JOHN CATTO & SON

Mr. Nicholls President.

Will Manufacture in Canada.

Headquarters in Chicago.

A Cab Company in Toronto.

A Cab Company in Toronto.

It was also learned that a cab company will probably be formed in Toronto for the hiring of automobiles. This will be likely the thing next spring. It is the intention of the new company to manufacture vehicles for hire, such as private carriages and delivery wagons.

The Thing in the States.

Ihe Canadian Government railway and the Wagner Palace Car Company.

Wilmot D. Matthews, director of the Canadian Pacific Railway Company.

Harvey P. Dwight, president of the Great Northwestern Telegraph Company.

A. E. Ames, vice-president of the Imperial Life Insurance Company.

J. W. Flavelle, president of the National Trust Company, Toronto.

Frederic Nicholls, vice-president of the Canadian General Electric Company and director of the National Trust Company.

H. A. Ware, vice-president of the Northwestern National Bank, Chicago.

E. B. Osier, M.P., vice-president of the Dominion Bank.

C. E. Woods, general manager, Woods Motor Vehicle Company.

Benjamin V. Becker of Newman, Northrop, Levinson and Becker, attorneys and counsellors.

Sir William C. Van Horne, chairman of Gaudier was let off on suspended sentence on the same charge.

Junction Council.

The Executive Committee of the Town Council met in the Town Hall to-night and instructed the town solicitor to take whatever action he deemed advisable to recover any moneys due from the Township of York to the town for Public School moneys. The chairman, Mr. Armstrong, asked Mr. Royce, solicitor for the Suburban Railway, what the present state of the negotiations were in the street railway matter. No answer was forthcoming and on the suggestion of C. C. Going, Town Solicitor, the committee adjourned, and the various members, behind lock and key, in the adjoining room, talked, The reporters stayed in the committee foom, for they were not wanted where the negotiations were going on. Whilst the newspapers are endeavoring as far as possible to give the general public the information they desire upon the very important matter to the town, the council is taking every precaution to keep the scheme hidden from their knowledge until such times as every detail shall have been settled, and then push the matter through. Whilst the public are very anxious to see the city street cars come to the corner of Keele and Dundas-streets, and are to a certain extent interested in knowing what the town is giving for the concession, the fact that all the information in regard to the matter should leak out through indirect channels rather mystifies them. At present it would appear that the stigfling point in the negotiations is the keeping up of the roadbed, franchise, poles and rails now owned by the Suburban Railway Company gratis. They also want the track-laying where it is not now laid, or else a money equivalent, and they do not want to pay auything for maintenance of roadbed or for anything else in fact. The Suburban Railway Company do not seem disposed to give up their rails without Mr. Nicholis President.

Mr. Frederic Nicholis, who has long been identified with electrical manufacturing and operating companies, and who is past president of the National Electric Light Association of America, is president of the new corporation, Messrs. J. Wesley Allison and A. E. Ames, vice-presidents; Mr. C. E. Woods, general manager: Mr. A. E. Chandler, son of the p. sident of the Postal Telegraph Company, as secretary, and G. H. Atkin of Chicago is treasurer.

Starts in With Contracts.

The company starts with a large number Starts in With Contracts.

The company starts with a large number of contracts taken over from the Fischer Equipment Company, including very considerable orders from Honoluly, Paris, Antwerp and London, and amongst their contracts is one from the United States War Department, which has ordered several vehicles for the signal service. The "money wagon," which has been operated by the United States Express Company in the principal eastern cities. of roadbed or for anything else in fact. The Suburban Railway Company do not seem disposed to give up their rails without being paid for them, and whether the town will pay them an indemnity or not is a question that the public have not yet learned.

North Toronto.

The funeral of the late John Leadlay of Wexford took place yesterday afternoor to Mount Pleasant Cemetery. The remains were followed by a large company of the public have not yet learned.

As the capacity of the present factory is sold for months ahead, the company have taken a large factory in Chicago, which will have an additional capacity of one hundred vehicles per month; and it is proposed to establish another large factory in the vicinity of New York to take care of the eastern market. It is also intended to manufacture in Canada, as the heavy import duty practically precludes the shipment into the Dominion of vehicles made in the United States. Headquarters in Chicago.

From the foregoing it will be seen that the Board of Directors is very strong in its international character, greater in fact than that of any other enterprise in Canada. It is proposed that the company shall operate throughout both countries. The headquarters will be in Chicago, with Canadian headquarters probably in Toronto. If a factory is erected in Canada the site will be in Toronto, and would employ anywhere up to 200 hands.

The World learned yesterday that the vehicles manufactured would be principally of the electric storage system, with perhaps gasoline for country vehicles. Four of these vehicles are now owned in Toronto, which were made by the Fischer Company in Chicago, predecessors of the newly formed company. They are the Robert Simpson Co.'s delivery wagon, Mr. Ames' victoria, Major Pellatt's brake and Mr. Frederic Nicholls' road wagon.

A Cab Company in Toronto. Automobiles are just now the talk of the United States. There is also a big demand in Canada, but the U.S. factories were so rushed with orders that they could give no inducements for purchase at such figures as to counteract the high duties. When the company begins to manufacture in Canada a big demand for motor vehicles is expected. Just now the prices range from \$800 to \$2500.

weston's Big Day To-Day.

Weston's Big Day To-Day.

Weston, Sept. 28.—(Special.)—Weston's Fall Fair opened auspiciously to-day, with fine weather and a good crowd. The track was inexcellent condition for speeding and the various events were well contested, especially the farmers' trot. The exhibit of vegetables and fruits was never better and the mangolds shown are of prodigious size. The poultry, too, make a fine exhibit. The events to-day resulted as follows:
Farmers' trot—Shaver's Flery Jim 1. T. Armstrong's Lady Elgin 2. William Smith's Minnie S. 3. Best time 2.39.

Two-year-old trot or pace. Reif-mile—Bert Wilks 1, Tommy H. 2, Nelly 3. Best time 2.35.

Triday will be a great day for horse racing. Already nine entries are spoken of for the 2.50 trot or pace. The free-for-all is sure to bring out a lot of good horses and the running race will be an exciting event. Weston Chitzens' Band. will be on the ground all day and, in addition to the vandeville entertainment, there will be special prizes for best lady driver, best lady rider and best gentleman's turnout. The Suburban Electric Railway will run special cars right past the grounds.

St. John's Church annual harvest home festival will be held on Sunday, Oct. 1. On the following Wednesday Rev. Canon Me. Nabb will preach and special orchestral music, under the direction of H. F. Strickland, Mr. John C. Switzer, Mss. A. M. Sidney, Mr. Frederick Varley and the preach and special orchestral music, under the direction of H. F. Strickland, Mr. John C. Switzer, Mss. A. M.
