The Emperor and Empress this week attended several interesting races at the Garton, near Berlin, especially the great army five kilometre hurdle races on Friday, in which the horses were ridden by officers exclusively. His Majesty personally distributed the prizes. The Emperor was also present at the silver shield race, of 2,400 metres. Several serious accidents occurred, a gentleman named Freysleben receiving fatal injuries.

Emperor William will go to Kiel, June 20th, to attend the launching of a warship which the Grand Duke of Baden will christen Saeragen. A couple of days later His Majesty will unveil a monument erected to the memory of the cavalry general, von Rosenberg, at Hanover, the fund for which was raised by contributions from army officers.

The latest list of German naval officers shows 1,430 on active service, and 539 on leave of absence, among them being two admirals, seven vice-admirals, and 12 rear-admirals. The list also contains the names of 424 midshipmen, an increase of 197.

TORNADO IN OKLAHOMA.

It Levels the Town of Eddy—One Man Killed.

Perry, O. T., June 8.—The storm which passed over eastern Oklahoma last night was one of the most severe since the opening of the strip. A feature of the storm was the extent of the mortality covered. Sweeping down from the Kansas state line and covering about fifty miles in width, the wind, rain, and hail swept over the country as far south as old Oklahoma. The fury of the storm was at its height at about 6:30 p. m., which formed at a point near the Kansas state line, and just on the county lines of Kay and Grant, Oklahoma. The twister took a southwestward swing through Kay county. The little town of Eddy was struck and of the 12 or 15 buildings in the place, all were leveled to the ground except the railroad station and an elevator. The people of the town sought places of safety. One unknown man was killed and several persons were slightly injured by flying debris.

MRS. BOTHA IN ENGLAND.

She refused to grant an interview, but a son of ex-Secretary of State Fischer, who accompanied her, informed a representative of the Associated Press that Mrs. Botha was going straight to London, and later would proceed to Holland and Belgium, but that the date of her departure for the continent had not been fixed. Mr. Fischer was unable to contact Mrs. Botha to report that Mrs. Botha had come on a peace mission. He was released on parole in order that he might accompany her.

THE PRINCE CASE.

Defendant Collapses and Necessitates an Adjournment.

Kansas City, Mo., June 8.—Lulu Prince Kennedy, on trial for killing her husband, Philip Kennedy, collapsed in court today and necessitated the adjournment of the trial until Monday. Since the shooting last January in the office of Kennedy, who was a contracting agent of a coast transportation company, the prisoner has shown remarkable fortitude. But to-day, when Judge Wofford ruled as admissible the evidence of Bertie Litchfield regarding her conversation with Bert Prince a few moments after the shooting, the prisoner began to sob and then became so hysterical that it was found necessary to carry her from the court room.

Miss Litchfield testified to having seen Bert Prince on the floor above Kennedy's office a moment after the shooting. "I took him to the court room," she testified, "that I had been downstairs and that someone had been hurt."

He replied: "Lulu did it, she gave him what was coming to him. He did not treat her right, and she fixed him." It was at this point the prisoner collapsed and the session abruptly came to an end. Judge Wofford, after consulting with the jury, adjourned the trial until Monday. Mr. Prince, with his brother William, and C. W. Prince, the father, all of whom are awaiting trial on a charge of complicity in the shooting, are being held in the same cell with Mrs. Kennedy, and that the members of the family were watching the different exits to prevent Kennedy's escape.

A PARIS SENSATION.

Rich Landowner Imprisons Her Daughter for Twenty-five Years in a Cell.

Paris, June 8.—The sensation of the week has been the arrest of Madame Moulter, a rich, miserly landowner of the neighborhood of Poitiers, and her son, a farmer sub-parfect of the department of Vienne, and the arrest of the latter, on a charge of the charge of incarcerating his daughter, the charge of incarcerating Mlle. Blanche Monnier, daughter of Madame Monnier, for 25 years in a room in Mme. Monnier's house.

The police were notified of the woman's detention, entered the house and found Mlle. Monnier in a room in darkness, lying on a mattress stark naked, and so emaciated that she appeared to be a living skeleton. The room was covered with filth, bones, refuse, food, worms, rats and all kinds of vermin. The unfortunate woman, who has partially lost her reason, was taken to a hospital. It was thought she would die, but she is now improving.

Twenty-five years ago she was a beautiful brunette, and fell in love with a lawyer named M. de la Roche. Her father approved of their love and confined the daughter in the room, which she has only recently left. The son, after his arrest, pleaded that he acted as he did in order to filial piety, and that his mother was responsible. The lawyer died in 1885.

There was another dramatic development in the case today. Mlle. Monnier died in prison of heart disease. The gravity of her crime was brought home to her at the judge's examination. She died suddenly in the infirmary at the prison this morning.

TOWN AND GOWN.

Tennessee Students Engage in Fight With Policemen.

Knoxville, Tenn., June 8.—Students of the University of Tennessee and five city policemen engaged in a fight here last night in which numerous shots were exchanged, but no one was hurt. This enraged the students, who attacked the police, firing in them from behind trees on the campus, and shooting them with stones. Quiet was not restored until after midnight. Another clash is feared by the authorities.

THE CABLE QUESTION.

Government Approving an Agreement With the Eastern Extension Company.

London, June 8.—On a motion to approve the agreement of the government with the Eastern Extension Telegraph Co., for laying a cable from Chefoo to Wei-hai-wei, Sir Charles Dilke in the Commons today asked whether the agreement would not pledge the government to resist any attempt by the United States to establish direct communication with China. Arthur Cambrian explained that it was an agreement which the cable should be laid and finding China had already pledged herself to give no landing rights to any cable except the Russo-Danish and the Eastern Extension. The government had been compelled to make the best terms it could.

NO AGREEMENT.

Canners and Fishermen Still Irreconcilable.

Vancouver, June 7.—Private meetings of the fishermen were held last night and continued to-day. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drug store and informed me that he had cured himself, and he has been at work." For sale by Henderson Bros., Wholesale Agents.

SWINDLED HER ATTENDANT.

Sensational Charge Made Against Member of Royal House.

Berlin, June 8.—A sensational case began to-day in the first district court of Berlin. The plaintiff, Anna Mileleski, was formerly lady-in-waiting upon the late Princess Amalia of Schleswig-Holstein and the defendant, Duke Ernest Gunther, is the brother of Empress Augusta Victoria. The plaintiff claims that Princess Amalia received only 12,000 marks annually from the defendant, who is the head of the house. She also asserts that as she had a fortune of her own, amounting to 80,000 marks, she was fairly treated by the defendant in the last stages of consumption, was at the time proceeding slowly to Egypt.

While the Princess was in Malta, according to the plaintiff's statement, she engaged as her chamberlain an American named Walker, who induced her to incur large expenses. Finally the plaintiff, who had lost her fortune, was left penniless, and she had meanwhile arrived at Cairo, where she had a fortune of 20,000 francs.

The plaintiff further declares that she was indignantly transported back to Prussia, when she became very ill. Meanwhile, according to the plaintiff's declaration, Mr. Walker had spent 20,000 francs from her trunk and with it settled the unpaid bills of the Princess, then deceased, and defrayed the cost of transportation of the body home to the Princess, who is still in Prussia.

Plaintiff asks that the 20,000 francs be refunded with interest.

Defendant's counsel, Count Brodow, challenged the accuracy of a number of plaintiff's statements, and the court decided that before the proceedings were carried further, Prince Joachim, adjutant, who is still in Cairo, must depose.

"Her first installment is the race at Newport against the Constitution and the Columbia on July 2nd, 4th and 6th. Further than this Mr. Lawson would not discuss the subject. Mr. Lawson's position has been made known to the New York Club in the following letter: "I agree with you that the best means of discharging that trust is providing funds for improving and extending the opportunities for scientific research of the universities of Scotland, his native land, and by rendering the attendance easier."

THE ASSAY OFFICE.

Its Location Will Be Left to Mr. Sifton—Dawson Trip Abandoned by Premier.

Ottawa, June 7.—It is not at all likely that Sir Wilfrid Laurier will visit the Yukon this season. To do this it would be necessary for him to make two trips to the continent, and he would scarcely do that. The idea was that the Premier, Hon. Mr. Sifton, Hon. Mr. Patterson and party would leave in July, and in addition to visiting points in Ontario, the Northwest and British Columbia, would go straight to Dawson. But as Sir Wilfrid will have to go with their Royal Highnesses the Duke and Duchess of Cornwall and York as far as Victoria, it is likely that he will give up the Dawson trip this season.

EXPOSER OF BRIBERY.

The Identity of the Man Who Arraigned Hawaii Legislators Disclosed.

Honolulu, May 28, via San Francisco, Cal., June 8.—The foundation for the reports of bribery in the legislature has suddenly been revealed by James Cooper, who wanted a railroad franchise. Thurston was not confined, as the Supreme court had issued a writ of habeas corpus and had not decided the case.

Cooper swears that he was asked by several members of the legislature to pay money for their efforts in behalf of his bill to secure a franchise for his railroad. He has been before the grand jury and it is stated that the grand jury named the names of the three representatives who solicited bribes. The report of the grand jury is awaited with much interest.

Jones died yesterday in the general hospital as the result of an operation, and Rutledge committed suicide by jumping from the gallery of the jail to the hard pavement below. His skull was fractured in the fall, and he died an hour after without recovering consciousness. He was formerly an inmate of the jail, and was arrested for burglary, and was also arraigned for the murder of Boyd.

Rutledge was silent and moody when he was taken back to jail, he was taken with another convict to dinner shortly after, and when on the way made a sudden dash, mounted the stairway to the jail gallery, for a moment on the railing, and then came dashing down, head first, on the hard pavement. The back of his skull was crushed in, and he was taken to the hospital. The greatest care will now be taken of the one remaining man of the trio, and every effort made to preserve his life for trial.

ITALY NO PUPPET.

Her Statesmen Declare That She Will Maintain Her Rights.

Rome, June 8.—Signor Galeardi, the reporter of the budget committee, speaking in the chamber of deputies today on the Albanian question, said it was in his opinion critical, as the movement in Macedonia might precipitate a surprise at any moment. Italy, he declared, could not be the puppet of any power, whether of the first or the second rank. She had already suffered at Bizerto, but should not accept another Bizerto at Valtorta or Durazzo. He cited a series of incidents which he maintained went to show that a propaganda was carried on in Albania by Austro-Hungary, and asked whether such a propaganda was reconcilable with the declarations made at Vienna and Rome regarding the maintenance of the status quo, which, in his opinion, was unstable. Other speakers referred to the unrest of the Balkans.

The case grew out of the withdrawal by the Archbishop of the license allowing Rev. Mr. Steen to perform the duties of a clergyman in the diocese, the Archbishop not approving of Mr. Steen's views, which are alleged to be unorthodox. There has been a lengthy discussion on the subject printed in the papers, the Archbishop holding that certain statements made by Rev. Planning a Rebellion

High Officials Along Yangtze Valley Taking Precautions Against Disturbance.

Frontier of Northern Province Invasued by Bands of Chinese—Hard Fighting.

Mail advices from Tsingkingpo states that the high authorities there have received a dispatch from Viceroy Liu Kun Yi to the effect that as stated in the dispatch received from the British consul (probably at Nanking) the societies have arranged to raise a rebellion this month along the Yangtze valley. It is further noted that these societies have collected a large sum of money and have considerable arms in hand.

A Hankow dispatch states that Viceroy Chang Chi Tung, upon hearing the above news, supplied by Viceroy Liu Kun Yi, at once gave strict orders to the civil and military officials to be vigilant in the discharge of their duties. It is reported that in Wu Kang Chou, Hunan there appears a new sect of society or Chinese called 'moon society'. The members when they meet together mark their hands with a peculiar device as a mark of recognition and they are mostly composed of thieves and robbers.

A correspondent writing from Canton under date of April 28th, says: "I have to report a very serious affair here, the frontier having been invaded by bands of Chinese numbering several thousands, and reports 12,000 men in all, and, according to other reports, from 7,000 to 8,000."

All the Europeans in the district have received orders to retire. A detachment of the foreign legion, 50 men, arrived on Sunday morning at Nguyen-Minh and was pushed on hurriedly to Bozang, the frontier. Colonel Riou went at the same time to the frontier, near Marshal Son, who has been totally defeated by the Chinese bands collected in the neighborhood.

In place of going by the original route, Colonel Riou went direct to Songkai, and all the small posts having been vacated prepared for defence by throwing up earthworks. On the night of the 22nd April, a Chinese force attacked the Cao-bang. They first attacked the post of Nuochai about twelve kilometres from the town. The action was very lively. Captain Forest, of the foreign legion, was wounded, and one man killed and another wounded. After trying to carry the position three times, the Chinese were repulsed, and sought cover at some distance. The conduct of the defence was most heroic.

It was then learned that Colonel Riou, who had only fifteen mounted men in his escort, had been intercepted, and was cut off from success. Last night at 8 o'clock, when all was quiet, a sudden fusillade was opened on Cao-bang from a range of two kilometres. Firing was
