SALMON MARKET

Strong for Futures---The Old Packs Are Reported to Be Well Cleaned Up.

(From Thursday's Daily.)

ed there are no 1907 pinks to be had from first hands, outside of some Britfrom first hands, outside of some brish Columbia, and the expected pack of the latter are well sold up, as is the expected pack of Alaskas and the expected pack of Alaskas and ARGUMENT IN other packing sections. It is thought that fully 75 per cent. of the estimated 1907 pack has been sold already. The price asked is 75c. f. o. b. Victoria or ancouver for chums for export. The pack of pinks in British Columbia is not large, neither is that of chums, owing to their packing by hand, which is more expensive. The pack of both chums and pinks last year aggregated only 68,305 cases out of a toal pack for the coast of nearly 900,000. Last year's PORTIONS OF LOST THEIR LIVES the coast of nearly 900,000. Last year pack was the largest in the history of the industry, except in 1802, when the nink pack aggregated 876,-768. Notwithstanding the large pack of 1906, everything was sold at an early day, with still more wanted. The principal buyers were the Southern States, Mexico, Central America and South America. What the pack will be this year is entirely problematical, and all figures made would be large guess work and based on the proposition if the fish run and are caught and packed. It nearly as heavy at other points.

Fifteen or more bridges were washed away, railroads washed out, and at Grafton a church from Rowesburg passed down the raging river.

At Thornton the water was five feet over the Baltimore & Ohio tracks, and several houses washed away.

At McComs the water came in a immense wave, wrecking the house of Mrs. Mary Ballard, carrying off three for her small children, whose bodies have not been recovered.

The last official data made public of take much Alaska reds.
