

HAMILTON ROAD SCHOOL.

The Report from this School for 1874 showed that it had been seriously affected by the opening of a new Methodist School on the adjoining street. We regret to say that during the past year it has been more seriously affected by the removal of some of the teachers whose places could not be filled, although an appeal was made to the Central School for help, and it was finally resolved to close the School on the last Sabbath of December. This has been done.

This School was established some 20 years ago by the Presbyterians, and has been sustained through many difficulties, and it was with great reluctance the resolution to close it was adopted. The children will not, however, be destitute of Sabbath School privileges, as there are other Schools now in the immediate neighbourhood.

How true it is, "One soweth and another reapeth."
