Although very weak last night, Mrs. Ross showed improvement and Mr. Ross came on to St. John and will take the next boat for England.

"Cocoanut and Palm Oils

give this famous laundry soap its extra cleaning power — says Mrs. Experience

"Sunlight is so much more than ordinary laundry soap! It is a pure soap made from cocoanut and palm oils—two of the gentlest and most thorough cleansing materials ever discovered.

"These cocoanut and palm oils, I happen to know, are produced on the makers' own plantations. They are purified and blended to such a degree of perfection in Sunlight that it is really the most labour-saving, time-saving and economical soap I've ever used.

"Sunlight, of course, is purity itself—it contains no adulterating materials, which are useless to women as soap, but are often put in to make a bar look bigger. Every bit of Sunlight is pure, cleansing soap, so it just cleans and cleans and cleans—you can use it for every household purpose, for a little of it goes a long way. Sunlight keeps your hands soft and comfortable, too!" Made by Lever Brothers Limited, largest soap-makers in the world.
