Which of these Barrett money savers can help you the most?

Barrett Roofings

Elastastic Mineral-Surfaced Roofing. The most beautiful and enduring roofing made. Slate-surfaced in soft shades of red, green, or blue-black. Highly fire-resistant.

Elastastic Smooth-Surfaced Roofing. A roll roofing that is tough, pliable, low in price, easy to lay. Made in light, medium and heavy weights. Nails and cement with each roll.

Elastastic Multi-Shingles. Four-shingles-in-one. Made of high grade, thoroughly waterproofed felt, surfaced with red, green or blue-black slate. Laid at far less cost in labor and time than wooden shingles. Size 36 x 18 inches.

Elastastic Giant Shingles. These "Giants" for wear and service are made and laid three to a strip. Their fadeless slate surface in red, green or blue-black, never needs painting.
