The directors of the Drink River The directors of the Drink River Dairying Co. met last Tuesday and discussed the coming season's work. Jesse Schurman was re-engaged as cheese maker. Considerable repairs will be put on the factory before beginning work. It is expected that the quantity of milk during the coming season will be far in advance of last

Hopewell Hill, March 23.-The case of Peck v. Hurd, in which the defend-ant was prescuted for closing a by-road at the Cape, has been settled out of court, the defendant agreeing to open the road with the provision that the plaintiff and others set their fences back from the road, making more room for passing teams.

Stephen Stevens of Memel, while working in James C. Wright's mill yesterday, had one of his hands badly cut with the trimmer.

Misses Sara and Alice Rogers, daughters of Alex. Rogers of this place, are visiting Bermuda, where they will spend some weeks. D. W. Stuart, police magistrate, is recovering from a severe attack of pneumonia. W. J. Carnworth's mill is still at

Brookville, and will move to the Cape later on. There have been busy times at the Cape this winter and a great quantity of logs have been got out. The principal operators are John F. Milton, who has cut about 1,500,000; John L. Peck, 1,000,000; and W. J. Carnworth about 800,000. Three portable mills are in constant operation, one of them running day and night. What is being done at the Cape is only a sample of what is going on all over the country, and the lumber output this season will undoubtedly exceed that of any former year at the head of the bay. at the Cape this winter and a great

Golden Rule division is now one of the oldest temperance institutions in this province, having had a continuous existence since March 26th, 1850. The charter bears the signatures of the late Sir Leoenard Tilley, grand worthy patriarch, and a Campbell, grand sorfbe. The organizing officer was James, afterwards Judge Steadman, who is now a resident of Fredericton. Of the thirty-one charter members only a few survive, two of these, Mr. Newcomb, before mentioned, and Guilford R. Smith of Harvey, being still residents of this county.

CHARLOTTE CO.

Grand Manan, March 19.—G. W. Ganong, M. P., visited the island on the 12th and 13th insts., and held meetings at North Head, Seal Cove and Grand Harbour. Mr. Ganong had well attended meetings at all these villages and obtained the opinions of the fishermen on the different points of interest affecting the different branches of the fisheries of this island. The meetings at Grand Harbour and Seal Cove were representative gatherings of the fishermen in these localities. An export duty on all fresh herrings going into the United States, at least five dollars perhogsheal, is advocated by a large body of our people, and the organization of a local board of trade or fishing association is also advocated, with a general board for the whole fishing interests of the county. The inhabitant of Grand Manan were greatly pleased with the visit of their representative.

Sussex, March 26.—The letter over the signature of E. J. Grant, for many years pastor of the Church avenue Baptist church, which appears in this morning's Sun, was largely read by his old friends in Sussex. Even his old anti-Scott act friends read it with much interest, and hopes are that he will be again heard from through the columns of the Sun.

Geo. H. White has sold a number of his tenement houses situate at the lower end of the town. Mr. Kent, the well known borer of artesian wells, bought a double tenement near the Sussex dairy school and will move

into one of them in a few weeks.

Richibucto, March 27.—Robert H.

Davis, late of St. George, Charlotte county, has received a commission making him stipendiary magistrate in place of Caleb Richardson. This is a victory for James Barnes, M. P. P., over Urbain Johnson, M. P. P., as the latter strongly opposed giving outsiders the offices that belong to our own people. Mr. Barnes has a strong feeling against the legal fraternity here, and it is said he was glad of this opportunity of demonstrating it. The stand taken by Mr. Johnson has increased the number of his

The financial condition of this counthe financial condition of this county, which has been in a bad state for some time, is becoming rapidly worse. At the present time the treasury is empty, and when a prisoner was recently taken to Dorchester penitentiary there was not a dollar to pay the expenses. The taxes are only about half collected throughout the county and the rates are becoming higher every year. The county council is not composed of business men and the future outlook is not very bright. About the only measure passed by the councillors at the last session was to increase their pay to two dollars and fifty cents per day. Some of the legislacion enacted during late years at Fredericton is beginning to make itself felt, the new license law alone taking nine hundred dollars a year

"Look for the woman," is the axiom of those who seek the motives of crime. Begin with the blood is the watchword of those who seek the secret source of foul disease. Many people write: "When all else failed, Ayer's Sarsaparilla cured me." There's nothing remarkable about such cures. They only prove that previous treatments had neglected to begin with the blood. Ayer's Sarsaparilla is specially a blood medicine. It goes right to the blood as the common breeding ground of disease. It cures many forms of disease, because many forms of disease begin in the blood. It cures permanently, because it treats the root of disease instead of the surface manifestations. Don't experiment with unreliable medicines. Trust the experience of thousands healed by Ayer's Sarsaparilla.
