

## Hosiery Values of the Better Sorts

Here are items of interest from our stocks of Winter Hosiery. Hosiery values are not to be determined by price alone. A comparison of the qualities offered at various prices is the true test of values.

At every price you will find here better hosiery than is generally offered elsewhere at the same prices.

Here are a few of the values only:

**Ladies' Plain Cashmere Hose**, in Tans, 43c. to 65c. a pair.

**Ladies' Black Llama Hose**, soft and durable, 55c. to 85c. a pair.

**Ladies' Black Cashmere Hose**, medium weight, spliced heels and toes, 50c. and 55c. a pair.

**Ladies' Black Cashmere Hose**, with daintily embroidered fronts, 75c. a pair.

Our Great Hamburg, Lace, Undermuslin and Free Hemming Sales Still Continue

**REV. C. W. SQUIRES' ABLE ADDRESS TO EVERY DAY CLUB**

"Man is not wholly depraved," said Rev. C. W. Squires at the Every Day Club last evening. "Away with the doctrine of total depravity. There is something of divinity in every man. Sin is misdirected energy. The man who goes into a saloon is not totally depraved. He goes there because he thinks he can there satisfy a craving of his nature. He is misguided. If he could but see his true relationship to God, how different would be his conduct. Joseph was greater than Pharaoh, Samuel than King Saul, Elijah than Ahab, John the Baptist than Herod, Marcus Aurelius than Nero. Why? Because they were on the side of righteousness."

In opening, Mr. Squires referred to the wish of a man far advanced in life who had said he wished he could look out upon the beginning of the century with his youth upon him. How was it, asked the speaker, that the man who wasted his energy through youth yet remained? We are confronted today by the fact of progress. Any man who gives spiritual energy to another and enables him to make more of his life is a factor in progress. God is speaking to us today. There is a continuous revelation. The scientist makes a great and beneficent discovery has seen a heavenly vision. There is moral as well as material progress in the world today, and it lays upon us a great responsibility. It is to help all men to realize the idea of unity, that all men are brothers before God.

Dealing with the power of suggestion, Mr. Squires gave instances of the results of suggestion upon the minds of individuals and declared that a timely and wise suggestion by one man sometimes made a man of another. We should be very careful about the ideas we suggest to the minds of men. Away with the doctrine of total depravity.

#### PURIFIED HIS BLOOD

**Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores**

When the servers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and the result is a break out over the body. I say to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a place in my home and I was fed in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

#### WILL NOT PRESIDE AT PEARY LECTURE

**Springfield Mayor Calls it Side Show—Stipulation of \$1,000 Annoys Him**

Springfield, Jan. 17.—Mayor Edward H. Lathrop caused a sensation at the meeting of the Springfield Fish and Game Association, of which he is president, by stating that he had declined to preside at the lecture and introduce Commander Robert E. Peary when the discoverer of the North Pole comes to this city tonight. As the mayor expressed it, he refused to be "a part of the Peary side show."

He said that since his election as mayor he had discovered that everybody seemed to have the impression that it was the mayor's duty to officiate at all kinds of functions "and at every side show that comes to town." After two weeks of it, he had made up his mind that "it was time for him to look after Ed. Lathrop."

"When the manager of that man Peary, who discovered the North Pole came to me," said Mayor Lathrop, "and asked me to do the honors for him when he came here to lecture, I remembered that Peary had declared that he would not lecture in any city or town for less than \$1,000, whether he had any audience or not, and I then and there declared that I would not be any part of the Peary side show."

#### PRINCE RUPERT EXPECTS TO HAVE 10,000 IN YEAR

Vancouver, B. C., Jan. 16.—Prince Rupert is applying to the provincial government for a charter, building a ten thousand dollar hospital and asking for tenders for the construction of a sewerage system. There are nearly five thousand people at the new town, and the most conservative citizens estimate the possible population a year from now at ten thousand. The interest and excitement caused by the rapid development of the city is being dwarfed to some extent because of the mining boom along the Portland Canal. This mineral development promises to do for Prince Rupert what the British Columbia mining boom did for Spokane—people it with millions.

### WATER FAMINE IN MONTREAL THREATENED

Search All Night for Cause of Break Which Brought Danger of Fire and Disease

Montreal, Jan. 17.—(Special)—Montreal was threatened last night with a water famine on a large scale. A little before midnight, from all over the city, excepting the higher districts which are supplied by special reservoirs, came complaints that there was no water except on the ground floors. Gangs of men were sent out and could find no trace of any break.

It is supposed one of the 20-inch mains has broken under the street surface and is discharging itself into a sewer. Another suspicion is that the water mains from the pumping stations have broken under the Lachine canal.

At 2 a. m. the water in the large reservoir had fallen three feet and was falling gradually. Pressure in the fire stations fell sixty pounds. It is the greatest puzzle the water department has ever faced. Danger from fire and disease will confront Montreal by the morning unless the cause of the loss of water is discovered promptly.

What makes the affair so hard to reach is that nothing wrong can be seen. Officials of the water department were out all night on the hunt but at 2.30 a. m. without result.

#### WHITE KID SLIPPERS

When white kid slippers have been used to such an extent that they are a little soiled, they can be painted with oil paint, to go with the party frock. Oil paint should be used, being put on with a camel's hair brush. Metal buttons and ornaments may be painted with oil paint so that they will harmonize with some new frock. The painting of quilts and feathers is a decided accomplishment, but many amateurs do it, making very pretty ornaments out of them.

#### Had Heart Trouble.

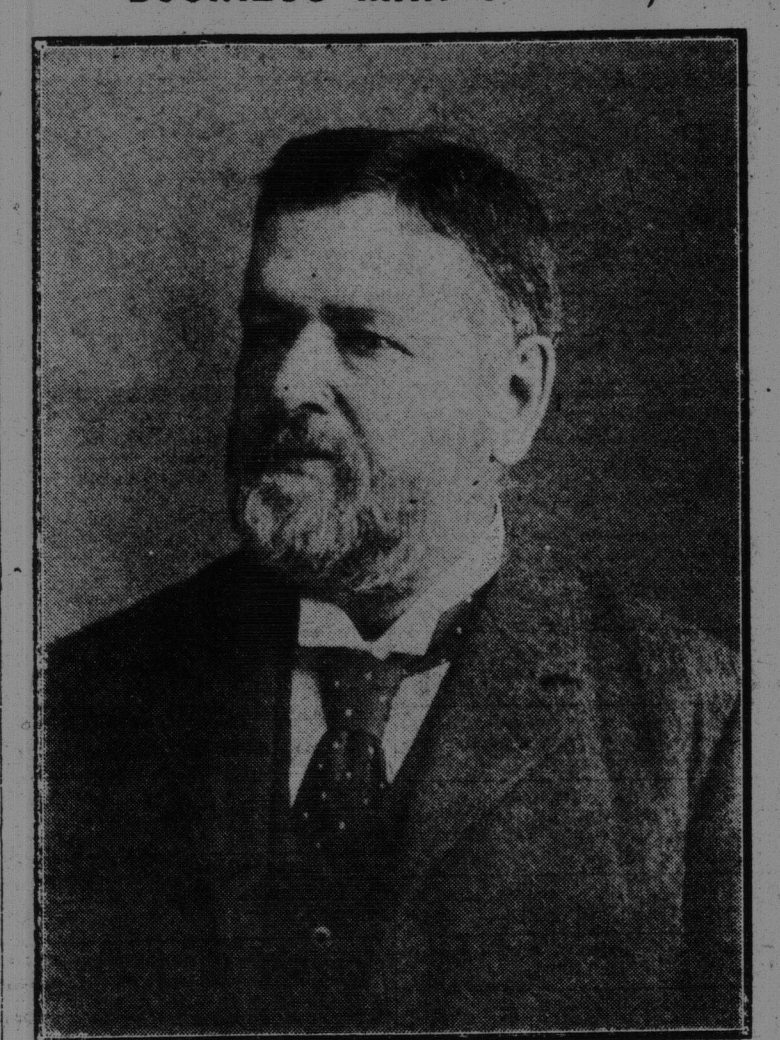

**Nerves Were All Unstrung.**

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.

\*\*\*\*\* Mrs. M. McGann, 443 Debe Junction, N.B., writes: "I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 135 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

## JAMES H. McAVITY, PROMINENT BUSINESS MAN OF CITY, DEAD

James H. McAvity passed away at his home, 185 Leinster street, at 1 o'clock yesterday afternoon. Mr. McAvity, who was 72 years of age, had been dangerously ill for several weeks and his death had been expected for several days. In his passing St. John loses one of her most prominent business men and one who had been a great faith in the expansion of the city. He was the eldest son of Thomas McAvity, at one time mayor of St. John and head of the firm of T. McAvity & Sons. Born in St. John (N. B.), 18th Sept., 1838, he was twice married, first on June 22, 1865, to Elizabeth Jane Stephenson, and secondly to Ella Elizabeth Ayer on June 12, 1877. The children of the first marriage are Ada L., wife of F. E. Came, of Montreal, and James Lupton McAvity, of this city. Of the second marriage the children are Alice R., wife of Henry W. Schofield, of this city; Emily L., wife of the Very Reverend Dean Schofield, of Fredericton, and Margaret Frances, of this city. Mr. McAvity received his early training with the firm of J. & T. McAvity, with whom he continued. He also commenced business himself about the year 1885 by purchasing the Kennedy brass foundry on Princess street. This business he largely increased. In the year 1870 he entered the firm of T. McAvity & Sons, who added the brass business to the hardware business formerly conducted. This firm greatly expanded until it became one of the largest in its line in Canada. In the year 1908 the firm of T. McAvity & Sons became incorporated as T. McAvity & Sons, Ltd., of which the deceased was a director.

Mr. McAvity was one of the foremost citizens of St. John, and by active, strong and determined effort joined to faith in his native city, assisted largely in building up here one of the largest brass industries in Canada. Mr. McAvity was active in many societies and associations in the city. He was a director of the S. P. C. A., Exhibition Association and the Penhill Cemetery Company. For many years he has been prominent in the congregation of Trinity Church, of which he was elected a vestryman thirty-four years ago, and has remained a member continuously. He also occupied the position of warden since the death of John Sears, eighteen years ago. In this connection it may be said that he acted on the building committee, of which he was one of the last surviving members, which had in charge the erection of the present church building.

The funeral will be held from Trinity church at 2.30 p. m. tomorrow, Tuesday.

## UNIONISTS MAKE FIRST DAY GAINS

Looks, However, Like Government Victory With Majority Reduced

#### DETAILS IN FULL

**Jebb Thrown Out of His Rival's Headquarters—One Suffragette Succeeds in Registering a Vote—Sir Gilbert Parker Loses Votes But is Elected**

London, Jan. 15.—At the close of the elections today the standing of the various parties, including uncontested seats was as follows:

Tories	43
Liberal	37
Labour	26
Nationalist	18
Unionist	18
Liberal gains	3
Labour gains over Liberal	3

Of the twelve seats contested in London the Liberals held seven, the Unionists five, and the Labour party two. In North Lambeth, Brixton and Fulham.

In the provinces the Unionists gained southwest Manchester, Salford, Salisbury, Rochester, Burnley, two seats in Devonport, Cambridge, Yarmouth, South, Wolverhampton west and south, Walsley, and two seats in Bath.

The Liberals won Manchester (north-west), Darlington and Grimsby.

The Labour gain was in East Manchester. The first engagement in the fight for tariff reform, a great victory and the supremacy of the lords as against free trade reform of the house of lords and home rule ended tonight with neither party in a commanding position.

The results of the polling today tend to confirm the forecast that the Liberals will retain control of the government with a greatly reduced majority.

The Unionists have gained an encouraging number of seats, although less than the twenty-nine which they expected to take away from the Liberals out of the seventy-four contested.

Sir Henry Norman, the Liberal journalist, who is well known in America and who recently was appointed assistant postmaster general, was beaten at Wolverhampton, south, by a small majority. In order to have him retain his place in the cabinet he will be nominated from another borough.

Waldorf Astor, and Sir H. Mortimer Durand, the former ambassador to the United States, who contested the two Plymouth seats as Unionists, were defeated, but cut down that city's Liberal majority from 2,367 in 1904 to 946.

Davidson Dalziel, a promoter, and at one time conspicuous in Wall street, running on the Unionist ticket, turned out J. H. Seaverns, a Liberal, and former American, from his seat for the Brixton division of Lambeth.

W. J. Joynton-Licks, the Unionist who

beat Winston Spencer Churchill in the Manchester by-election of 1908 by 423 votes, loses his seat to Sir G. Kent, Liberal, by 783.

The Right Hon. G. Wyndham, who will be Governor General of Canada if the Unionists take on the government, carried his seat by a slightly increased majority.

The Liberals took away thousands of votes from Sir Gilbert Parker in the Pease division, but he retains his seat as a Unionist.

The famous barrister, Rufus Isaacs, keeps Reading for the Liberals by a small majority, but Russell Res, a prominent shipowner whose face was familiar at the recent peace conference, loses Gloucester to the Unionist, H. Terrell.

J. T. Lincoln, Liberal, ousted H. Pike Pease, one of the most prominent Unionists from Darlington by twenty-nine votes, while Premier Asquith's brother-in-law, Sir E. Tennant, lost his seat for Salisbury to the Unionist, G. Locker-Lampson, by 315 votes.

Richard Jebb, a vigorous tariff reformer, furnished one of the most interesting events of the day. He visited the headquarters of his rival to denounce charges against him. A fight followed and Jebb was thrown into the street.

## Emulsified Oil

When the doctor says you must take Cod Liver Oil he means Emulsified Oil and not the crude oil which is very heavy and hard to digest.

**Scott's Emulsion** is the world's standard preparation of Cod Liver Oil; it is very easily digested and immediately absorbed, and will not upset the stomach like the crude or plain oil.

## ACTION AGAINST CITY LIQUOR WHOLESALERS

Hopewell Hill, Jan. 14.—The Albert County Council closed last night after three days session. The total assessment for the new year will amount to in the vicinity of \$12,000, several thousand dollars less than last year. There are now \$18,000 worth of railway bonds outstanding the last falling due in 1912.

The Scott Act inspectors report showed a debit balance of \$130, exclusive of salary of \$290.

The inspector was instructed to take proceedings against three wholesale liquor dealers in St. John, against whose importations have already been laid.

A motion was passed instructing the secretary-treasurer to call upon Police Magistrate Peck to make returns of fines collected by him under the summary conviction act and under the Canada Temperance Act.

E. C. Corp was elected auditor for the ensuing year.

## G. P. R. EUROPEAN MANAGER DEAD

London, Jan. 16.—Archer Baker, European manager of the Canadian Pacific Railway, died here today.

Archer Baker was born in England in 1845, but emigrated to Canada at an early age. He held the position of secretary-treasurer and general manager of the Brockville and Ottawa and Canadian Central Railways for some years and then became the general European traffic agent at London of the Canadian Pacific Railway.
