### BASEBALL.

#### Carried Out Freak Bat.

Nashua, N. H., Oct. 16.—Moses Richards, in his stockings and with his knees protected, rolled a "giant" from the corner of Trolley and Canal streets to City Hall tonight, and finished the distance of three-quarters of a mile. He began at eight o'clock and finished in one hour and fifty-three minutes, quite exhausted. The feat was in payment of a bet with Edwin Latour on the World's Series. A large throng watched the feat.

#### "Bone" Plays.

A fan in New York city has compiled a record of the chief "rock" plays made in the last fifteen years. Here is the record he furnishes:

When "Bill" Devery accomplished the release of George Stallings as manager of the Yankees.

When Fred Merkle forgot to touch second and thereby robbed the Giants of a pennant.

When Frank Chance traded "Hal" Chase for Boston and Rollie Zeigler.

When "Chubby" Charley Ebbets refused to pay Joe Tinker the salary demanded by the latter to play with Brooklyn, which resulted in the "making" of the Federal League.

When Cincinnati traded Mathewson for Amos Rusie.

#### Duffy Lewis' Batting Record.

Off every one of the Philadelphia pitchers Duffy Lewis helped to swell his batting average. His batting record since joining the Red Sox team is:

| Games.           | B.H. | Av.  |
|------------------|------|------|
| 1911             | 151  | .280 |
| 1910             | 139  | .280 |
| 1912             | 154  | .284 |
| 1913             | 146  | .286 |
| 1914             | 146  | .275 |
| 1915             | 152  | .292 |
| For six seasons. | 882  | .291 |

#### President Ward Dead.

President Robert B. Ward of the Brooklyn Federals, died last night, after a short illness, at his home in New Rochelle. He was sixty-three years of age. The question now arises, will his death have any effect on the future of the Federal League?

#### ATHLETIC.

#### School Boy Makes Record.

San Francisco, Oct. 16.—Frank Sionam, a San Francisco High School boy, broke the world's interscholastic 440 yard record in a sanctioned meet here today. His time was 48 1-5, three-fifths seconds faster than the record held by Ted Meredith.

#### RING.

#### Jim Jeffries Crippled.

The cords in the biceps of Jim Jeffries are tightening again and the champion never does any boxing now days. Eight or ten years ago the trouble first came on him and athletic exercise of any kind was prevented.

#### News of the Boxers.

Eddie Mack, a Boston manager of boxers, is planning for a busy winter. He has added Tommy O'Keefe of Philadelphia to the string he is going to play along the circuit.

Forky Flynn and Battling Levinsky are going to try their bout on the Portland, Me., fane Oct. 25.

Johnny Harry who is to meet Charley White in Boston tonight has been after a bout with White for some time. He has also been trying for a crack at Champion Freddie Welsh, and must have been considered a worthy opponent by the promoters when they offered to hang up a good purse for that bout. He was once signed to meet Welsh at Columbus, O., but Welsh hurt his hand on the night previous in a bout in Canada. Charley White was accepted as a substitute, but when the promoter wanted to cut down the purse the match fell through.

Rocky Kansas, a Buffalo lightweight, has a manager who thinks him capable of boxing two 15-round bouts on the same night for \$5,000. He has signed for Kansas to box at two New Orleans clubs on October 25.

Tommy Wals, manager of Joe Wandot, writes that everything is all arranged for Wandot to box Ted Lewis in Boston on October 26.

## DONNOLLY BROS. ARE GOOD PLAYERS

### High School Victory Attributed to Their Good Work

(Frederickton Gazette)

When the St. John High School football team romped away with an 18 to 0 win over Frederickton High School here on Saturday, they administered the worst trouncing ever received by a fifteen representing the local institution. The visitors didn't have the best team that St. John High School ever turned out, by a long way, but it is true that the local school are surely short of football players this fall in a size way of telling how inferior the local team is when compared with others that have won the yellow and black during the last few years.

The victory from a St. John standpoint was a purely Donnolly one. Capt. Bill Donnolly and his brother Russell started out to show which one was the best footballer and when the whistle had blown for the last of the second half it was found that both players were "even" Stephen in regard to scores, each having made three tries.

No other St. John players got over the line during the afternoon, and the eighteen points scored by the visitors were credited to the Donnolly brothers. Captain Donnolly has been playing with St. John High School for the last few years and his work was no surprise to the spectators, but his brother Russell is the best footballer of the family. He gave a fine exhibition of line plunging on Saturday and was always in evidence when in the yellow and black territory.

St. John High School have won two games in the Interscholastic League's record and on the form displayed on Saturday, they have an exceptionally strong forward line for a high school team, and their back division is composed of players who are speedy and can tackle. They greatly outclassed the locals, and the game was never in doubt.

## MORAN CALLED "THE DAVID HARUM OF THE BASEBALL GAME"

"The David Harum of Baseball" is the title that can well be applied to Pat Moran, who is now in the class of pennant managers with Bill Carrigan of the Boston Red Sox, writes William J. Slocum of the New York Evening Sun.

A glance over the Phillies' roster shows that a majority formerly played with other clubs and many of them were with rival teams within the space of 12 months. Moran, starting his career as a major league manager was the busiest trader in the market last winter and none will deny that his trades bore fruit.

Fans were inclined to call Miller Huggins the David Harum of the sport as a result of his big trade with the Phillies, but it must be remembered that it takes two to make a trade, and it was Moran who agreed to take certain players in exchange for his passing stars. He went to the Cardinals to pennant contenders the following year, while the Phillies dropped far down in the standings. But Moran did more trading than Huggins and he cashed in his returns, for a pennant.

It is true that some of the trades were forced upon the new manager of the Phillies, but it must be remembered that it takes two to make a trade, and it was Moran who agreed to take certain players in exchange for his passing stars. He went to the Cardinals to pennant contenders the following year, while the Phillies dropped far down in the standings. But Moran did more trading than Huggins and he cashed in his returns, for a pennant.

## LONGSHORE TROUBLE AT PORTLAND

Managers Ready to Give Two Cents Raise But Not 10 Cents Hour Extra for Nights, Sundays and Holidays

Portland, Me., Oct. 19.—There is a possibility that the transatlantic business from this port may temporarily disappear as an outcome of the trouble now existing between the managers of the great lines of ocean-going steamships and representatives of the longshoremen. The managers of all the lines are willing to give the men an advance from thirty-three to thirty-five cents an hour, but they are not willing to go further and to give them an increase of ten cents an hour for night, and Sunday and holiday work.

The managers insist that business conditions, to say nothing of the great war in Europe, will not permit the advancing of the rate of wages here at this time. They believe that the men are very well paid as it is, and that taking into consideration the improbability that the lines will be able to secure any particularly large portion of the passenger business if any at all, they hold that the men are ill-advised and that Portland is not ready for an industrial war.

The men say that they do not want a strike or to interfere in any way with the commerce of the port and will less to lessen it. They believe they have not made an unreasonable request but they say that there is very great uncertainty whether there will be work for them steadily or anything like it during the winter, and that the full assurance of there will not be work at all next summer unless there are a few tramp steamships sent from here for cargo of provisions or horses for the allies.

They insist that they ought and do know better than anyone else how much the work is actually worth, and they do not see their way clear to accept the wage rate of the season of 1914-15.

The managers say that they can not and will not give the men an advance of ten cents an hour for night and holiday work. There is no strike but the men, like the managers, have of late been looking the future in the face and there can be no doubt that this part of Maine, and Portland in particular, may see the greatest industrial struggle for many years in this state.

Collector Emmons said that there has been no formal protest made by any one against the forwarding of horses from here to England and France to serve at remounts, and the stock-yards at East Dering have been fitted up so that they will take 1,500 at once.

### FURTHER WORK OF MUNITIONS MAKING IN DOMINION

Ottawa, Oct. 18.—Further progress was made today by D. A. Thomas, Lloyd George's representative in Canada, and the two British experts who came out, Sir Frederick Donaldson and Lionel Hitchens, towards securing an effective reorganization of the work of manufacturing war munitions in Canada. While the proposed new commission will be practically under the control of the war office, there is no desire to override in any way the wishes or the plans of the government here in regard to personnel or work.

There are over 900 firms in Canada employing some 175,000 men now engaged on war orders of one kind or another. It is believed that under proper organization the present output can be more than doubled, and the number of firms capable of making shells or other munitions can be increased probably 100 per cent.
