to 50 cents an hour. Ministers Protest. At the meeting of the Ministerial Association this morning two colored ministers complained of the way their race was treated by hotels. They said they found it hard to secure accommodation. A resolution condemning the hotelmen in this connection was passed and a committee will wait upon Inspector Birrell.

Thirty of the local hotelmen have formed a company to manufacture soda water. The journeymen tinmiths say they will strike unless their wages are raised to 30 cents an hour. The kiln-makers at the Hamilton and Toronto Sewer Pipe Company's works are out on strike. The T. H. and E. will make additions to its roundhouse and workshops at Garth-street. John Patterson and other local business men are applying for a Dominion charter for their Galt-Guelph Railway and they will ask the council this week to vote them a right of way thru the city. Chub Collins is trying to figure out why city constables were so anxious to chase cockfighters in the county when they refused to work on the Barton murder case until their expenses were guaranteed by the county. J. Price is suing the Ontario government for an alleged breach of contract. He says that he made a contract with the government to supply ice to the asylum at \$4.00 a ton, and that the contract was cancelled. Raising License Fees. The markets committee had another tussle with licensees this evening. The Grand Opera House license was raised to \$150; the Star Theatre to 75, and Association Hall to 450. Billiard and pool tables were reduced from \$30 for the first, \$20 for the second and \$10 for the third, to \$20 for the first, \$10 for the second and \$5 for the third. It is proposed to put a license fee on Chinese laundries. Directory tablets for the city hall were ordered from Malcolm & Souter at a cost of \$300. This evening the separate school board presented Rev. Father Holden, the retiring superintendent, with an address and a purse of gold. Charlie Conkle defeated Bobby Reakes to-night, gaining two straight falls, the first in 19:27 and the second in 2:50. Joe Aston's unknown three four local wrestlers in an hour. The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m.; daily, 25c a month; Sunday, 50c per copy. Hamilton office, Royal Hotel Building, Phone 965. Martins Cigars, 5 cents to-day, at Billy Carroll's Opera House Cigar Store.

World's Fair for Brussels

Brussels, April 2.—The report that an international exhibition will be held at Brussels in 1910 is officially confirmed. The most notable feature will be exhibits from the Congo. CATARRH EASILY CURED Not by Dopes or Strong Drugging but by the Ozonated Air Cure. No use loading the stomach with drugs; equally foolish to tamper with snuffs and atomizers. Follow nature's method. Inhale the healing vapors of "Catarrozone," which kills every root and branch of the disease. The nostrils are cleared, hawking, coughing, spitting and droppings are remedied. Absolute cure follows. When this marvelous healer is so certain to cure catarrh, isn't it bad policy to delay? Get Catarrozone to-day and be cured like J. A. Hammell of Greenmount, P.E.I., who says: "No one could have worse catarrh than I had for years. It caused partial deafness, bad taste, upset my stomach, made me sick all over. "Catarrozone" cleared my nostrils, stopped the cough and gave me clear feeling in my breathing organs. I am absolutely cured." Druggists sell Catarrozone. Two months' treatment costs \$1.00, trial size 25c. By mail from N. C. Polson & Co., Hartford, Conn. U.S.A., and Kingston, Ont.

YORK COUNTY AND SUBURBS

Toronto Junction, April 2.—It is stated that Mayor Smith has received a letter from Mayor Coatsworth of Toronto stating that the board of control has discarded the proposition of the committee appointed by the Junction council, and so far as the city is concerned all thoughts of annexing the Junction are at an end.

The town council met in regular session to-night and without discussion laid over the report on salaries of officials until next meeting. A petition was received from residents of Fairview-avenue south asking that that portion of the street be placed in class B of the fire limit by-law instead of class C. J. Stanfield and 35 others asked that the name of Elizabeth-street be changed to Runnede-road. The advisability of sending Robert McLoughlin to the Home of Incurables will be settled by Mayor Smith and Councillor Armstrong. J. B. Kerr asked permission to build his factory on a portion of land on Pelham-avenue, other than that agreed upon with the town. It was refused.

The death occurred this morning of Mrs. Sims, wife of Wm. Sims of 611 McMurray-avenue, after four days' illness from pneumonia. A quiet wedding took place this afternoon at 20 Simpson-avenue, when Miss Lavina Letich was married to Thomas E. Robertson of the Junction. The bride wore a suit of light grey lacy cloth with green corded blouse and hat to match. The bridesmaid was Miss Millie Letich. A Ringham of Toronto was best man.

North Toronto

Two new cases of diphtheria developed in Eglington yesterday, making three with the two days. A meeting of the water and light committee of the town council was held last night, and tenders for the new pumping plant considered. The committee was somewhat mystified, and recommended that they be handed over to Engineer Robb for his opinion as to the best plan to be adopted. Canon Dixon will give a lecture on Ben Hur in the York Mills public school hall on Wednesday evening.

York Township Council

At Monday's meeting of the York Township Council, deputations seeking local improvement works took up the greater portion of the time. Council will assist. Alcina-avenue, near Wychwood Park, asked for a sidewalk. Capt. Jessop introduced a big deputation anxious for a sidewalk from Jessop Hollow to the Methodist Church, and from St. Clair to Davenport on Ossington-avenue. R. J. Fleming asked for and got a two-plank walk for 600 feet near St. Clair-avenue and Bathurst-street. The Dovercourt Ratepayers' Association asked for sidewalks on the west side of Front-street, east side of Salem-avenue on Brandon-avenue, Lakeview-avenue residents demanded a 2 foot walk on the west side, between St. Clair-avenue and Vaughan-road. A. W. Arthur presented a petition for a sidewalk on Spadina-avenue, from the C.P.R. tracks to Davenport-road crossing. St. Joseph's College was given a receipt in full for all taxes on payment of \$382.60. John Burke was given and Messrs. Goulding, Mulheerd and Breaky \$100 each, payment on assessment work to date.

Milk Prices

At a meeting of the executive of the Toronto Milk Producers' Association, held at the Clyde Hotel on Saturday afternoon, an agreement was practically reached whereby the rates for the current year were amicably adjusted with the Retail Association representatives who were present. For the summer months the price will be \$1.05, delivered at the dealer's place of business, and for the seven winter months, \$1.25. The agreement is subject to the decision of a mass meeting to be held at the Albion Hotel on Saturday, April 7, at 1 o'clock. Members unable to be present are requested to communicate with Alex McCowan, secretary-treasurer, Walker House, prior to the date of meeting, giving his opinion regarding the proposed scale of prices.

Parodied Prayers

St. Petersburg, April 2.—The edition of "The Russ," published to-day was confiscated by the police owing to the publication of a sacrilegious travesty of the Lenten prayers, written by M. Ambitiroff, the famous feuilletonist, who was exiled to Siberia in 1902 owing to his publication of a pamphlet reflecting on the imperial family, and who was subsequently amnestied. One line of the Lord's prayer, supposed to be offered by the imperial family, was made to read: "Let the people pay our debts, but not as we pay our creditors."

Gas Causes Explosion

Galt, April 2.—(Special.)—A gas explosion which might have resulted seriously to John Scott, plumber, and which caused him painful injuries, occurred in W. A. Hunter's bakery, Scott was endeavoring to turn up the gas, by which the huge ovens are heated, when the explosion occurred. The whole end of the building, which is of brick, was driven several feet from the roof. Scott was burned about the face, hands and arms and lost most of his hair.

Child Gets Legacy

By the bill of the late George Tuckett of Hamilton he bequeathed \$5000 with accumulating interest to each of his grandchildren living at the time of his death. Five months after that event, in 1900, George Elias Tuckett, son of Charles Paul Tuckett, Hamilton, was born. Justice Mabee in a judgment handed out yesterday states that an amount due the child, is to be paid to the executor as he holds the money until the child becomes of age.

LACTATED FOOD Saves Babies' Lives.

Why has Lactated Food proved such a grand success above all other makes? Simply because in its composition, nature's food—the milk—has been the model. Lactated Food is a triumph of medical science and cannot be imitated in any way. The best physicians in Canada have taken hold of it with the utmost confidence. They know its healing, nourishing and building qualities and prescribe it freely. If you much trouble, sorrow and anguish if you give it a trial for your weak and sickly babies. Thousands of mothers have already testified to its great superiority over all other forms of diet. Lactated Food has established a reputation that must endure forever. It saves babies' lives after everything else fails to give vitality and strength. If you have not tried Lactated Food, dear mother, send your address at once to W.
