REV. MR. HAND'S CAMP WAS BURNED DOWN

Former St. John Minister's Vacation Interrupted—Will Try the Restigouche Salmon Fishing

Calais, Aug. 22—Rev. J. Edward Hand and Rev. R. A. Macdonald returned home Monday evening, rather sooner than they anticipated from their fishing trip to the headwaters of the Restigouche river, the building known as Residence 18, which they occupied, having been destroyed by fire on Friday, Aug. 6—Rev. Messrs. Hand, Macdonald and Howell left the residence at six o'clock on Friday morning for McKel Brook, five miles away, leaving everything safe and shipshape, and when they returned in the evening a heap of ashes marked the site of their temporary residence. They lost all of their personal belongings, which were valued at \$250. It is thought that parties looted the residence and then burned the buildings, believing that the general impression would be that the property was destroyed through carelessness. The property was safe at noon, according to the account given by the Rev. Mr. Hand, but was destroyed by the fire, which will follow out his original plan and will spend the remaining days of his vacation at the famous Restigouche salmon fishing grounds. Rev. R. A. Macdonald left Tuesday evening for Harvey, N. B., where Mrs. Macdonald is now visiting relatives.

New Navy Blue and Black Worsted Serges

THERE is now a great scarcity of these materials but we had fortunately prepared far enough in advance so that we have at present a good supply of Navy Blue and Black Worsted Serges but we would advise our patrons to purchase early.

The prices are much lower than they will be later on, and in addition to the economy of buying now there is the certainty of being supplied as it is likely that more of these goods will not be obtainable if the war continues.
