### HOCKEY.

#### Ottawa Defeats St. Patrick.

Ottawa, March 10.—Playing with the old time dash and determination which took them through the first half of the National League schedule to win with several games to spare, the Ottawa Senators blanked the St. Patrick team of Toronto here tonight, in the first of the post season games to determine who will defend the Stanley Cup against the Pacific Coast League, by a score of 5 to 0. Soft ice made the skating and puck carrying extremely difficult and the enormous crowd that attended was treated to a very ordinary game of hockey. The terrific pace set by the Senators, however, kept the interest alive and the game was a hard, grinding struggle for both teams, with the Senators on the attack throughout.

#### For N. B. Championships.

A. W. Covey, president of the M. A. A. U., announced last evening that final arrangements had been completed for the play-off of the Chatham and Sussex teams at Moncton, for the championship of New Brunswick. ## HIGH TARIFF WOULD BE SUICIDAL FOR AMERICA

Our lawmakers, with their eyes on their constituents and their tongues in their cheeks, have been performing opera bouffe. Their antics promise to end harmlessly this season. The tariff guns they have been so noisily firing have been filled with blank cartridges. Mercantile used to keep circus audiences in roars of laughter by rushing hither and thither pretending to be helping prodigiously to get things done, yet he never accomplishes anything. Similarly, tariff-makers have been for the most part clowning. They have been going through the motions, but that's all. Without here discussing the merits of high tariffs in the past, let it be declared emphatically that America's relationship is in the latest of ourselves (as well as to foreign trade has undergone complete transformation since pre-war days and will be made to restore the equilibrium of Chinese walls against importations from other countries. Europe owes us several times as much as the total amount of Magazine (N. Y.).
