URDANG'S NEW STORE

Bright, Modern Premises Attracting Much Attention

A decided acquisition to the business community of Union street is the remodelled store of Louis Urdang, now about completed.

For the past four weeks H. Davis, contractor, has been busily on the job and the result is a complete transformation of the store, which is now one of the most modern in the neighborhood.

Not only has the appearance of the store been completely changed but more floor space has been increased, fully fifteen feet having been added to rear of store. New shelving has been installed, a steel ceiling put in and hardwood floor laid.

Perhaps the main feature of the store is the modern windows sixteen feet wide by six feet deep. This fine display space affords ample opportunity to show goods to the best advantage. Over the windows prism glass 16x2 feet throws the light to the rear of the store.

Indirect electric lighting will illuminate premises by night and every care has been taken to make the store up-to-date in every respect.

Both the proprietor, Mr. Urdang, and Contractor Davis are being heartily congratulated on the splendid job.

The Boys Are Coming Back!

How we thrill to the message—Have we left anything undone to make their home-coming more joyous? Dreary months, in mud and trench, they have dreamed of home. Now, will our homes measure up? Are they all that we can make them in comfort, in charm, for the lads who have been defending them on foreign fields?

This store has been putting its best foot forward in planning for this Spring Home-coming. Never, we think, have our assortments been so complete.

HOW WILL YOU BEAUTIFY YOUR HOME THIS SPRING? The problem will be no longer a problem once you see our displays.

LORD SHAUGHNESSY ON LABOR'S DEMANDS

(Montreal Herald.) Lord Shaughnessy showed the right attitude towards the labor problem when, at the banquet on the occasion of his return from the old country, he said that the present labor unrest involved something more than the question of hours and the rates of pay. He sees in this unrest a striving towards a higher standard of life on the part of the masses—a determination to lead healthier, happier lives, with the elimination of the squalor and misery which has too often in the past been associated with labor.

The whole inference from his lordship's remarks was that it is the duty of all classes of the citizens to show a spirit of sympathy and co-operation towards this new social evolution, to help to build up the national idealism, and to promote a feeling of brotherliness between east and west, north and south, between every race and every class of citizens.

This is undoubtedly the spirit which should obtain. It involves a much greater attention than in the past to political and municipal problems. The best elements in our community have too often been content to leave politics, municipal, provincial and federal to professional politicians. They have not shown the public spirit that they should have shown, but have allowed themselves to become wholly absorbed in business to the neglect of the higher interests of the nation. If the great changes in our whole national life which are now under way are to be carried out by constitutional and not revolutionary methods then it is imperative that the best elements of all classes of the citizens should unite in far greater degree than in the past in administrative and educational work. In building up a more prosperous and more truly democratic national life, we in this country have not so many obstacles in the way of café and tradition to overcome as is the case in the old country, and there is no reason why we should not lead the way in building up an ideal democracy.

Are You a Futurist?

Not the kind of futurist that thinks and draws distorted angles queerly arranged; but the kind who is now looking to her future Spring wardrobe while choosing can be done with discrimination.

Your "MAYER-KNIT" Pullover Sweater has just arrived from its original home in New York.

You may choose a Silk Pullover this season as well as a Woollen one, too. The colors? Well, we estimate that most every color is represented.

You know "Mayer-Knit" Sweaters are sold exclusively at MAGEE'S in St. John, and we've saved this to tell you—there are no two alike.
