Japanese Make Rapid Progress At Tennis, Golf and All Games

NEW YORK.—Americans interested in sport, returning from Japan, report that the Japanese are rapidly assimilating Occidental sports in general, just as they did baseball following its introduction into the land of Nippon. Golf, tennis and motoring are gaining devotees by the hundreds, and some of the Japanese players are showing a proficiency on the court and links that promises to make them formidable opponents in a few years. In a recent discussion anent sport in general and golf in particular, a prominent Japanese, who was graduated from the University of Pennsylvania not so many years ago, said:

"You know, we really have no game, perhaps excepting tennis, which a man may continue as his years pile up, and we know that exercise is necessary to keep fit. Golf fills the bill for us. As a nation we are fond of games. Wrestling and fencing for centuries has been compulsory in the education of all Japanese gentlemen, and recent years have seen our schools taking up baseball, tennis, hockey and football with considerable success."

George W. Guthrie, the American Ambassador, who is an enthusiastic golfer, has presented the Tokio Club with a beautiful challenge cup, always to remain the property of the club, the winner receiving a replica. In honor of the donator and the country he represents, the final round always will be played off annually on the Fourth of July.

Japanese Links Ideal.

Several of the other principal cities have established golf clubs, notably Yokohama and Kobe, while in other sections organizations of a similar character are in process of formation. The turf in Japan lends itself readily to ideal fairways and greens, and the courses have sufficient natural and artificial bunkers and hazards to test the skill of the best players. Another indication of the strides golf is making in Japan is the fact that a publication devoted entirely to game and bearing the title "The Bunker," is published monthly in Tokio.

That the game will be a success in Japan returning tourists say is certain. They point out that the younger Japanese generation, which is chiefly educated in the United States and England, and is now mostly engaged in successful commerce at home, means to establish there the same healthful sport and games which they found in Occidental countries.

Horse racing has taken on new interest and successful automobile and motorcycle race meets are being held at frequent intervals.

Here to Learn Tennis.

The Japanese lawn tennis champions, Mikami and Kumagae, have something to relate of the game in the far east. They state that, altho tennis was begun in Japan twenty-five years ago, it is only during the last three or four years that serious attention has been paid to its development.

These players came to this country primarily not to win honors, but to learn the style of play of the foremost American experts. Both of the Orientals are very skilful and exceedingly fast, but they seldom have had the opportunity to play with men better than themselves. This, naturally, put an end to their development at home, for it is only by watching other styles and playing with more skilful players that a man is able to make any headway in improving his game.

The Japanese champions are handicapped in their play here because of the fact that the ball used in Japan is larger and softer than the one used in America. England, France and Australia. However, after they have become acclimated to our "pill" it is not unlikely that they will be able to give a splendid account of themselves.

It will be remembered that these Japs sprang suddenly into prominence some weeks ago when they won the far eastern doubles from Ward Dawson and Clarence Griffin, two high-grade players from the Pacific coast. And on Saturday a Jap won the New York State championship at Ithaca.

Review of Circuit Races at Aylmer

The fourth meeting of the Canadian Circuit Harness races opened at Aylmer on Tuesday, 18th inst. The interest still continues in the light harness horse events and quite a number of new horses were entered at Aylmer. The track was in splendid condition and the attendance on the first day was considered large for opening day, but the last two days' record attendance was the result. Two races were carded for the first day, viz., 2.30 pace and 2.14 pace for purses of $400 each. In the initial event Bertha Walsh, g.m., by Abdell, owned and driven by Geo. N. Wals of Tillsonburg, from previous performances was made the favorite in the auctions and justified the support of her backers by winning in straight heats. Rena Bison, gr.m., The Bison, owned and driven by Dr. W. H. Riddell of Orangeville, being second the two last heats and getting second money. Lucy T. accounted for third money. Time for three heats 2.16 1-4, 2.14 1-4, 2.18 1-2. The 2.14 class pacers had a battle for the long end of the purse.

Hedges, 2.14 1-4, ch.g., by Hodgewood Boy, owned by Jas. Smith of Toronto, was favorite in the auctions, while Jas. Albert, 2.15 1-4, b.g., by Cap. Brino, another Toronto owned horse and trained and driven by Chas. Farrell, had a lot of followers. Mussel Shell, ch.g., by Bozeman, owned in Calgary by the former owner of Yedno, 2.02 1-2 (F. Johnston), and driven by Vic Fleming, won in straight heats, Jas. Albert getting second money, Hedger third. Time 2.13 3-4, 2.13 3-4, 2.14 1-2. The second day three events were carded, the 2.11 pace, 2.24 trot and classified race, with good fields in each. Six horses scorded for the word in the 2.11 pace, with Willow Hal, 2.14 1-4, b.h., by Star Hal, being the favorite. Rouse's Point Boy, 2.10 1-4, b.g., by Judge Swing, in John Neville's string, won the first heat after a fierce stretch drive in 2.13 with Willow Hall second; Bonnie Cope, 2.09 1-2, b.m., by Cope, owned by Geo. McCall of St. Thomas, getting third. In the following three heats Willow Hal was the best and won handily, but Bonnie Cope made him step the second mile in 2.12 1-2 to beat her. Jean T., 2.17 1-2, b.m., by Grant Monigle, was the favorite in the 2.24 trot, but she was very erratic and was distanced the first heat. Silvia McGregor, in Si Feather's string, won this event in straight heats in 2.29 1-4, 2.26 1-4, 2.25 1-2. K. L. Todd, br.h., by Kentucky Todd, a product of the Cruikston Farm, and driven by John Neville, won in straight heats the classified race. Minnie Hal, 2.12 1-4, b.m., by Hal B., getting second money. Florence Peters, 2.15 1-4, ch.m., by Peter the Great, getting third. Time 2.16 1-4, 2.17 1-2, 2.19 1-4. The third and final day of the meeting the weather continued very warm, but for all the crowd came out to see the races.

The feature event was the free-for-all, with such horses as Hal B., jr., 2.02 1-2; Grand Opera, 2.05 1-2; Texas Jim, 2.04 1-4; King Okla, 2.10 1-4, Hal B., jr., was a strong favorite, as he has not lost a race thru the circuit. This is a case of coming back, as he has not been raced for two years, but seems to have all his old-time speed and manners are improved. It is no disgrace to get beaten by a horse of his class when one considers the time in each race and on tracks not like billiard tables. Hal B., jr., stepped the second mile in 2.09 1-2, which no doubt breaks all previous track records in a race at Aylmer. Texas Jim won the first and third heats, and Hal B., jr., the second, fourth and fifth. Grand Opera made Hal B. step the mile in 2.09 1-2 to beat him, he being right at him all the way. Time for the five heats 2.10 1-2, 2.09 1-2, 2.12 1-2, 2.10 1-2, 2.12 1-4, an average of about 2.10 4-5 to the five miles.

The 2.50 pace had five starters, with Black Diamond, 2.16¼, blk.g., by Baron Rothchild, owned by John Meade, Toronto, won in straight heats with Golden Rex second. Three times. Time 2.15¼, 2.16¼, 2.16¾. The 2.18 trot had five starters, and was won by Sarah Douglas, ch.m., by Bob Douglas, owned by B. Porter of Burlington, and is Vic Fleming's string. She has won all her starts so far thru the circuit and looks like a very classy trotter. She is very pure gaited and fast and should retire to winter quarters with a much faster mark than she carries now. Ali Ablieze, 2.21¼, br.m., by Abdell, won the first heat in 2.21¼, Sarah Douglas getting the remaining three in 2.23¼, 2.23¾, 2.19½. The horses shipped from here to St. Thomas, where the circuit is continued next week for the week at Listowel. This has been a particularly hard season for the Canadian circuit. There are many reasons for it—war conditions. Our friends to the south were afraid to ship over for fear of their horses being commandeered. The spring was very backward and horses were slow to come to their speed on account of lack of work, but taking the different conditions into consideration the circuit has done well. They have held together and no better or faster racing has been seen on any circuit.

FOOD RIOTS BREAK OUT IN NORTHERN FRANCE

Belgians Also Protest Against German Restrictions on Imports From Holland.

EXPEL MANY PEOPLE

Teutons Drive Twenty-Five Thousand Persons From Homes in Lille.

ROTTERDAM, July 21. — The shortage of food, which has resulted in serious riots in Belgium, according to the relief agencies, was due to the shortage of tonnage, which is not likely to be corrected, as the German Government definitely has refused to consent to the plan to use interned German ships to bring relief food, and because of the embargo which the German authorities have placed on the import into Belgium and northern France of native Dutch food supplies, which, especially meats and fats, have done much to supplement the supplies sent into the occupied regions by the commission for the relief of Belgium.

The quelling of the riots in the populous centres has been followed by the compulsory evacuation from the cities by the German authorities of large sections of the industrial populations. These have been scattered homeless thru the agricultural regions, the reports say, as punishment and to minimize the risk of a recurrence of the trouble.

The greatest forced migration took place from the City of Lille, from which 25,000 people, including women and children, were expelled.

ITALIAN TROOPS GOING TO WESTERN FRONT?

Ministerial Decree Gives Hint That Such Action May Be Taken.

ANOMALOUS SITUATION

Italy's Relations With Germany Have Created Much Comment.

ROME, July 21.—A ministerial decree was issued today placing the persons and property of Germans on the same footing of those of Austrians and Hungarians. The decree does not directly mention Germans, but states that allies of Austria are to be treated as enemies and their subjects and goods are liable to sequestration.

Prior to the war German property and interests in Italy were estimated to be worth $250,000,000. Their value is now placed at about $150,000,000. There are only a few German subjects now in Italy, and these
