Brewer Loyal to Game.

Frank Leonard was in Brewer, Me., this week to confer with Manager H. H. Hackett of the Eastern baseball nine, relative to his attitude of the Brewer fans toward a move in Bangor, the adjoining city. As a result of that conference, Manager Hackett said that in the event of Mr. Leonard's succeeding in Bangor, the South Brewer association would not become active this season, as its members do not wish to put any stumbling block in the way of having a good live ball nine in the vicinity and they feel that there is a hardy support for it.

It had been Mr. Hackett's intention to get at work immediately on the reorganization of the Eastern nine, which was materially weakened by the departure of most of its best men at the end of the season. The first game of the year had already been considered and practically scheduled, but if Mr. Leonard carries out his plan, Brewer's park will not be in great demand for ball games, except by the strictly amateurs.

AQUATIC

John Keats is Dead.

The death of John Keats of New Haven, one of the world's oldest boat-builders and a contemporary of Bob Cook and other famous Yale oarsmen, removes a well-known and highly respected follower of rowing. He built the boat in which the Yale crew of 1875 rowed. This was the beginning of his fame and he soon built for the Midlars, Wesleyan, and Courtney, the Cornell coach. He was at one time employed by the late John Blake of Cambridge and it was with a view to having the college boats built at home that Keats was induced by Yale to start a shop at New Haven.

Mr. Keats built shells for Oxford before moving to the United States and after a four-year residence in Cambridge he returned to England, married and brought his bride to the new land.

Pierce in England.

Harry Pierce, Australian challenger for the world's sculling championship, has arrived in England. He says that he is in fine shape and made his plans to go into active training at once for his match with Barry on the Thames in July. They are to race for stakes of \$2,000 a side, and although the articles had not been signed on the arrival of Pierce, the cable exchanges had them tied up fairly well. By this time the match must be fully made and will give the oarsmen about 10 or 12 weeks in which to get in prime fettle for the big race.

When Pierce left home he was bested with no less than three challenges for the championship of Australia, which he relinquished and which is now held by Padston, who has been challenged by and matched with Dick Armat, and the race will be rowed this month.

Will Consider Challenge.

A special meeting of the New York Yacht Club is called this evening to consider Sir Thomas Lipton's unqualified challenge for a match for the America's Cup.

RING

Bouts Tonight.

Steve Kennedy vs. Young Britt, Lawrence.

Bob Lee vs. Kid Pluto, Brooklyn.

Toronto Bouts; a Question.

If the statement from Toronto that the ring in which the Canadian amateur boxing championships at the Toronto Arena were contested, is a fourteen-foot affair, it is an effort will be made to have the decision set aside as championship results and to have the battles fought over again.

The rules distinctly state that the ring in which the Canadian amateur championships shall be fought shall not be less than sixteen nor more than twenty-four feet.

One of the direct results was that Harry Beveridge, the M. A. A. crack, was knocked out in the first round. Beveridge is a boxer. As a boxer he is one of the prettiest and cleverest of his class among the amateurs. But as a boxer he must have room to move. Put a man of his class in a ring with a "slugger" who has little or nothing but a "kick" and the result is almost a foregone conclusion.

Under Suspension.

New York, April 23—Co-operation between the French commission and New York State authorities controlling boxing was made effective today in the case of George Gunther, a Philadelphia heavyweight, and Tom Leary. The state boxing commission upheld the action of the French federation of boxing clubs in suspending Gunther and Leary, the former for failing to fulfill a contract to fight and the latter for fouling. The suspension of each is for three months, from March

Carpenter, The French Boxer, Developing Into a Heavy Weight

By TOM ANDREWS

The reports from the other side of the big pond that Frank Klaus and his manager, George Eagle, had left Paris because George Carpenter, the French champion, had run out of the proposed match with the Pittsburgh boy for the middle-weight title of Europe, does not sound quite right.

The chances are that the match fell through because the Frenchman could not make the stipulated weight—160 pounds at 3 o'clock—which is the middle-weight limit in that country and also in England. Carpenter has proven himself too good a fighter to be credited with a case of "cold feet." A boy who has had battles with such men as Papke, Klaus, George Gunther, Marcel Moreau, Bandman Rice and Cy-Kone Smith within the last few months, is not very much afraid of the cars. George Gunther, a colored 168-pounder, is a pretty tough proposition for any of the middle-weights, as he has proven many times, and Carpenter knocked him out in fourteen rounds.

The truth of the matter is Carpenter is getting beyond the middle-weight limit and cannot make the weight any more, that is, he cannot do 160 pounds, and the chances are he refused to put up a forfeit for any such weight.

About 170 would probably suit him much better. The trouble is the Frenchman has been badly trained at times and has made weight that simply "killed" him when he got into the ring. He is over six feet in height and more, that is, he cannot do 160 pounds, and the chances are he refused to put up a forfeit for any such weight.

only coming twenty years of age, so it can easily be seen that the boy's frame is such that he should scale over 160. He should develop into a good heavy-weight, and if he can only retain his speed, science and strength, he will be heard from in that class. It will not be surprising to hear of Carpenter being matched with Bombardier Wells, of England, before long. Both are of about the same build, and with the Frenchman's increasing weight there will be little difference between them.

In the meantime Frank Klaus claims the title of Europe, but he will have to get back there to defend it as there will be many challenges hurled at him now. Harry Lewis, an American middle, who was hurt in an automobile accident in London, seems to be back to form again and is after Mr. Klaus. There are several others, too, who seek his scalp. It is just possible that Klaus will be matched in France with Eddie McGoorty in place of Billy Papke, as overtures have been made with the Wisconsin boy for such a contest.

THE MAINSTAY OF THE GIANTS

Christy Mathewson, the evergreen twirler of the New York Giants, in action.

Every year critics say that Matty has seen his last season as a baseball star, but he always comes up fresh and strong, and shows more stamina than the younger men during the season. His whole secret is in keeping in condition all the year around.

17 and March 8 respectively. The French commission sent word also that Billy Papke, middle-weight of Kewanee, Ill., had been suspended for the rest of the year for willful fouling of Frank Klaus after repeated warnings by the referee. The state body did not act in this case because Papke already is under indefinite suspension here.

Canadian Defeated.

Indianapolis, April 24—Ray Bronson, of Indianapolis, received a popular decision over Hillard Lang, a Canadian welter-weight after ten rounds of fast fighting here last night. At no time during the bout did Lang have the better of the local man, while the sixth and seventh were Bronson's by a large margin. In the tenth Lang saved himself by hanging on.

Bouts in New York.

New York, April 24—Young Shugrue of Jersey City, aspirant for the lightweight title, defeated Johnny Lore here last night. Phil Cross, brother of Leach, outfiggited Young Jack O'Brien of Philadelphia.

WRESTLING

Goths and Pole Meet.

Chicago, April 24—Stanislaus Zyzsko defeated Constant Lemartin last night in two straight falls. The first fall was in 35 minutes, and he put his man down a second time in 45 minutes, using a toe hold both times. It is understood that

GANLEY'S PLANS FOR THE CAPITAL BASEBALL TEAM

The Frederick Gleaner says—Twelve players have agreed upon terms with Manager Bob Ganley to play with Frederick in the N. B. & Maine Baseball League this season, according to information which came in a letter from the manager yesterday afternoon.

It is impossible to make satisfactory arrangements for the use of the Winter League Club's grounds at Holliston, Mass., Manager Ganley has decided to have the team do their training at Lowell, Mass., and the players are being notified to report there on Monday, May 6. The squad will remain at Lowell for about ten days, and it is expected that about 25 players will be working out.

The players will make their headquarters at the new Y. M. C. A. building in Lowell. The league clubs are given until June 6 to get their squads down to the \$1,000 a month salary limit, and it is hard to say how many players Manager Ganley will bring here with him for the opening of the season.

The following players from Lowell, Mass., have been taken on for tryouts: Pitchers—Prescott, McMahon and Briggs.

Catcher—Doore.

Infielder—O'Day.

Among "hoops" vouching for Catcher Doore is Charlie Sharkey, Lowell, south-paw twirler, who was with Frederick last season.

There are several other players who have agreed on terms and have been ordered to report at Lowell on May 6. They are: Frank Flynn, of Quincy, Mass. He is a right-hand hitter and plays the outfield and can also play infield positions.

George Morgan, of Boston, Mass. He is a left-hand hitter and an infielder. He is recommended by Louis Peiper, manager of the Lawrence team of the New England League.

James D. Duff, of Pittsburgh, Pa. He is an infielder and is recommended by Pat Donovan, former manager and now scout for the Boston Red Sox.

Bill Devine, of Boston, Mass. He is a left-hand pitcher and is likely to have a new name when the season opens.

As to how many of the players of last year's champions will be back here this season, Manager Ganley has not vouchsafed any information, neither has he stated how many of the players awarded in the shuffle of the Houston and Woodstock squads will be with the locals when the team gets down to work.

It is known, however, that he has been in touch with Manager Bill Donovan of the Providence Club as to Frederick securing both Pat Duggan and Dodo Fitzgerald this year in the event of their being let out by the International Leaguers.

He is also in touch with other players of last season's team, including the Conley brothers. They are going to Boston College, and therefore may only play independent ball this season.

The next letter from Manager Ganley is expected to bring information as to his success in doing business with Charlie Martini and Jack Watt.

The Frederick club has some trades for players in mind, and it is said that stranger things have happened than for Manager Ganley to pull off a trade which will bring "Diddy" into Frederick as first baseman of the Pats.

HARVARD STUDENT SUICIDE AT END OF CAMBRIDGE BRIDGE

Boston, April 24—Standing in the doorway of a tower on the south side of the Boston and of the new Cambridge bridge, London Donahue Tennant, 25 years old, of Cambridge, a first year student in the Graduate school of Business Administration, Harvard University, committed suicide by shooting himself through the right temple. An ivory handed revolver was found clutched in his right hand following the discovery of his death by Dominick Connors, a bridge attendant.

The suicide graduated from De Pauw University, Terre Haute, Ind., in 1912 and lived in that city.

Medical Examiner Magrath found membership cards and other documents in the pockets of the dead man that led to the identification. Dr. Magrath said that he knew the relatives of the young man and that he would personally notify them. This statement by Dr. Magrath ended promptly the investigation of the police, who do not know why Tennant killed himself.

When the bridge attendant found Tennant he was lying face downward in the little balcony surrounding the tower and overlooking the Charles River. On the esplanade, across the river, little children

were at play, while scores of persons passed the other side of the tower all unaware of the fact that the body of the suicide was lying in the balcony.

Son (indignantly)—"Why, he said I looked like you!"

"Really, Mr. Wombat," declared the tailor, "you must do something to catch up with your account." "I guess I do owe you a good bit," admitted the delinquent one. "Well, I'll tell you what I'll do to catch up. I'll order only one suit 'til fall instead of my usual three."
