AMERICAN LEAGUE HAS NO POWER TO HOLD PLAYERS

Attorney for New League Says Every Step Has Been Carefully Taken—Former American League Clubs Will Use Stars in National.

Chicago, Nov. 9.—The American League has no power to hold the players on the three clubs which have joined the new National League and every man on these clubs can play in the new organization next year, according to an opinion given tonight by Alfred Austin, attorney for the two Chicago major league clubs, and advisor in the drafting of the League plan for reorganization of the game.

Mr. Austin's opinion was rendered in response to statements from representatives of the five clubs, which are backing the new National League, that the league owned all its players and that the Chicago White Sox, New York Yankees and Boston Red Sox would be required to "take only their ball players into the new league."

"The players belong to the clubs and their contracts are made with the clubs," said Mr. Austin. "The league is merely a voluntary organization, which has no contract power over the men other than to prescribe certain clauses which may be put into contracts. I do not care to say at present whether even this power, which voluntarily has been given the league, is lawful."

"There is no doubt, however, that the Chicago, New York and Boston clubs, formerly of the American League, may take their entire playing personnel into the new National League, regardless of claims to the contrary, which may be made by Mr. Johnson and his five backers."

The new National League, however, is preparing for extensive court action and expects numerous injunctions to be applied for by the five American League clubs before they permit the players on the other three clubs to be taken from the league, according to representatives of the new organization.

"We expect bitter court battles," said one club owner, "but we have proceeded carefully and have no doubt as to the outcome. The new league is composed of the money-making clubs and they are ready to spend every cent necessary to win."

This club owner pointed out that if necessary the Chicago, New York and Boston clubs would be able to sue the new National League for the players in the American League if they so desired.

The three former American clubs are made up of many of the stars of the game, including Babe Ruth, Dick Kerr, Ray Schalk, John Collins, Carl Mays, Harry Hooper, Duffy Lewis, Jack McInnis, Bob Shawkey, Roger Peckinpaugh, Schang and Ward.

CAN'T TOUCH RUTH.—Determination to take Babe Ruth, home run king, into the new baseball league, formed yesterday in Chicago, repeated words of the new league's leaders of the "loyal five" that he be former contract of the American League under Vice-President Huston of the Yankees.

"They won't get anything like as close to Ruth as the crown prince got to Paris," he said.

WAR TO THE DEATH.—War to the death was declared here today by President B. B. Johnson, head of the American League and his five "loyal" club owners, in the fight against the formation of a new club-champ league.

President Johnson declared that clubs would be established in Chicago, Boston, and New York, and that the revolution in baseball would be complete.

JOHNSON ADVISES A HANDS OFF POLICY

Kansas City, Mo., Nov. 9.—The minor league baseball clubs of the country, in convention here today, were urged by President B. B. Johnson of the American League to follow a "hands off" policy in the case of the new National League.

President Johnson, here for the annual purpose of preventing the minor league clubs from joining the new National League in the League plan of reorganization, addressed the convention this afternoon.

Proponents of the new league and the League plan will meet later. The League plan, which is being engineered by the five American League clubs, is said to be favorable to President Johnson in the baseball war, failed to elect Johnson as president, and elected Secretary for ten years, and Mike Sexton of Rock Island was re-elected president.

Efforts were made to have Sexton re-elected as president, but not enough votes were mustered. It is planned, however, to give Sexton a salary for a year. Hereafter he served without compensation.

Previous to his address before the convention, President Johnson issued a statement declaring that "it was a war to a finish," and that the American League would place new clubs in Chicago, New York and Boston to replace those joining the new National League.

"What baseball needs is to get rid of some of its recalcitrant club-owners," he said.

President Johnson declared that he was in favor of granting the minor leagues equal representation on the proposed new National Commission, sharing equal power with the American and National Leagues.

The American League executive said the management of baseball should remain in the hands of men who have been successful in the development of the game, and that the new National Commission should be composed of men who are better qualified to handle the sport of the crookedness than anyone outside of the game.

He declared his opposition to the League plan, and urged the minor leagues to remain neutral in the major league war, and decided not to endorse the proposal to appoint a representative committee in an effort to bring about harmony.

MINORS AGAINST NEW LEAGUE.—The minor leagues adjourned without taking any action on the recommendation of the American League officials, the sentiment prevailing tonight that the League plan would result in a consideration from the minors at this time.

John H. Herrmann, owner of the Cincinnati Reds, and former chairman of the National Commission, will address the minor league leaders tomorrow, and explain the stand of the proponents of the League plan.

BROCKVILLE WANTS COLLEGE PLAY-OFF

Makes Offer for McGill-Varsity Saw-Off—News and Gossip.

An invitation has been extended by the Intercollegiate Rugby Football Union by the Brockville Football Club to hold the predicted play-off between McGill and University of Toronto on the Fulford grounds in Brockville.

Reviewing the Ottawa football season, The Journal says: "Columbia will gather on the football equipment of the Ottawas till another autumn trails around. Their great finish inspiring vision of a championship team next season, and with the wealth of material that the Q. R. R. has, there is no reason why they cannot take down the championship."

Reviewing the season, the current descends, one is inclined to hand considerable credit to the locals. The Brockville team, in all probability, played its last game. Now, that youngsters have been developed who will seek the breach, it is likely that Dave will seek retirement. Dave Gill and Doc Davies may also quit the team.

The year has been a success in many ways. The team broke even on the number of games won and lost. It beat out the varsity in the matter of points, and the varsity was kept from playing with outside teams.

The agreement of the A.A.U., of the Intercollegiate Union, the latter a member of the athletic union, is that the varsity should be suspended from all sport until such time as the varsity is able to play with outside teams. The varsity is now barred from all sport until such time as the varsity is able to play with outside teams.

Philadelphia, Nov. 9.—Dr. George W. Orton, manager of the University of Pennsylvania relay carnival, announced today that he had received a formal invitation to the athletic director at the University of Paris, inviting a French track team to compete in the big relay meet at Franklin Field next April.

This year Cambridge and Oxford were represented at the meet by a combined relay team and Oxford hung up a new world's record in the two-mile event. Dr. Orton said that he thought it would be a desirable thing to have a French team to compete in the big relay meet at Franklin Field next April.
